

Tom,

Had a great summer.

Your friend

D. W. Hodges

Spot

you've been  
a great friend.  
Good luck with  
your Job this  
year your good  
friend

Eric Kroll

12-25-84

eric kroll

Tom,

Well our sophomore  
Year is almost over  
and wasn't it fun?

Since your a fellow  
TRUMPET player

I'm not going to  
put you down (with kidding).

Exactly why you did this  
but if down you will be pretty

angry. You will be pretty

bad! Guy. Take care of

yourself and you'll be better

before you know next year

See you Jack always living on

your life worth living.

Enjoy every bit of it!

Eric Kroll

# You're In The Stars

*Some where the sun is shining  
But the moon still fills the sky.  
I hear the sirens coming  
Then the flashing lights go by.  
I glance up through the window  
Stars gleam across the sky  
Suddenly surrounded!  
Will I live or will I die?  
I open up the screen door,  
And their lights shine in my eyes,  
The glowing of the spaceship,  
The fire in their eyes.  
Their emblem on the saucer  
You know that they're from mars.  
HE GRABS MY HAND AND TELLS ME  
YOUR FUTURES IN THE STARS!*

## Beam In On Black And Gold

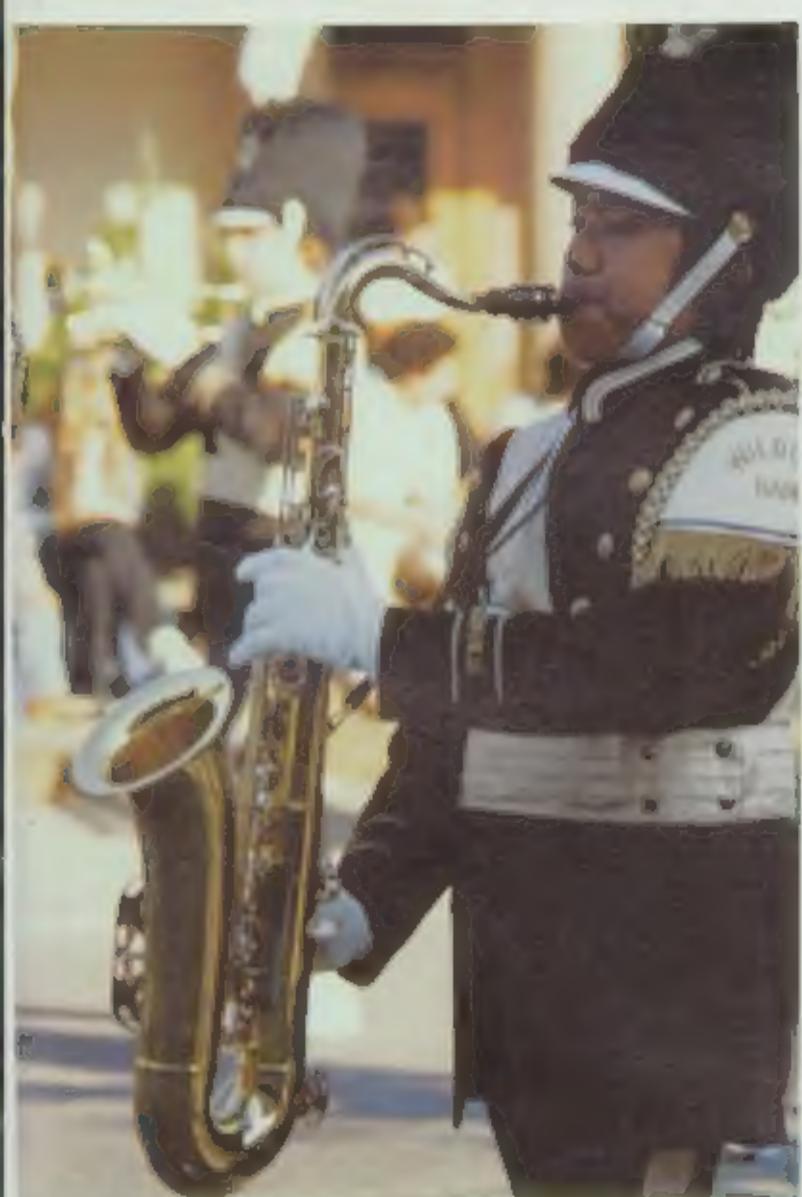

Mysterious black, exciting gold. Put them together and the result is the fabulous Wildcatz. They add sparkle and class whether making a touch-down, shooting a basket, or cheering at a rally. Rain or shine, they are cheering until the final second on the clock ticks away. The Wildcat spirit is a reflection of the loyal and vibrant students at Watsonville High who make everything fun and exciting.

VIVE LES WILDCATZ!

# New Wave Rocks The Galaxy

Fashions orbit around music. As 1980 came, new wave spun into focus and with it a kaleidoscopic change in earthlings. Space became the place. The "farther out" one looked, the more "in" he became. Colors no longer had to match. Hair styles were no longer conventional. Colors were bright and shiny and hair was wild and wacky. It was proved once again that the force of music was with us.

(1) Jeff Christensen scopes it out. (2) Leisa Stevenson and Val McGuire pose punk. (3) Yvonne O'Brien finds it hilarious. (4) John Rebecce and Matt Adams pose for our photographers. (5) Liz Duncan reflects on the swim meet.

# In Your Own Dimension

The world is a stage and we're all actors, choreographers, stage hands, dancers, and make up artists. Each will do their part no matter how large or how small. The part we do will insure the variety of life which makes the world go round. Time and space will put us worlds apart from everyone else, in their own dimension.

# Cruising On Automatic Pilot

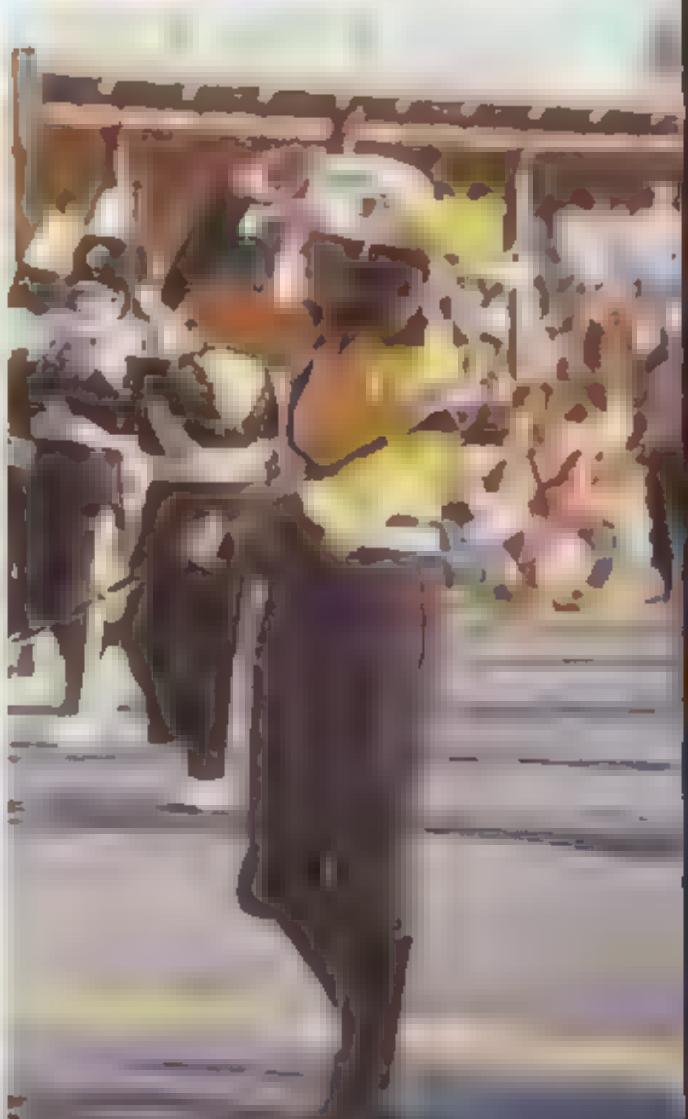

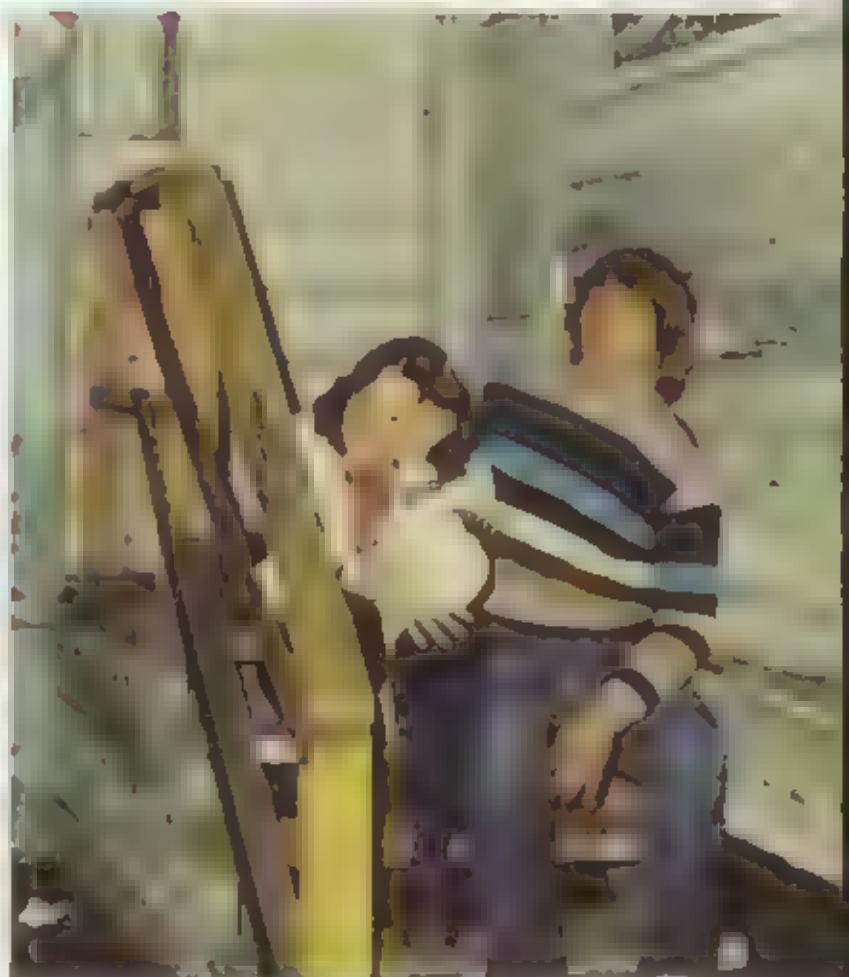

the question has been raised as to  
whether or not it is right to have  
it in our country. We would like  
to see with the spectators, but  
we do not like to let them see  
what we do. It is not right  
for the spectators to see what  
most of them probably do not care  
about. It is not right for  
the spectators to see what  
they do not want to see. It is not right  
for the spectators to see what  
they do not want to see.

# A Space In Time

Beyond the stars silently drifts the universe. The sun sends rays of golden light, sparkling through my window, the alarm clock begins to buzz I wake up to see the bright light flash from a distant planet. Gently I slide my window and the air begins to drift in. I am inhaling fresh air; my face begins to glow with A smile, for I have pride that I am alive. I begin the day with happiness for I know that time is precious, and when darkness falls, the universe full of shooting stars that drift silently through the galaxy, orbiting the earth in darkness. I set my clock and hit the sack and wait for another day for I know that the universe will always orbit, and the stars will always glow

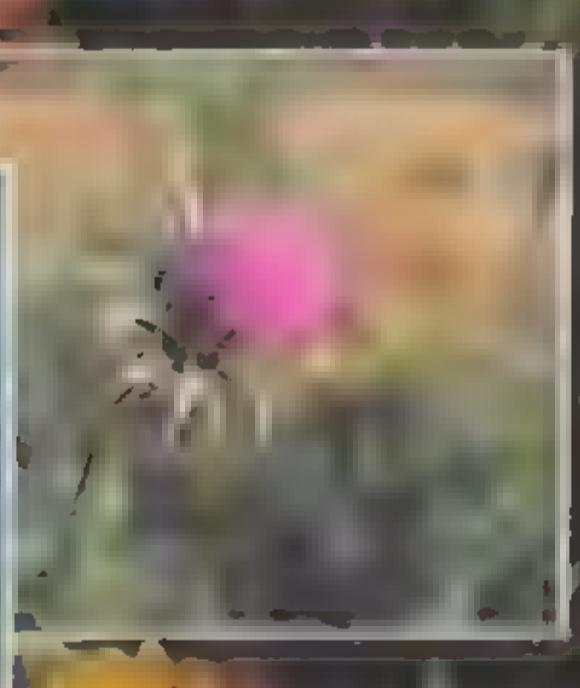

# Images From A Stellike View

Deep within the woods of Watsonville there lies a hidden secret. Within the beauty of the earth and the optical lens slowly moves to the right which frequency of meadow flowers. One on earth. With leaves of green, it's ray of vision becomes clear from the blackened sky to the eye of earth, focusing on the coordinates of Watsonville High School. Purple petals of flowers hold the intricate secrets of flowers. Branches from nearby trees give shade to weary students on hot days. An innocent bush gives up its branch to filter a dark's hand with knowledge of serene in the knowledge that the students of this campus are surrounded by the unique medicinal powers of the environment. In the light of the sun, the bushes are boundless and infinite.

1. A common sight on campus was flowers.  
2. Thistles are nice to look at, but don't touch.  
3. A weed Logan's.  
4. A branch from a worm or death.  
5. Having just seen a duck that swam away.

(4) Mark Saucedo clams up (5) Stella Nestler, Suzanne McDowell and Rommel Galera starred in 'Ring Around The Moon'

# To A Dedicated Man

In 1961 mathematics teachers were in short supply in California and it happened that Watsonville High School needed a teacher! And, as luck would have it, out of the blue came a letter from a place called Salmon, Idaho. The person writing the letter indicated that a teacher from there was planning to apply for a job at Watsonville High School and that the school would greatly benefit if he were hired as an addition to the staff.

And . . . benefit Watsonville High he has! Mr. La Von Thorne is a master teacher - one will be long remembered by the students he patiently encouraged and helped through some difficult subjects.

Arriving at school while most of us are still asleep, he begins instructing his 7:00 a.m. Senior Calculus class. During his preparation and lunch periods he can be found in his classroom again giving help to all students needing assistance. Students of his who go on to a university invariably send back the words "thanks Mr. Thorne for the solid foundation you gave us. I'm doing well in mathematics because of it"

Mr. Thorne has a B.S. from the University of Colorado. At Watsonville

High he is responsible for the initiating and teaching of the Advanced Placement Program in Mathematics and he has sponsored an active math club which has won many honors over the years. He has devoted many hours to the scholarship committee and personally writes many, many letters of recommendation for his Seniors applying for college entrance.

In thinking of Mr. Thorne, most recall his friendly, warm, and caring personality.

Patience, the virtue of wisdom, is demonstrated by Mr. Thorne not only with his many, often trying, students, but also in his love of fishing - a sport he has pursued since childhood in a small mountain community of Idaho. When Mr. Thorne retires, he intends to devote much of his time to that sport which he truly loves. Fortunately, his wife Theta enjoys fishing too.

We, the students of Watsonville High School, would like to take this opportunity to tell you, Mr. LaVon Thorne, that we greatly appreciate the care and respect you have shown us throughout the years.

Thank You!

# HAPPENINGS

# The Bustle Of Our Universe

*Planets constantly move, stars constantly shine, and our world always spins. We all live on this same world-and through activities, we make this place-and our living here-just a little bit more special*

*To keep alive, our school was forever buzzing with activity. There was something happening at all times to keep the students happy-it was always great fun-worth the time and effort to make the memories of our high school years stand out*

(1) Lisa Stevenson, Tammy Holtzclaw, Valerie McGuire, and Lori Hirahara shown all punked out  
(2) Jose Perez, Dave Samuelson, and John McGushin after the turkey trot race. (3) Scrambling for shoes in a class competition

*PHOTO CREDITS. Ron Tibbitts (1), Salvador Hernandez (2), Tommy Uber (3)*

# Rallies Are For Fun!!!

Setting up ... sound systems, posters, the gym is filled with sounds and splashed with color. Then comes the big rush! People swarming to and fro searching for a place to sit themselves down. Skits ... routines cheers ... class competitions rallies this year revolved around getting people involved. The Rally Commissioners, Linda Serafica and Dawn Buttner, spent lots of time and energy making the rallies fun and exciting. An outdoor rally, which was held during both lunches, kicked off the rally season, and the Punk rally was an unusual addition this year. The football homecoming rally ended the football season with a BANG! This year's rallies were definitely original, interesting, and amusing.

(1) Greg Tabula was helping with the cheer for the Seniors. (2) The Junior class is showing interest in a skit displayed by the cheerleaders. (3) The band shows their metal at the rally. (4) Greg Melton and Mike Hiura shout for the Juniors. (5) Sally Schultz, Jennette Harris and Dawn Buttner start off the rally with a little dress of the fifties.

# The Stars Come Out At Night

The spell of the moonlight wove its magical charm on restless teenage imaginations. Watsonville High was the place to have a good time and to enjoy oneself at the, more than likely semi-formal get togethers. When students had a chance to listen to their favorite tunes played by the commonly heard bands.

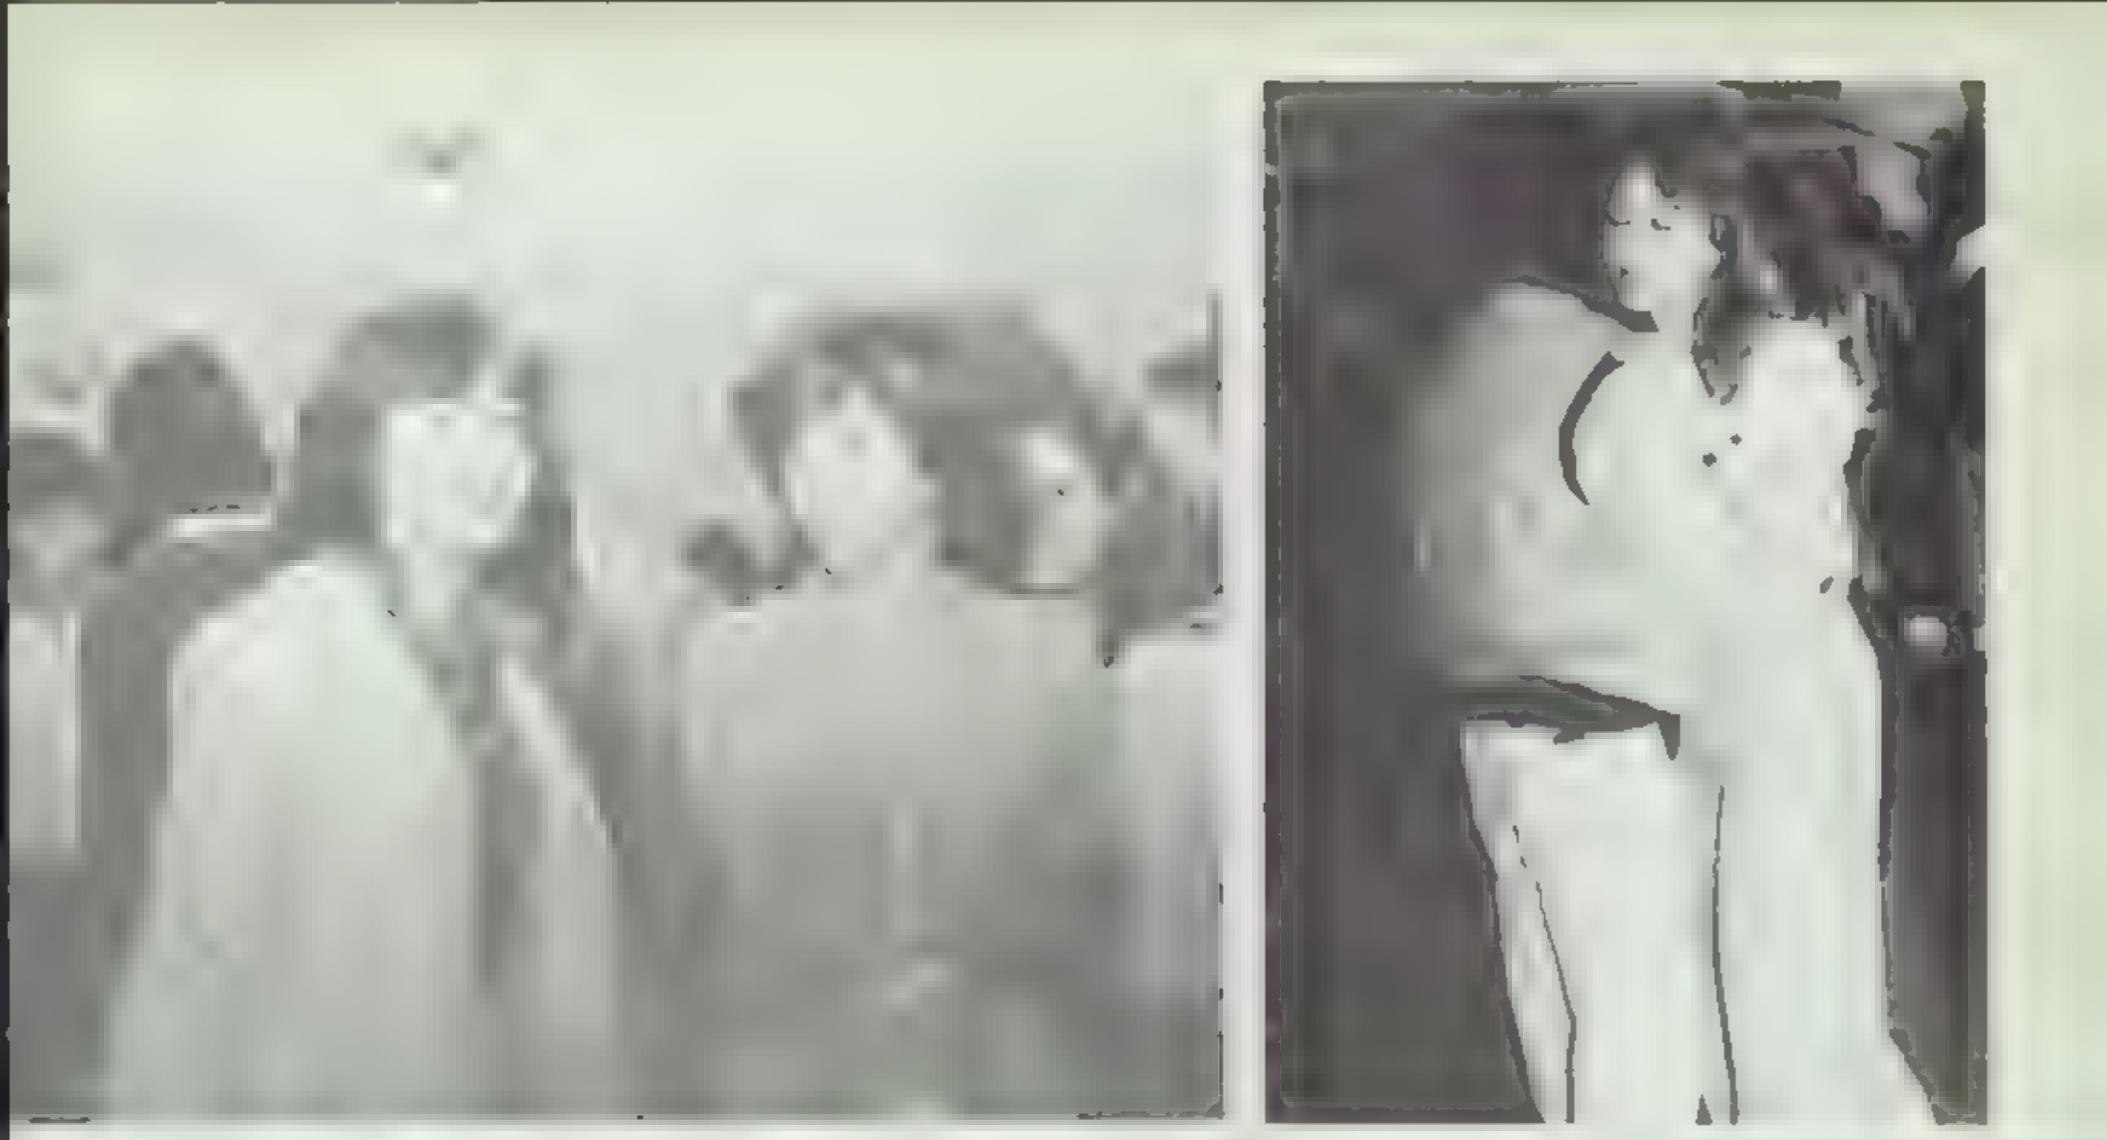

Bands of a wide variety, from that once known band, Teasers, to Victim, to even Palace brought in their own unique style of music.

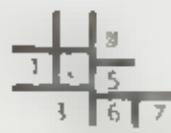

The time was a special one: friends were able to meet and stars were gathered from all parts of the town so everyone could join in on the fun and entertainment.

(1) The entrance to the dance was always crowded. Tido Ayala approaches the door and pays his way into the dance. (2) Cindy Muncy and Mary Wemmer discuss a sight that they was displayed at the dance. (3) Tania Vanover enjoyed dancing to the rhythm with her partner. (4) John Russo was talking to his friends at the Friday night dance. (5) Everyone's choice is the same; to sit back and relax.

(1) The Freshmen float was voted most original. (2) Mike Zenker, Senior Class president, holds the first place trophy high. (3) That gorgeous Senior float came in first place. (4) The Junior's Supreme Shogun float captured second place. (5) The MATA club float was proclaimed most colorful. (6) Two happy princesses, Angie Rivera and Carol Sakoda, beam at the crowd. (7) The Sophomore's Whip It float received the prize for best moving parts

## Homecoming What A Day!

The weeks before homecoming were filled with the hustle and bustle of float building. Wood, chicken wire, and crepe paper were transformed into five colorful floats. Then came the BIG day, the rally, the game, the parade, and the crowning of the queen and her court.

All day you ran into clowns, cowboys, and convicts wherever you went. Then came the rally! The crowning of the queen and her court and the float awards were the highlights. All of the floats received awards. The Class of 81-First place  
The Class of 82-Second place  
The MATA Club-Most colorful  
The Class of 83-Best Moving Parts  
The Class of 84-Most Original

The parade was as exciting as the rally... and then came the game! Watsonville smacked Atisal in 46 to 6 victory. What a great way to end a day especially homecoming!

# The Ski Scene

The snow ski scene comes around winter time and lasts till April depending on where you live and everything. Fun and excitement comes to all that try. Those that take a chance, kind of get hooked. They just can't seem to stop. For those of you that haven't experienced it yet "try it you'll like it"

(1) Mr. Gallino (ski patrol and teacher) helps a skier with his skis. (2) Mr Hashimoto takes some pics of the snow bunnies. (3) Dominic and Steve give a helping hand to Luis. (4) Mrs. Crandon tries her luck at skiing. (5) Ivanovich and Muzzie take a breather. (6) Skiers get ready for the slopes

# Red Carpet Rolls Out

Homecoming brings to mind the rally, the parade, the big game, and the crowning of the queen and her court. This year all of the excitement occurred on November 14th, 1980 during the annual football homecoming. One by one the princesses were announced... Angie Rivera-Lori George...Carla Gomez and Carol Sakoda. When all the princesses were seated on the thrones, the queen's escorts appeared on the scene. Slowly then, they circled the gym searching for the queen. When April Macedo was crowned, the crowd went wild. She was escorted down the red carpet to

a loud applause and seated on her throne! Then it was out to the awaiting trucks to be honored in the parade!

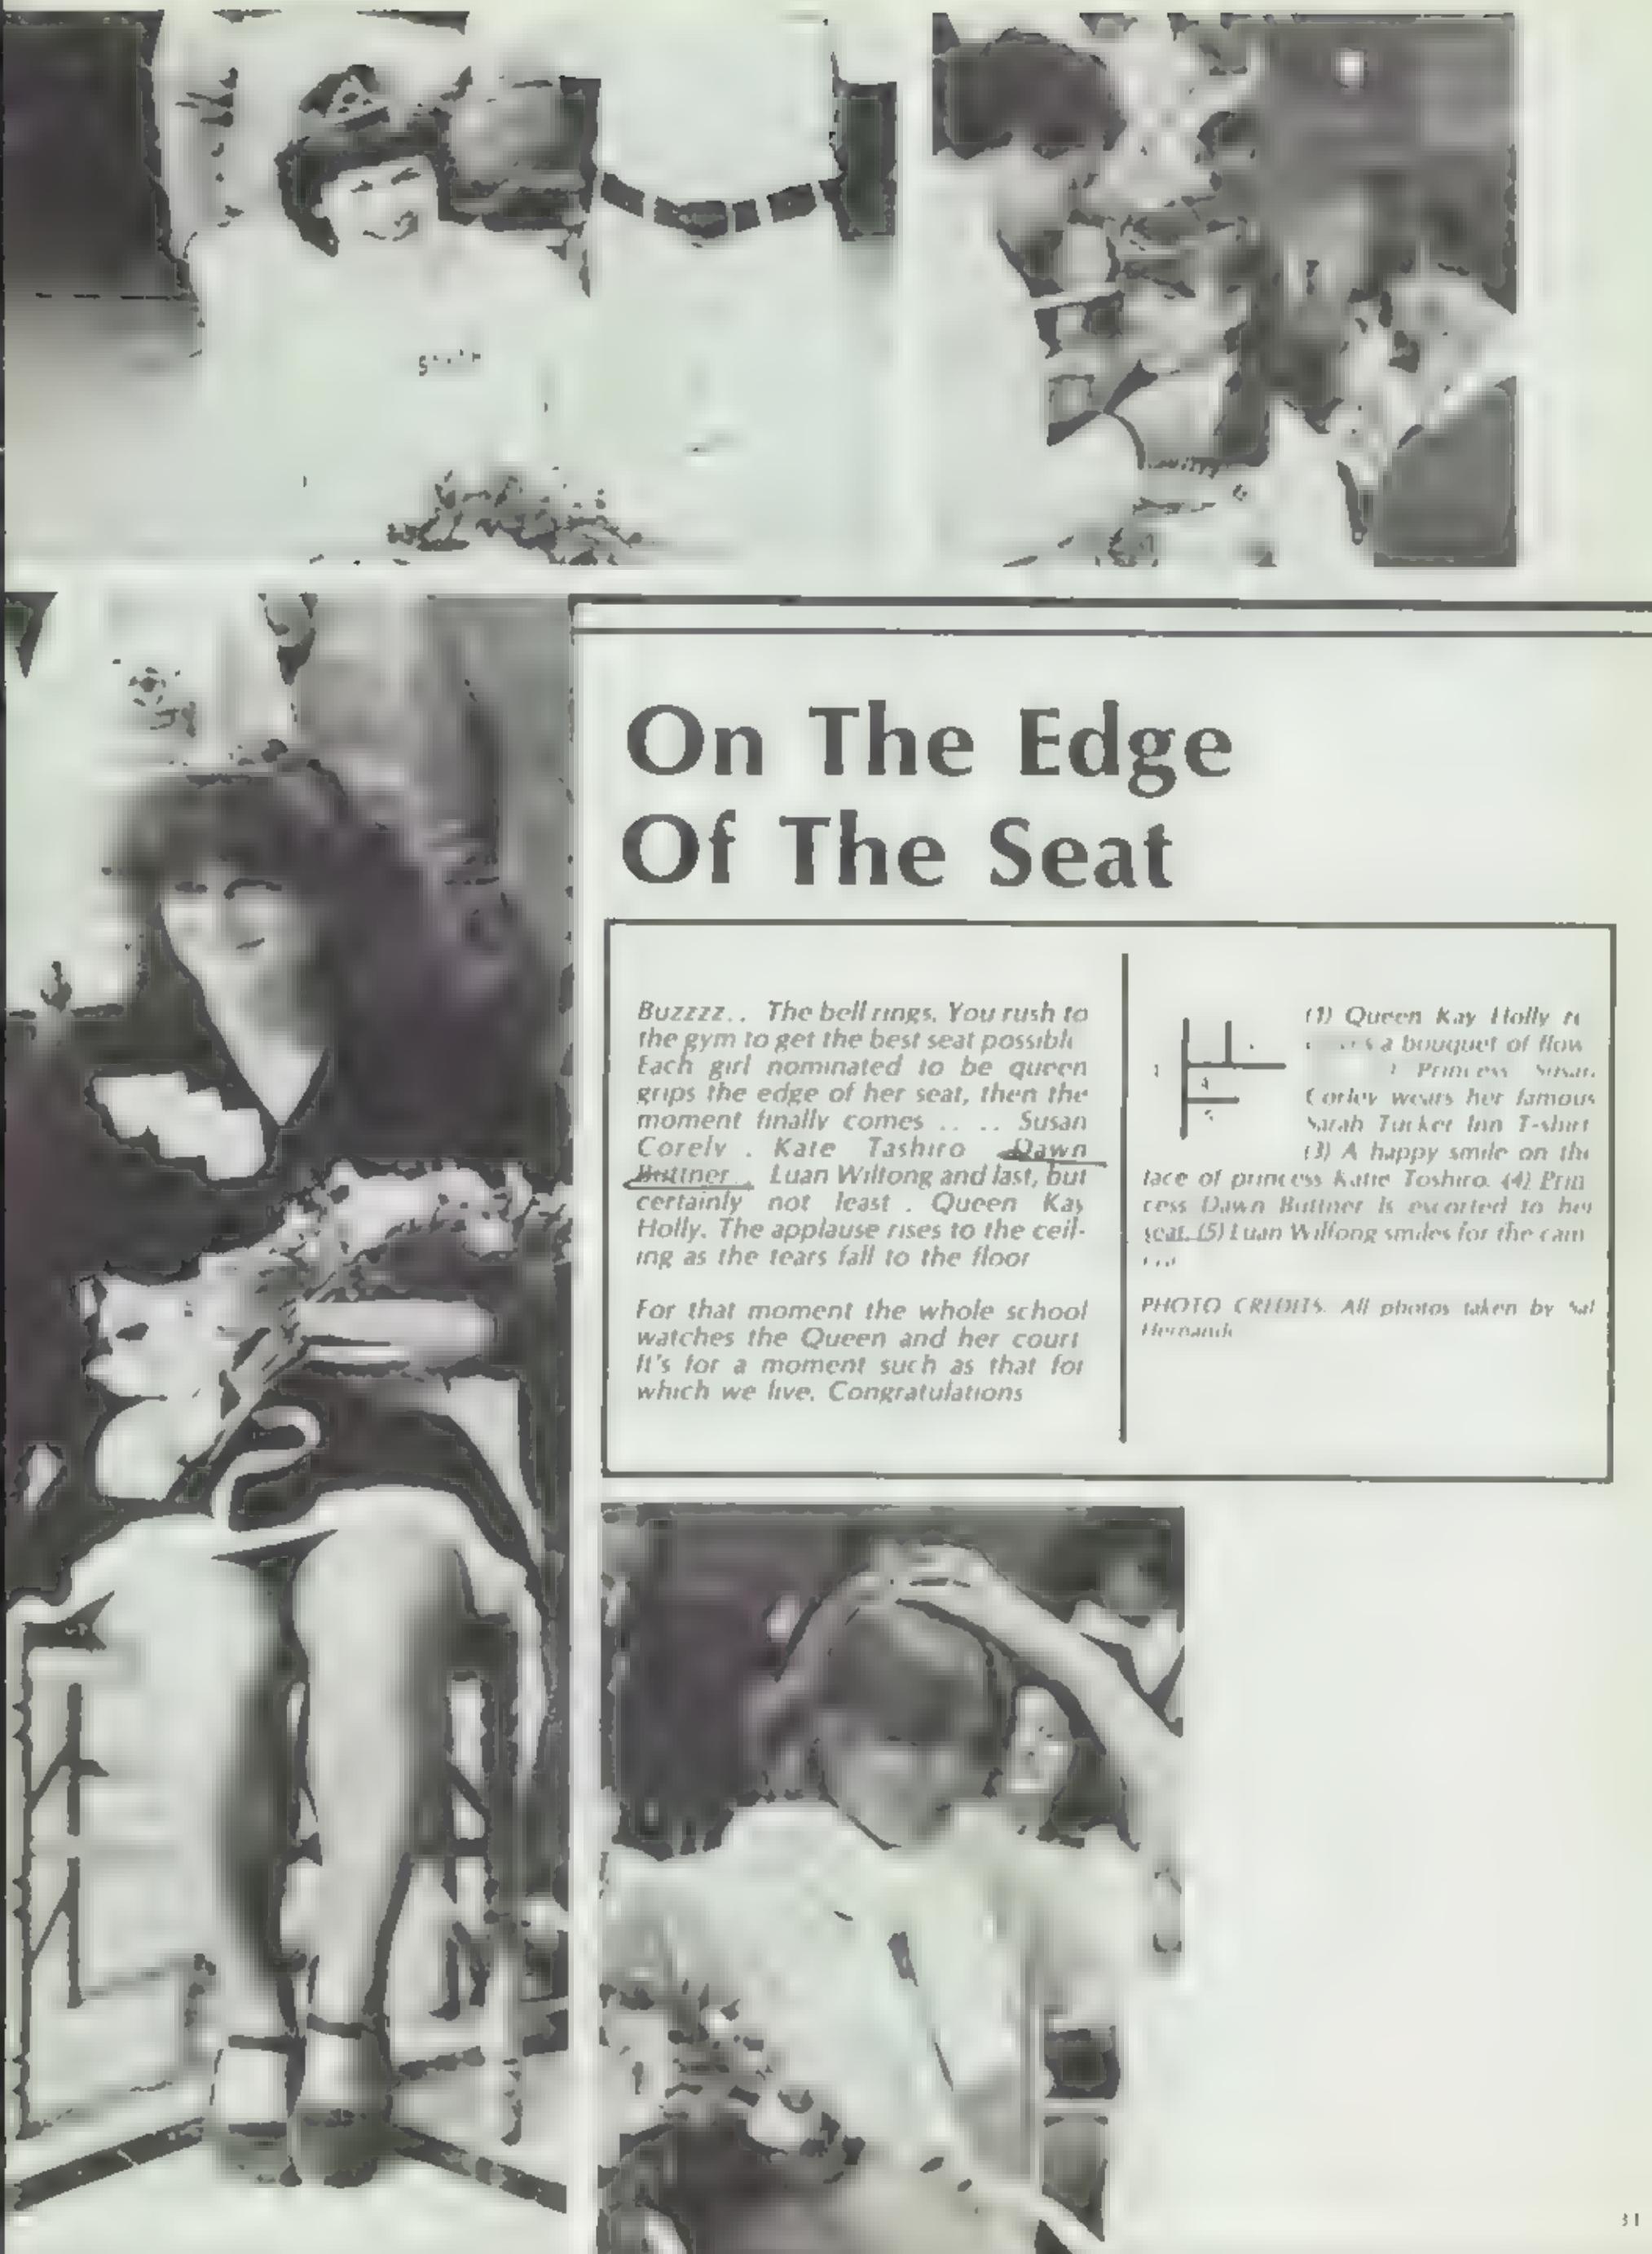

(1) Clown, Angie Rivera, was suddenly transformed into a beautiful princess. (2) Escorted by two handsome men, was princess Lori George. (3) A happy memory for princess Carol Sakoda (4) A criminal at large, princess Carla Gomez was escorted to the court. (5) Queen, April Macedo, expresses her emotions during the rally when she was crowned

Photo Credit: Salvador Hernandez 1,2,3,4,5

## On The Edge Of The Seat

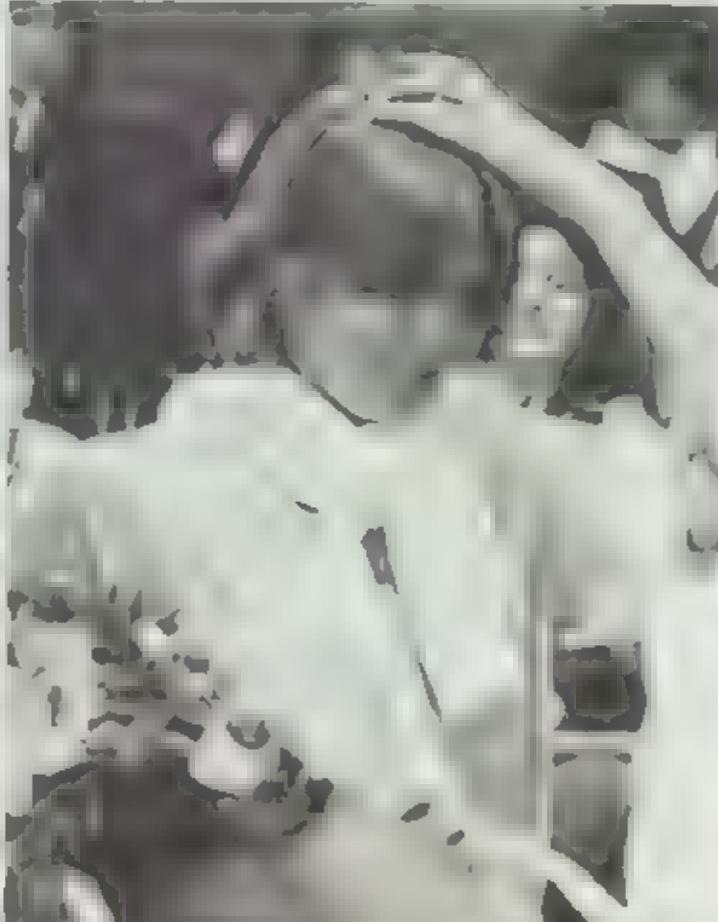

Buzzzz... The bell rings. You rush to the gym to get the best seat possible. Each girl nominated to be queen grips the edge of her seat, then the moment finally comes . . . Susan Corely, Katie Tashiro, Dawn Buttner, Luan Wilton and last, but certainly not least, Queen Kay Holly. The applause rises to the ceiling as the tears fall to the floor.

For that moment the whole school watches the Queen and her court. It's for a moment such as that for which we live. Congratulations.

(1) Queen Kay Holly receives a bouquet of flowers. (2) Princess Susan Corely wears her famous Sarah Tucker Inn T-shirt.

(3) A happy smile on the face of princess Katie Tashiro. (4) Princess Dawn Buttner is escorted to her seat. (5) Luan Wilton smiles for the camera.

# Homecoming Events

Dawn's Mom

Screaming, yelling, cheering came from the radical crowd that filled the high school gym. It was Friday and everybody made it through the week without being called into Mr. Lopez office. February 20, 1981 didn't only bring Friday, but also brought the Spring Homecoming. Cute little red wagons were pulled around the gym, the Queen and her court were announced, and the crowd cheered on!!!

(1) The crowd roars and cheers as the Queen was escorted by. (2) Juan Wilton gives the smile of excitement. (3) Willy the Wildcat was there to join in the fun (4) A float at the rally (5) The spirit of enthusiasm shown by some of the rally goers. (6) Dawn Buttner, Susan Corder had the suprise of their lives

# Snow Flies At WHS

King Snow and his flakes? Why yes! This was the first year King Snow was crowned. Many outstanding men were nominated for this prestigious honor. The voting procedure was much different than the usual procedure at Watsonville High School. The votes were cast in pennies, nickels, dimes, quarters, dollars, and even a few fives. Each cent counted as a vote.

When all the votes were in and counted, the King and his Flakes were announced at the rally on December 12, 1980. One by one the Flakes were chosen out of the crowd... Angel Vasquez (who was out of town at a soccer tournament)... Danny Carrillo... George Fujii... and George Crandon. Finally the King's escorts appeared and searched the crowd for the lucky man! Mike Zenker became King Mike and was awarded the official title of King Snow.

(1) Mike Zenker, the first Snow King, beams at his royal subjects. (2) George Fujii was crowned by Lorie Hirahara and Dawn Buttner. (3) Mary Flor- endo and Sue Corley happily escort the "crowned" King on his victory lap around the gym. (4) Leanne Miller escorts Danny Carrillo down the red carpet. (5) George Cran- don, another Flake, is escorted to his throne by April Macedo and Carla Gomez.

# Go For The Gizzard

*It was a big day for racing fans all over WHS when we had our fourth annual turkey trot. Unfortunately, there were only twenty-five runners at the starting line as Angel Vasquez tired the gun. The 3.0 mile course for guys, and 2.2 for girls, began at the Budhist Church and ended at Geiser Field where the finishers were welcomed with the tune of "Rocky" played by our band.*

*The winners were: Girls; Kay Holly-CC/Track, Kim Haedwick-Athlete, Gema Lopez-non-Athlete. Guys; Jose Perez-CC/Track, Jim Wemmer-Athlete, Brian Post-non-Athlete. Female Teacher (22-31); Annie Marquez. Male Teachers; (22-31)-Dave Samuelson, (40-48)-Ron Gallino, (48-over)-Gene Johnson*

*The presentation of the turkey trot winners was given the next day at a rally. Danny Carrillo announced as Scott Morrison gave out the turkeys. Although it was small, the race was enjoyed by many runners and spectators.. hopefully next years' race will bring more people trottin' on down by the Church to join the fun!*

# On Broadway

*The performing cast of Ring Around the Moon portrayed their characters in such an excellent manner that the play and its cast were invited to Manteca to join the NCC/SSTA Festival. Throughout the years, Miss Jolly Bilstad has built up a strong drama program, and her great potential in the dramatic field is enormously appreciated.*

## LET THE GOOD TIMES ROLL

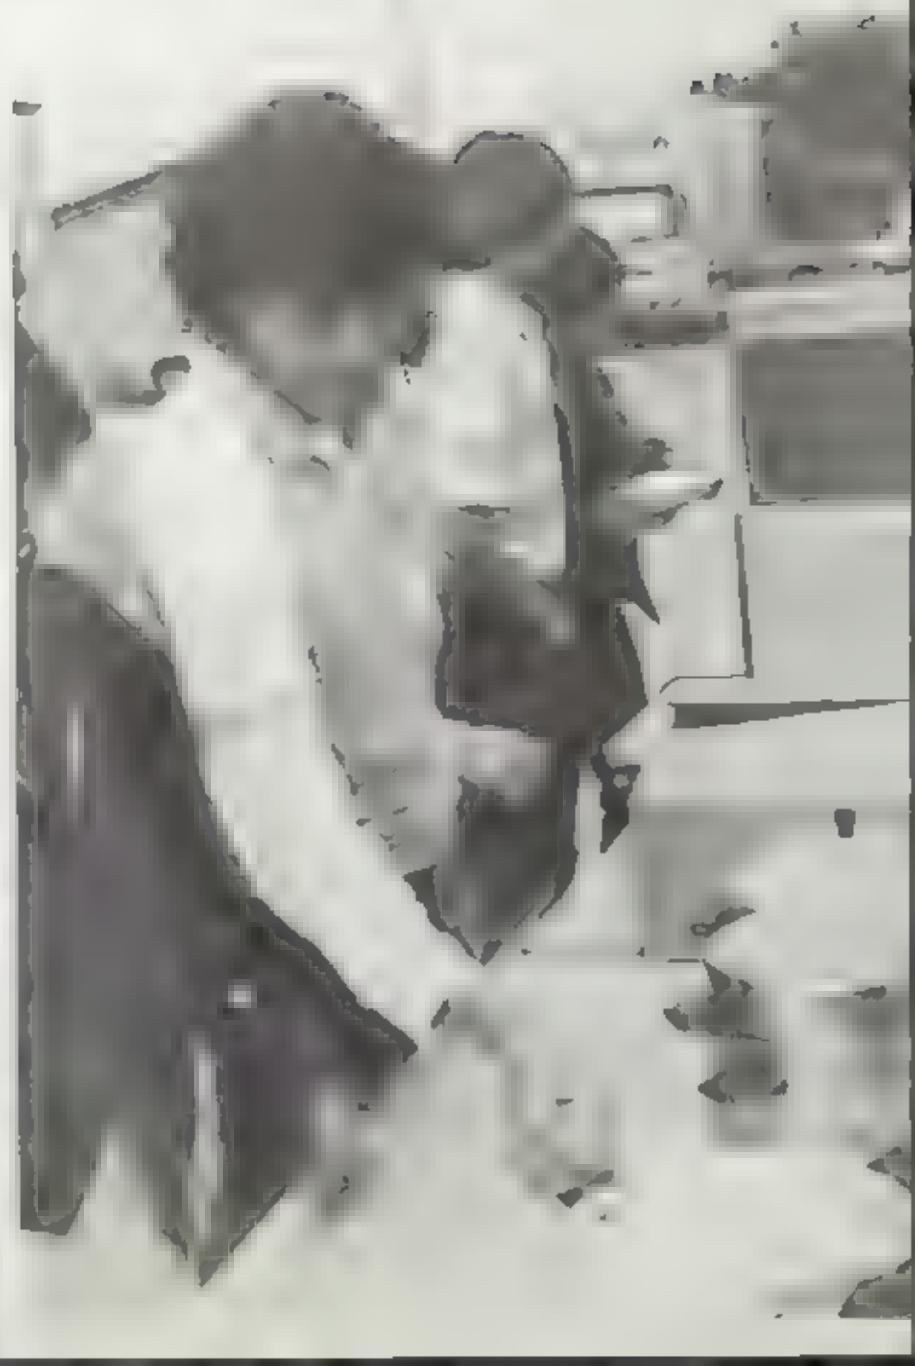

The week before Spring Homecoming was proclaimed Spirit Week. The theme of Spirit Week was "Let the Good Times Roll". Activities were planned for each day such as Hat Day, 50's Day, Slob Day, and Friday was Black-and-Gold Day.

The two rallies held on Wednesday and Friday were supposed to get the school spirit rolling. Wednesday's rally revolved around the 50's. The skits, routines, and the music were all 50ish. Friday was the Homecoming rally ... the day everyone had been waiting for all week. Spirits were high and everyone was anxious for the crowning to begin. But first came the wagon parade. Several wagons were pulled around the gym, and the Freshmen captured first place. The escorts appeared on the scene. One by one the princesses were crowned: Katie Tashiro, Dawn Buttner, Luan Wiltong, and Sue Corley. When Kay Holly was crowned Queen; everyone rushed down to congratulate the lucky five-some.

— — —

## Carni Comes To Town

The heat of a warm afternoon, the smell of cotton candy spinning, and the high pitch of axle grease as the huge rides turn: Carnival! The flavor of the carnival drew many people this year to spend all their money and the day browsing for stuffed teddy bears. The carnival made loads of money, and at the same time provided an enjoyable three days for all those who attended.

(1) Many kids like this kind of Yo-Yo best. (2) Shelly Rogers' best stuffed bungle (3) A carnival just isn't a carnival until you ride the Ferris Wheel. (4) Some go to ride the rides, but Ratael Flores goes to eat. (5) Mary Wemmer rides the dangerous and hair-raising ride, the Fire Engine

# Living On The Coast

*Besides going to the same school, we all have something in common. We happen to have the tremendously good luck to live in the beautiful Monterey Bay Area. Many of us take for granted the ability to go to the beach to watch the rolling surf of the powerful sea. We think nothing of going to the Monterey Wharf or to the Santa Cruz Boardwalk for a day of funfilled excitement or pleasureful relaxation. But if we all sit down and take the time to consider all of the poor unfortunate souls to whom a visit to the coastline is a major trip, we will all thank our lucky stars for the opportunity to live in glorious California where the sun and surf is a way of life.*

(1) Make sure he's buried good (2) You forgot to take off your glasses Hugo (3) We just love the Boardwalk- (4) It's nice to just sit and catch some rays (5) Ride that wave!

# Our Guiding Stars Shimmer

*Although people stop growing in feet and inches, their minds never stop growing and learning. A young child is always wondering and questioning, and so should we. The only way to learn is to want to learn. No matter how hard a teacher tries, if you don't want to learn, you won't. At times everyone wonders just when those trigonometric functions and sesquipedalian words are going to be of any use to you in later years. But don't worry, some day in the future you might be helping your children and maybe even your grandchildren do their homework in the same classes you struggled through while in high school. So you may not like—or even want to know—what you're learning now, but don't give up... because someday everything might come in handy.*

(1) Theresa Martinez goes through her notes. □

# Louie Sweeps Over WHS

Louie Fix-It-Now Bilicich has been employed by the Pajaro Valley School District longer than anyone else on the payroll today. As a child, Louie Bilicich lived three doors from Watsonville High School and he began working at the school when he was eight years old. He helped Harry Walker, School Custodian, with his tools. His pay was ten cents a day.

In 1932 Louie was a student at WHS and he was also working as a part-time janitor. He arrived at 6:15 every morning to put coal on the fire so the old building would be heated when the students arrived. Louie also had to light the oil furnace which heated the Main building.

Louie graduated from WHS in 1936 and became Head Custodian. Over the years the title has been changed many times to the current "Building and Grounds Foreman", but the job is essentially the same—maintaining the WHS campus and buildings, to make it pleasant to be a student or teacher here.

Over the past 44 years the campus has undergone many changes. In 1937 the gymnasium was built. The present cafeteria stands where the tennis courts used to be. Volleyball courts were next to where the library is now located. Louie saw the following buildings go up: Music, Home Ec, English, Library, Science, Math, Business, Foreign Language, Art, Ag, and Industrial Arts. In this time the custodial responsibility has increased and the staff has grown from 19 boys to 20 men and 4 or 5 boys.

Louie has maintained his usual cool, calm, and smiling manner through seven administrations, starting with

Mr. T.S. MacQuiddy, who was principal and superintendent of the whole school system, to the current principal, Mr. Ruben Lopez. School enrollment has fluctuated from 600 to more than 3200, when Aptos High School was opened, to the current 2300.

Teachers, staff, and students will miss this big man who is never too busy to take care of those little classroom emergencies or to set up assemblies and furnish those last minute items for rallies. Two short bells, heard often across the campus mean

HELP WE HAVE A PROBLEM THAT NEEDS LOUIE'S EXPERTISE

The city-community will miss being able to call Louie any hour of the day or night for any emergency which might arise in connection with the school.

Watsonville High School has been extremely fortunate over these many years to have had an employee of Louie's caliber. His will indeed be a tough act to follow! Happy retirement Louie—you will be missed.

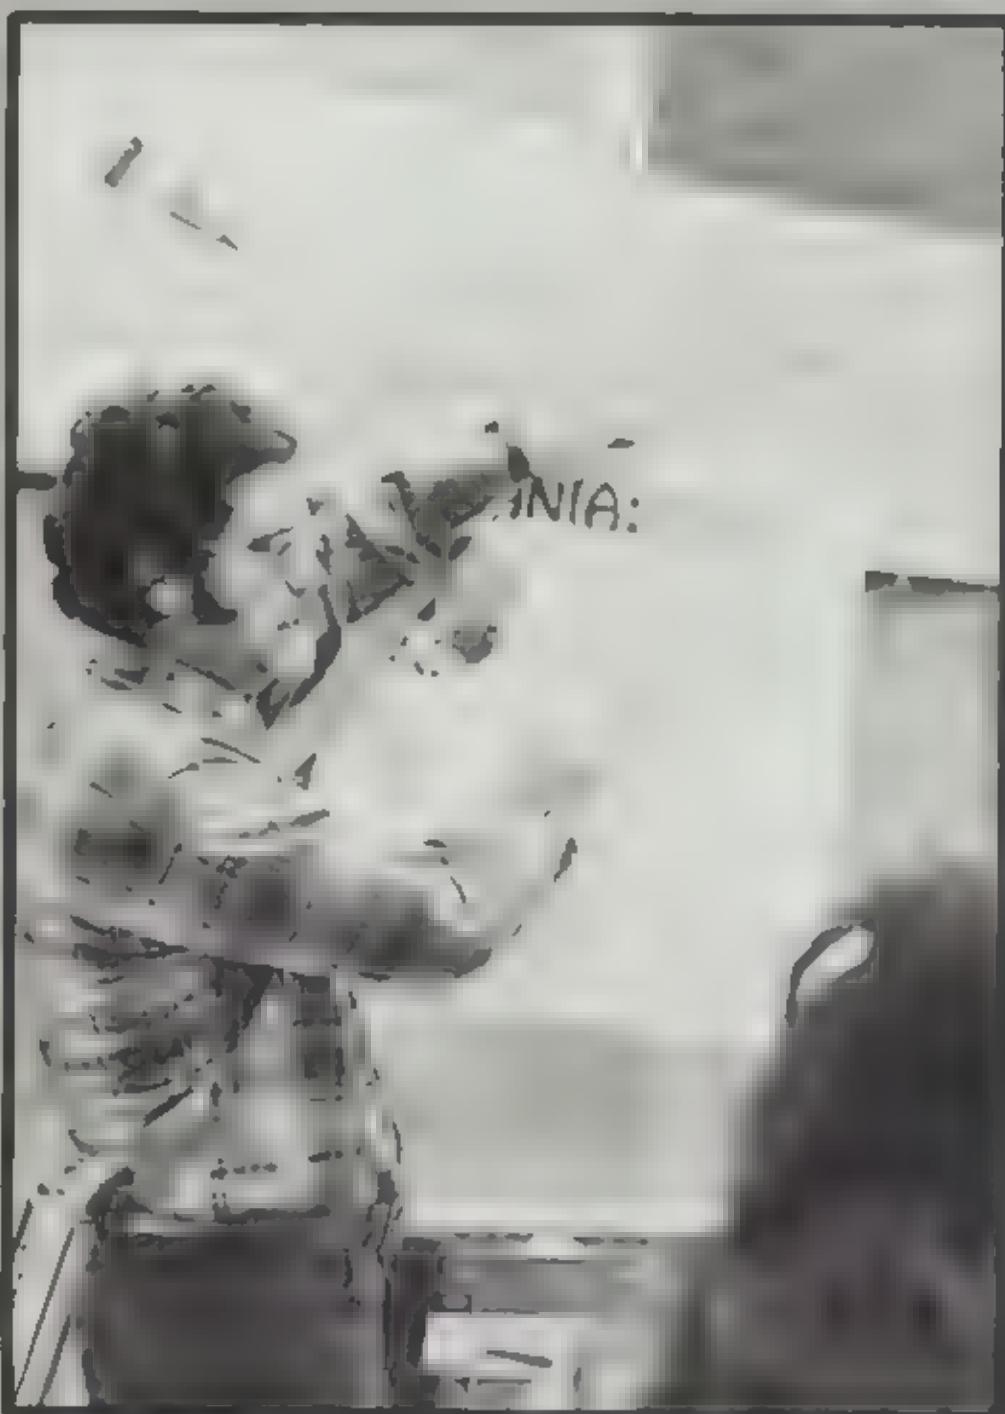

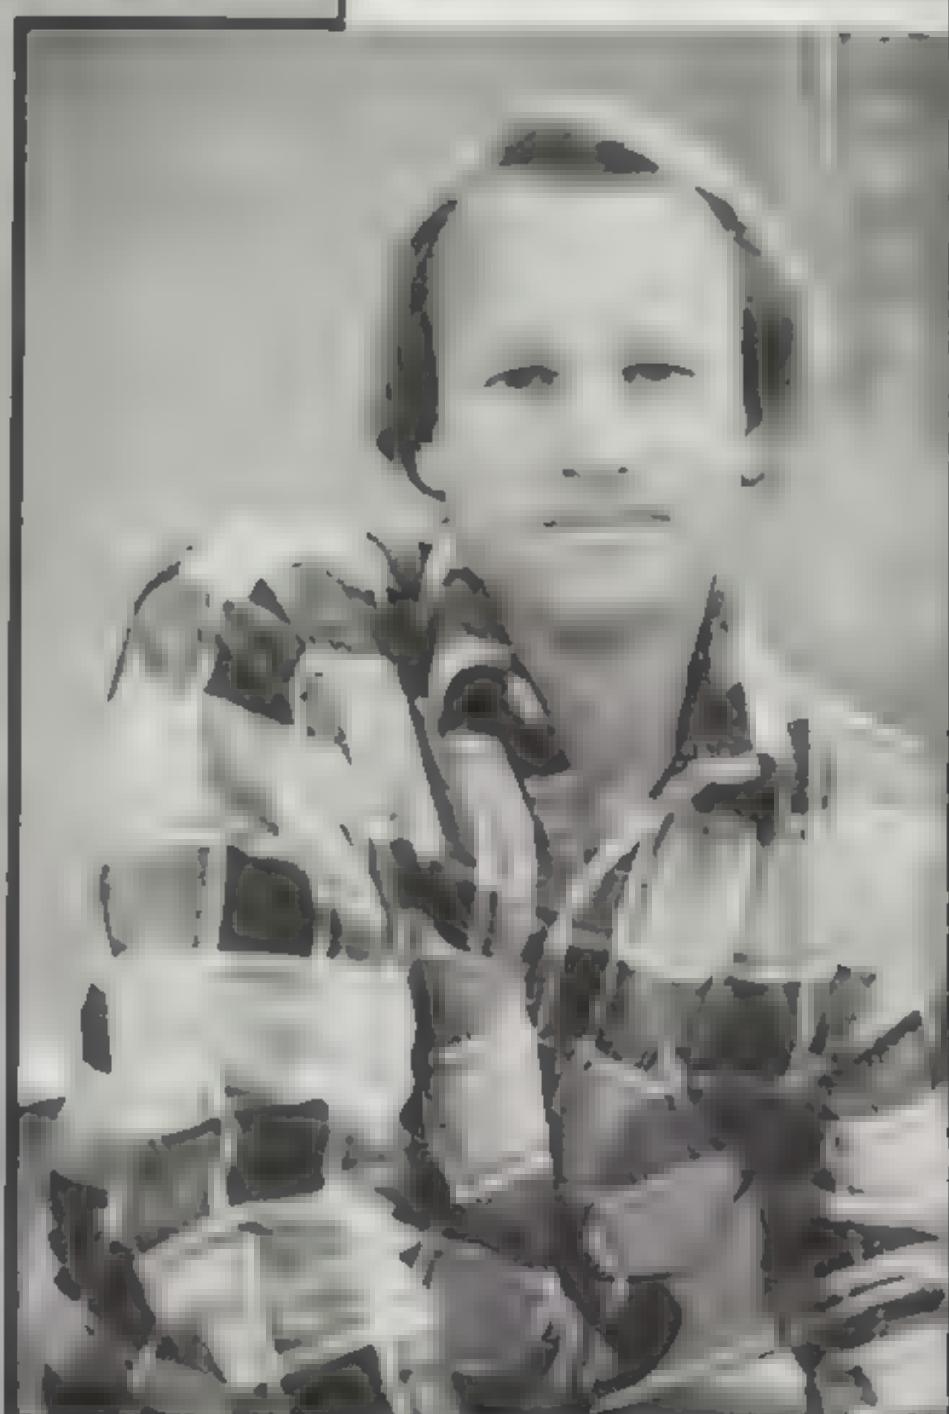

1 (1) Louie takes a break during a tough day on the job. (2) Picture Louie in 1949 and here he is! (3) Louie hard at work issuing the orders!

# In Search For The Future

Looking ahead in pursuit of answers to the unending questions that surround us, we are taught not to accept everything but to explore and discover the reasons why. Only a team of skilled and compassionate teachers such as ours could instill this curiosity in us to "search for tomorrow."

Mr. Fuller, assistant principal, is always willing to outstretch a helping hand. (2) A popular sight in the Home Ec. department, is the bright smile of Diane Severin. (3) We all know that the person hiding behind those sunglasses is Naomi Leberheim. Your tennis shoes gave you away. (4) Jack Spurlock points out a spe-

cific location on a Spanish map. (5) Russ Taggart is seen striking a natural pose. (6) You don't have to say another word Mr. Bivins, we can see it in your glasses. (7) By school, he's the gentle Mr. McChesney, but by night he's the VOODOO WITCH-DOCTOR!!!! (8) The well-remembered overhead projector shines its light on the unforgettable Jean Pogue.

## District Office

*Working in the district office is a tremendous job. The people that work here have to keep track of many people, try to stay in the \$24,000 000 a year budget, and make sure all procedures are within the law. A job like this can only be handled by the dedicated people in the district office.*

(1) The dedicated workers. (2) The capable Mr. Bowman at peace (3) And he can type too.

# IN CONTROL

Here they are, the backbone of our school, the secretaries, attendance office, guidance, office, and nurse's office workers of Watsonville High School. They are the ones who keep things running smoothly and orderly. As a matter of fact, they do their jobs so well that they are rarely thought of in the busy halls. But their performance has not gone unnoticed and is greatly appreciated by us all.

(1) Mrs. Nielsen is busy with all her filing in the guidance office (2) Everyone loves lit Alice Wong in the Main Office. (3) Laverna Huckabee hard at work in the attendance office (4) The School Nurse takes care of all the medical stuff

All photos taken by Jeff Friesell

# WHAT A MAN!

William B. Plumer came to Watsonville High School in 1959 from New Hampshire, bringing with him the excellency demanded of the New England school ideals. He demanded mastery and fullest achievement of the individual student. He taught freshman English to both the "slow learner" and the "gifted," and had compassion and understanding for all his students regardless of their abilities. In 1971 he was elected chairman of the English Department following the retirement of Jack Hamilton. He held this position until his retirement in 1981. During the past few years, he has taught junior English and literature.

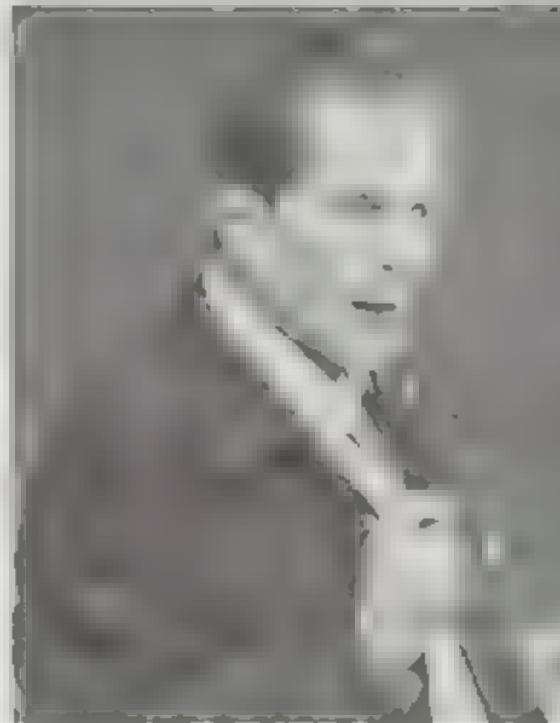

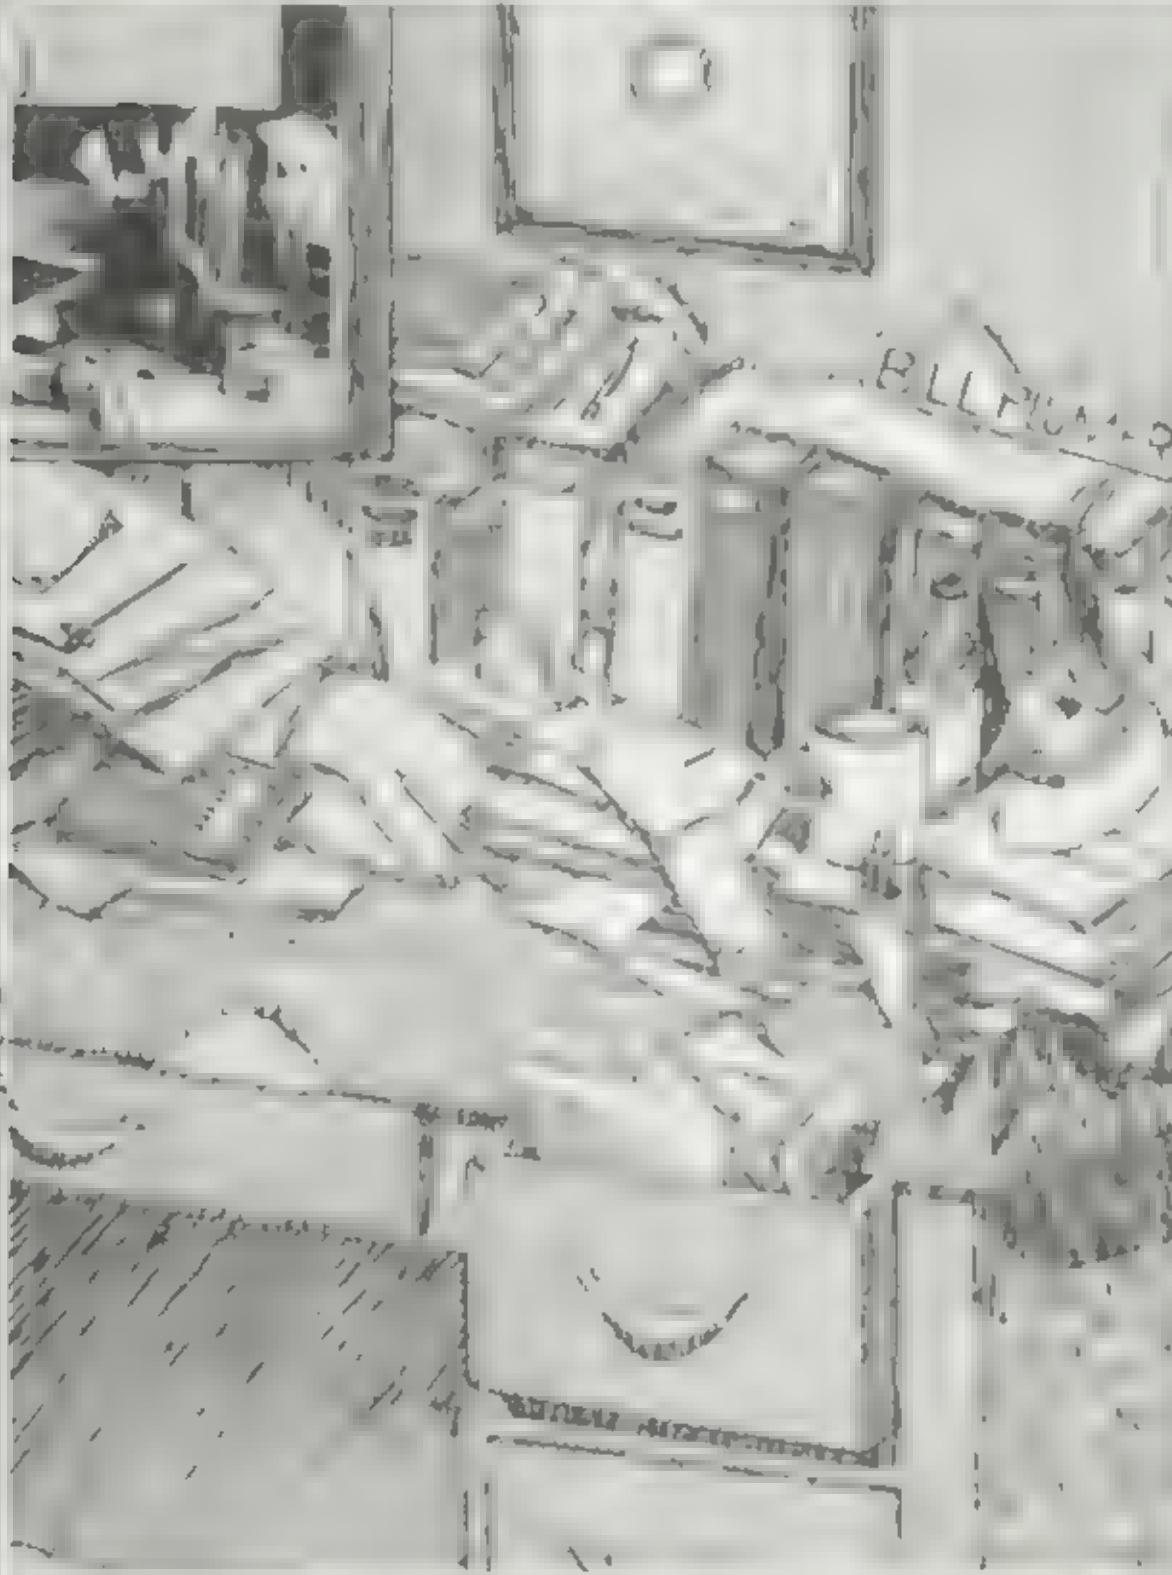

Students, colleagues, and parents all loved and respected Mr. Plumer

One of his students commented: "He was one of the best teachers I ever had. He taught me the value of study that carried me on through high school and into college". From a colleague: "When you worked with Bill, you knew exactly where he stood on an issue. Even though you might have disagreed with him, he gave you the opportunity to be heard. When Bill became dedicated to a cause, which was the students and his department, he would work unstintingly regardless of personal consequences and energy to its conclusion. He had a rapport with and a dedication to this students that is the mark of a true teacher. Bill has left a royal indelible mark that will always be remembered on those whom he taught and with whom he worked."

# Old Catz "R" Back

*Imagine going through four years at Watsonville High School ... that's not too tough to do is it? But then imagine going away to college and coming back to good ol' Watsonville High! Eleven teachers teaching here today have done just that. In fact Mr Tony Sanchez, a 1941 WHS graduate, has been coming to Watsonville High School five days a week, nine months a year for 37 years*

*At one time it was school policy not to employ Watsonville High School graduates. But the administration finally came to their senses and realized they were losing many highly qualified teachers. So the school policy was revised and men and women were allowed to return to WHS, this time around in teaching positions.*

(4) Mrs. Wong looking smashing as always. (5) Ms. Parker and Mrs. Paul taking advantage of the nice weather. (6) Mr. Laue enjoying himself between classes. (7) It can't be that boring Mrs. Dehart. (8) Who do you think you are Mr. Wong, Gene Kelly? (9) Miss Valdez and Mr. Buckler shooting the breeze.

# Stardusters

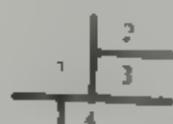

*In today's world of computers and electronics, it's nice to know that the human element has not been eliminated in some of our most important fields—teaching and administration. Our faculty teaches their skills with the knowledge that their students today will be the world's leaders tomorrow. Their interest and care shine as they aid our development in preparing for the future.*

## VIP VP's

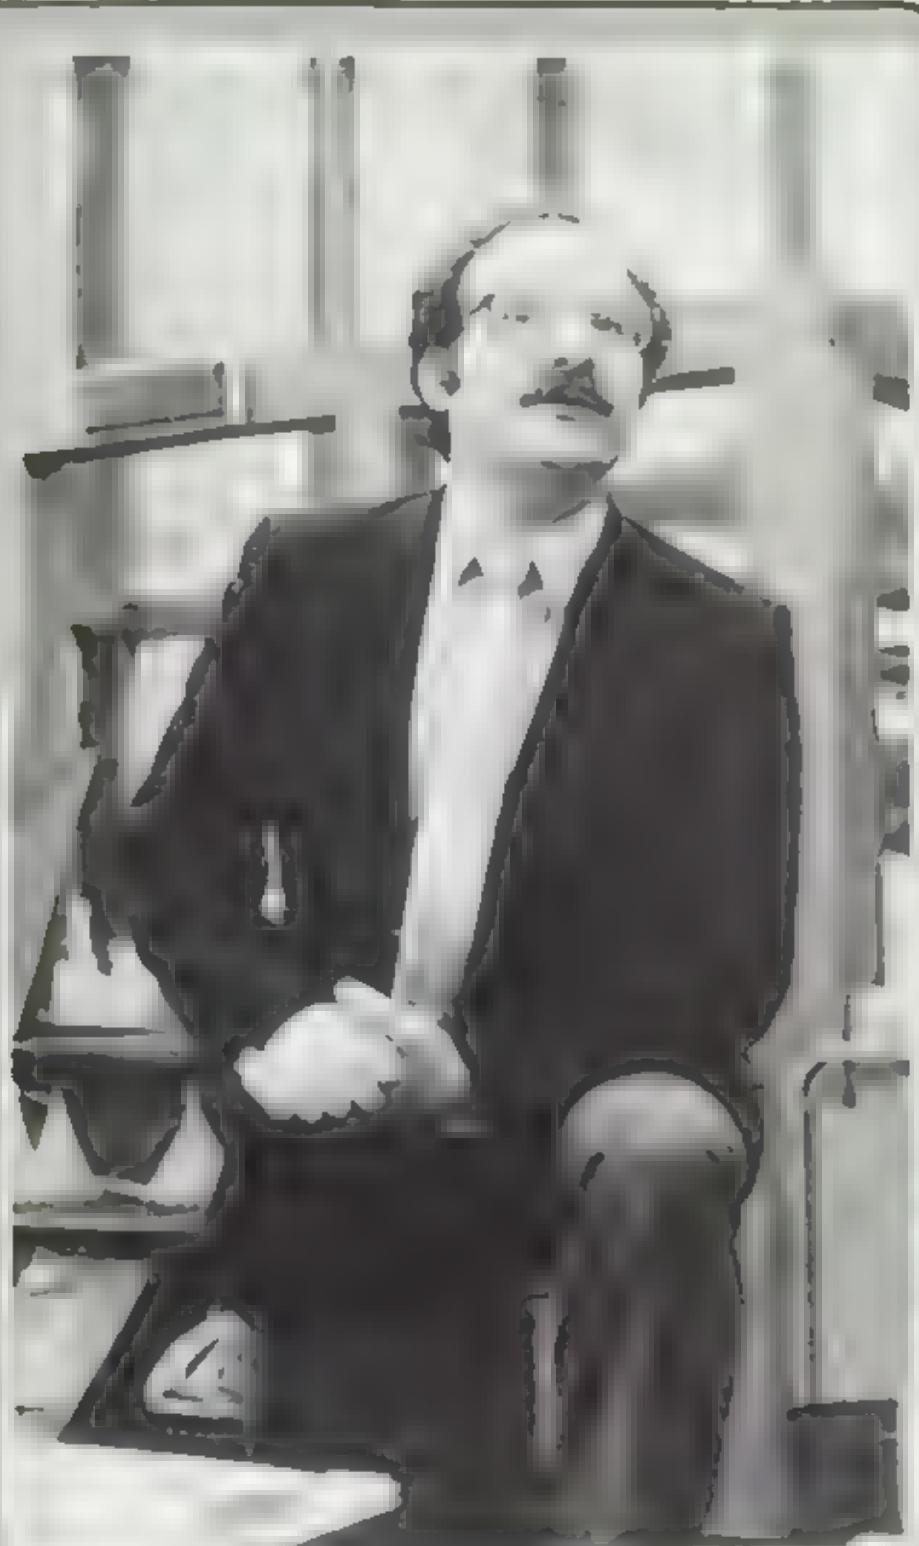

As everyone knows there are three assistant principals at WHS. What do they do you might ask. Well . . . they each have a specific area of concentration, and their lists of responsibilities are long.

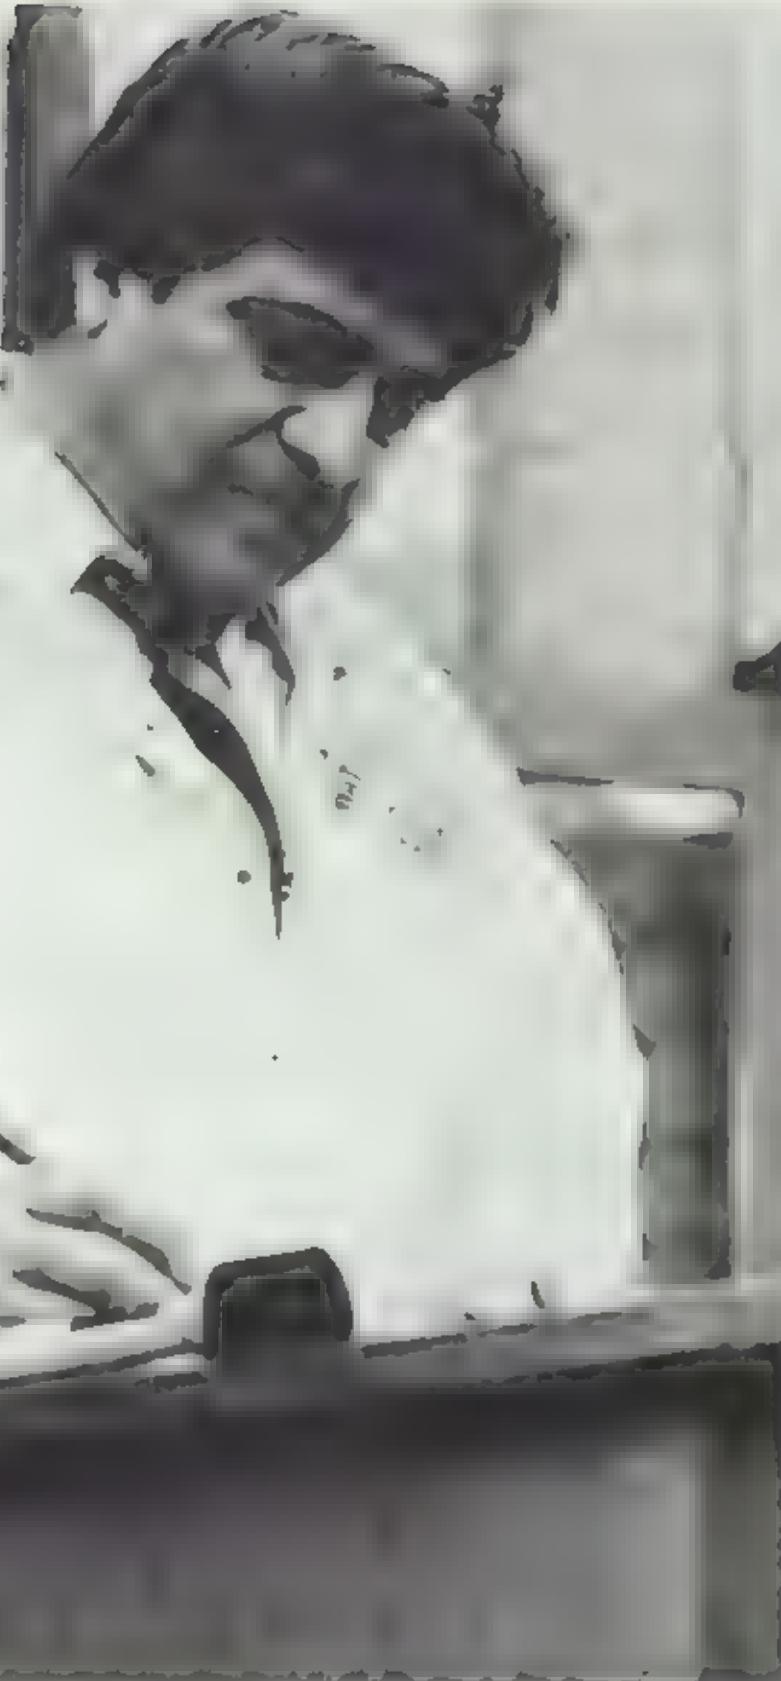

Mr. Ronald Staley is in charge of attendance and discipline. His main responsibility is supervising the attendance office. Mr. Perry Fuller is in charge of special projects and curriculum evaluation and improvement. Last but not least is Mr. John Markatos, who is in charge of guidance and counseling. Three very dedicated men, what would we do without them?

(1) Mr. Markatos takes a stand at one of the faculty meetings. (2) Mr. Staley addresses the faculty. (3) Mr. Staley looks pleased about the ongoing conversation. (4) Mr. Fuller caught in one of his good moods.

## Giving Knowledge

The teachers spread their knowledge and influence on all of us. Their ways of teaching range from boring lectures to telling jokes. These many people make up the individuality and uniqueness of our school which shines through every student old or new.

(1) Mr. Schumacher is catching every word during a teachers meeting. (2)

# HEROS

Every player was a star, a hero - each was a part of a team. If not for spirit and teamwork, their victories would never have been possible. Some athletes shone brighter than others, usually it was those who gave their one hundred percent. Whether the athlete's goal was to last throughout the season, be League, Region, Section, or State Champs, the accomplishments they made gave them a pride to carry on within their hearts and minds for life.

# Girls Take Third In The League

Most of the girls' out this year were new-comers to cross-country. At times some of 'em couldn't figure out why they put themselves through the pain of it all! Thanks to some great coaching and a little nudge once in awhile- they soon learned to appreciate running.

North Salinas, was the first, and the closest meet of 'em all, with the Cats' earning an eight point victory by nabbing four of the first six places; Cindy Perlich and Kay Holly-second and third, Juana Ventura and Mary Florendo- Juana Ventura and Mary Florendo- fifth and sixth.

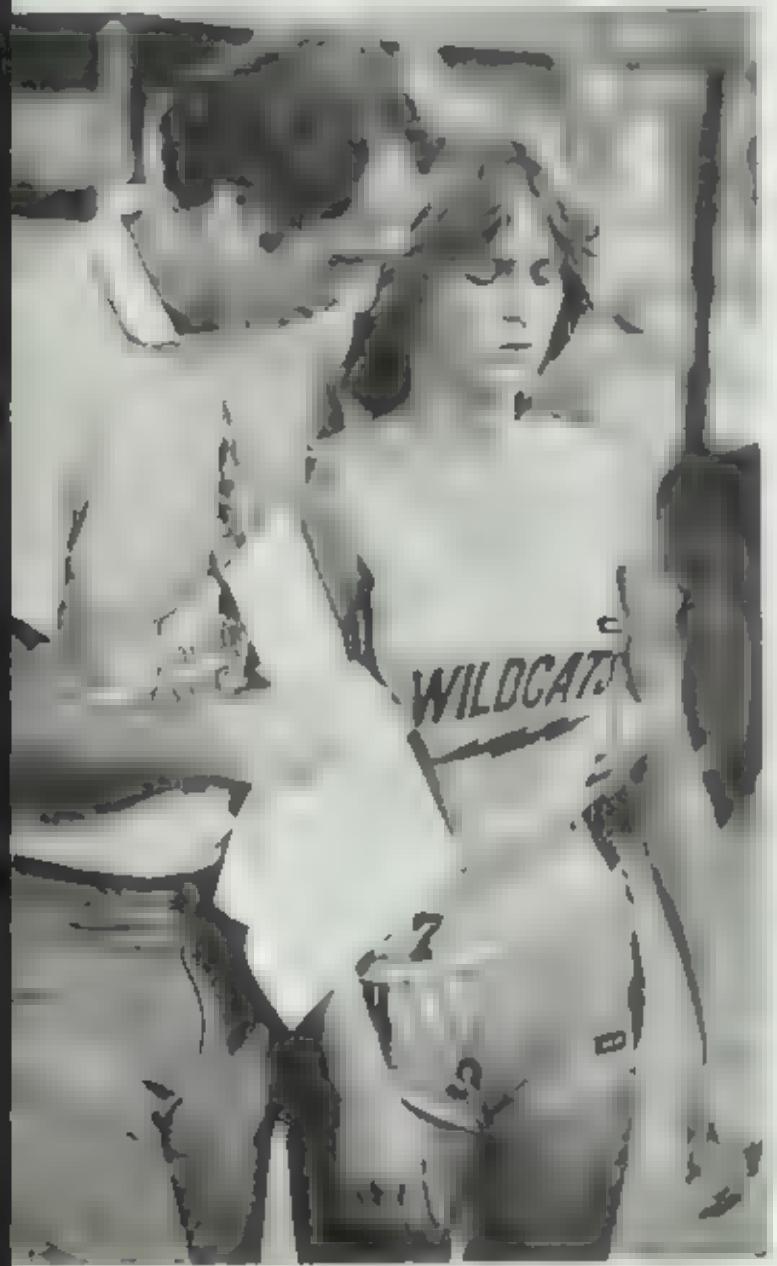

Against Monterey, the biggest win-(18-42), came when the Cats' kept their cool despite some blistering 100-plus degrees. At Alisal's meet in Mt. Madonna, Kay Holly decided to set a personal record of 17:27 for first place . Second and third went to Mary Florendo and Juana Ventura.

Two losses were handed to them from Gilroy and Seaside. The girls' went on to MBL's and took a third place. Also at MBL's- All-League runners were; top performer Kay Holly-fifth with a time of 18:16, and Cindy Perlich- who also ran well for the Cats' taking seventh with a time of 18:25.

# Tennis Has Been Good To Wildcat

Great playing, skill, and determination were the key to their success on the courts. This year the girl's Varsity Tennis team was highly successful with an impressive 18 wins against only four losses. They were also runners up in the MBL for the fourth year in a row.

The team was lead by Junior stand-out Carolyn Tada, who is one of the top Juniors in the Central Coast Section.

Because of the limited court space, the JV team was cut short. Bright spots on the team were Paulette Barsi and Lisa Muzzi.

(1) Pam Kasehica release her serve. (2) JV Back row: Paulette Barsi, Tiffany Welch, Lisa Muzzi (3) Varsity: Back row, Janine Chicourat, Debi Franusich, Suzanne Wilbur, Kathleen Kane, Luan Willong. # Cat Netters Fall Short

Even though the volleyball teams didn't win as many matches as they would've liked to, they showed a lot of team spirit. Most of the players were small in height, which put a limit on the teams ability to make over-powering hits.

The team's Most Valuable Player Cheryl Fischer, made all-league MBL. Mischell Vineyard, who was quick with the back-up and covered well, was complimented on her court play; as well as Terry Vasquez for her all-around improvements. Jean Hidalgo was voted Most Improved, and Doris Vasquez, a hard worker and a fast learner was Most Improved Setter.

# Cat Swimmers Make W.H.S. History

Each one of the 43 girls that came out to swim this year practiced with a lot of hard work, dedication, and determination. Their reward was "attaining a season that Watsonville would remember." Coach Steve Wong said of the 200 Medley Relay Team which consisted of Darla Baade, Jeanette Jercich, LeAnn Miller, and Dana Skelton, "This team literally shocked everyone by setting a new league record of 2:01:7." The frosh-soph team won the first women's Swimming Championship in WHS history, which means that; they've only just begun!

(1) Christy Clough finishing a tough lap

# They're Still The Champs

Another season, another Championship team. Correction- two more Championship teams, and 1 co-Championship Team. All three teams showed 6-0 dual meet records; and both the Varsity and Frosh/Soph Teams captured MBL Titles.

Frosh Champ Raul Espinoza led the young Cats' as Santos and Javier Gomez followed placing 3rd and 5th. Jaime Garza came in 3rd, while Jason Sloan and David Crawford placed 7th and 9th in the JV race.

Angel Vazquez set a new course record of 15:02 at Jack's Peak Park for 1st place Varsity; Nicholas Gutierrez and Jose Perez were 2nd and 4th. Sophomores Jesse Zepeda and David Barrajas finished 11th and 15th. Had Coach Len Davies let Saul Ortiz (stressed knee) compete, Watsonville would've probably had four finishers in the top five.

Even though they were 7th in the CCS; All-League and All-Region runners Angel Vazquez, Nicholas Gutierrez and Saul Ortiz weren't very happy after the race that they had peaked for all season long . . . but as Coach Davies said, "Seventh in the entire CCS isn't too shabby."

# A Year They'll Remember

Not a second's time had gone by in the first game of the season before we all knew that this year's Varsity Football Team was going to face "a whole new ball-game." Mark Saucedo's opening kickoff dribbled towards the goal line as the Wilcat team swarmed all over Pacific Grove and David Bucaloy came up with the loose pigskin in the end zone to make Watsonville look like a winner for the first time since their victory against Alisal on October 13, 1978.

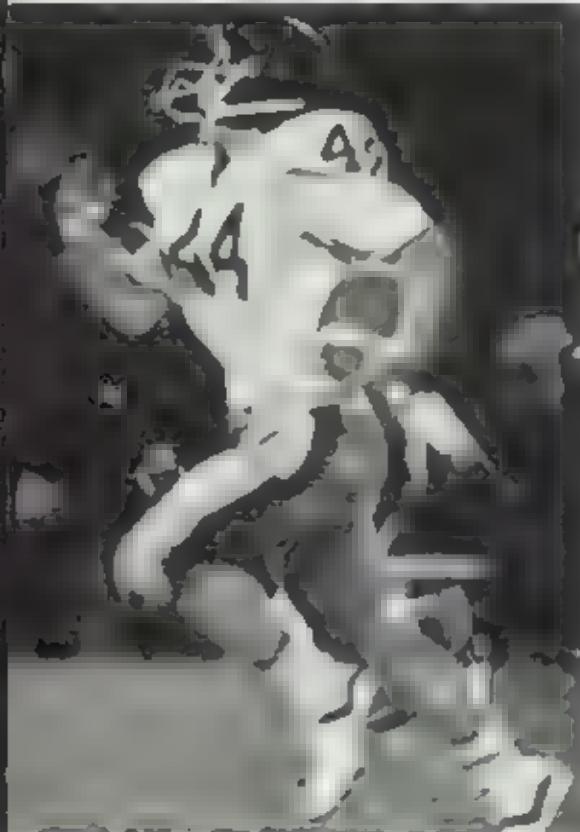

Last year's "0-9" record was merely a battle cry for this year's team who ended that nightmare by gaining a "7-3" overall; making this year's season the best in 26 years. Unranked in the Region IV, the Cat's finest hour came when they upset the number two rated team, Soquel.

Handed their first loss against North Salinas, the Cats came back and beat every other team in the league until rain, and Gilroy, extinguished their playoff hopes. A happy ending closed the season when Alisal bit the dust against the gutsy Wildcats 46-8 at our Homecoming Game.

# JV Cats Plagued By Injuries

Having 16 players out with various injuries, the J.V. team struggled through the season. Thanks to the help of some Varsity players who stepped in for a couple of games, it wasn't as tough on the young team as it would've been without them. The team showed a good attitude and a lot of improvement, which will be to their advantage next year.

Special Awards went to; David Greco-Most Valuable Player and Outstanding Back, Eric Sandoval-Most Inspirational, Randy Carlon-Most Improved, Tommy Copriviza-Outstanding Lineman. Sparked by these players, next year's Varsity anticipates a good season.

# Tough Season For Young Catz

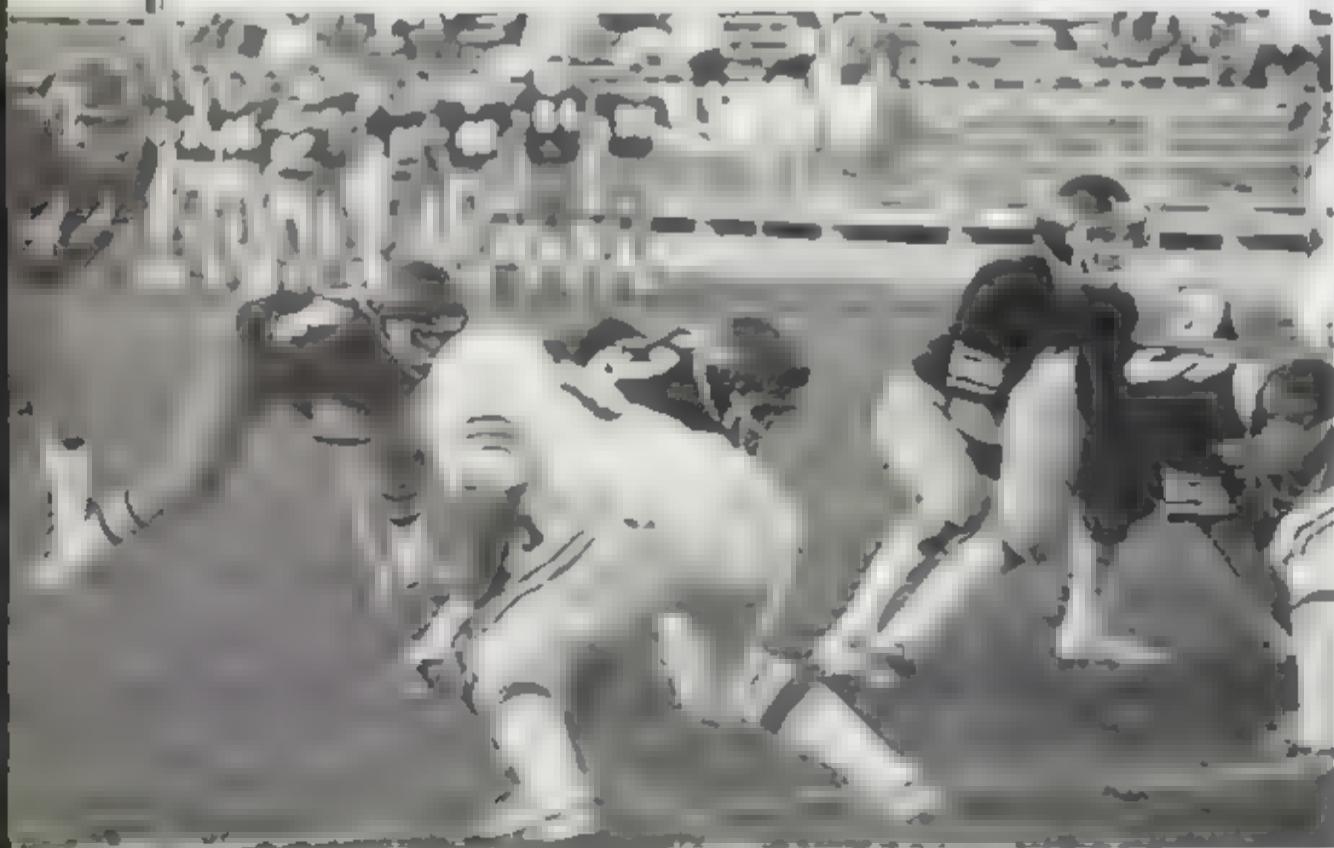

Most of this year's team was composed of hard-working Freshmen, but despite their great efforts they came up with three wins, four losses, and one tie. Closing the season Coach Ron Gallino was optimistic and said, "It's a good group of Freshmen and they will make a great Varsity team."

Special awards went to; Kyle Kobow-Most Valuable Player, Jerry Dollente-Outstanding Back, Maui Bautista-Most improved, and David Baum-Outstanding Lineman.

With a years experience behind them, the 1980 frosh-soph football team looks forward to their upcoming football years.

# Making Of Champions . . .

For as long as anyone can remember, Watsonville has always been the team to beat when it comes to soccer. These kids grow up with it, and in soccer that means a lot. Most of Watsonville's players had played together five or six years before they put on the Wildcat uniforms.

This year's team (MBL Champs, possibly Region, and even Section Champs) had a disproportionate amount of talent. Led by All-American Angel Vasquez, the Wildcats had at least three other players who would've been the star on most high school teams—all-leager Nicholas Gutierrez, superb defender Hector "Happy" Molina, and shooter Luis Porras.

There were no weak spots on the cat roster. You'd be hard pressed to find five men on any area high school team as skilled as the five who were waiting on the Watsonville bench when the 11 starters were on the field.

Coach Dave Grabast said, "I had an easy job, by the time they got to me, the kids were already highly skilled—much more than other teams. I was in charge of mental toughness. I knew that if they played their best, they would win because they have superior skill."

Other all-leagers included forward Salvador Vasquez and Arturo Vasquez, defensemen Hector Molina and Ignacio Saldana who were selected to the second team. Wildcats Fidel Flores, Luis Porras, and David Navarro were listed Honorable Mention.

# Jay Vee Cats Quick Learners

As the varsity, they too opened with a glorious victory winning 9-out of 13 matches against Santa Cruz. In the early matches the young Cats saw what they had to improve upon and did their best to learn, and develop their skills throughout the season. They soon realized what it takes to be winners.

Against North Salinas they won 4 out of 7 matches. They roped and tied the Salinas Cowboys 29-5, Pablo Lopez was the highlight of this match when he pinned his opponent to remain undefeated in league play.

At MBL's they came in 4th as a team in the same order as varsity, behind Gilroy, North Salinas, and Monterey. It was evident this year in both varsity and jay vee that Gilroy was the team to beat. In fact, if you went to the MBL finals it seemed as if it were the MBL against the Gilroy lineup, with this in mind you can expect a good match when the Cats come back and face this team who invaded our league-next year!

**AWARDS.** Monterey JV Turney, Kerry Dahl and Dale Crandon 1st, Gilbert Razo 2nd, Saul Ceballos and Chuck Segura 3rd. Gilroy Fresh Turney, Efrain Torres and Pablo Lopez 2nd, Kerry Dahl 3rd, Saul Ceballos 4th. JV MBL's, Juan Flores 1st, Kerry Dahl and Pablo Lopez 2nd

# = Watch Out... Those Catz Are Coming Back! =

Opening their season with a good victory against Santa Cruz, the Catz showed that they were letting themselves be coached. Most importantly they displayed team unity—which is vital in any sport. For as long as anyone could remember, Watsonville was the Scrooge to the MBL until this year—which proved to be a rebuilding year.

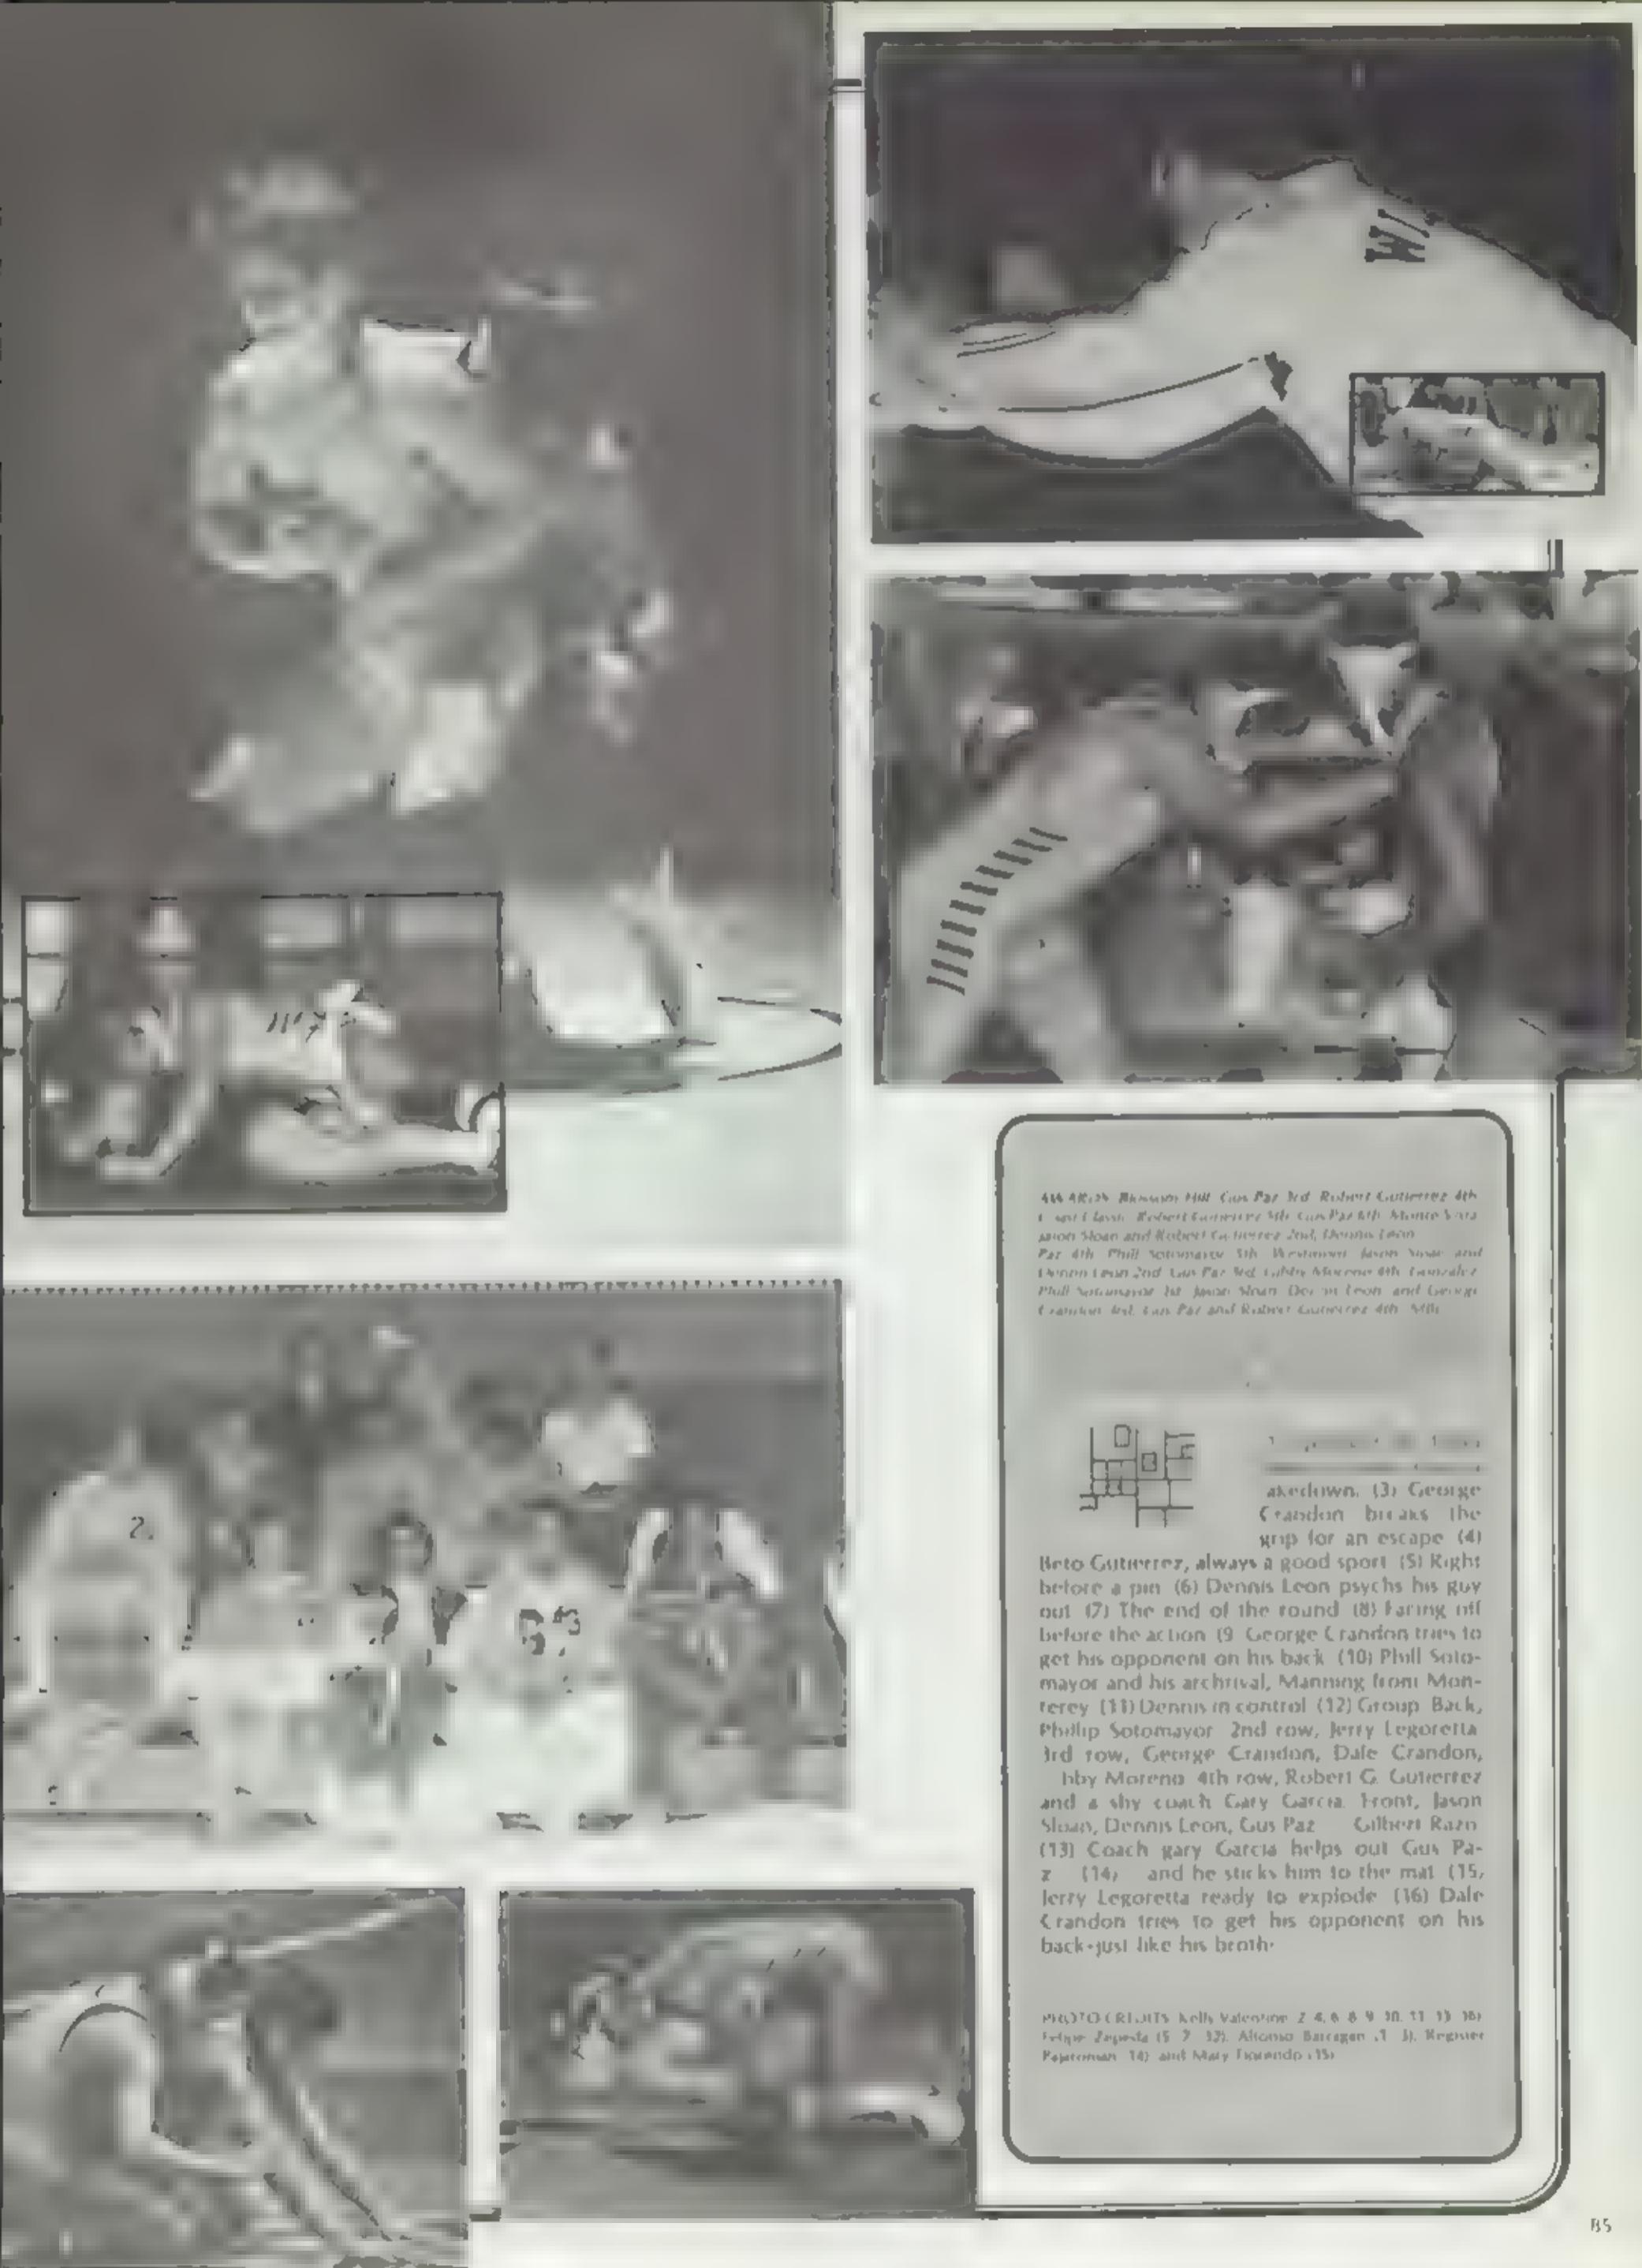

At the league opener for both teams, North Salinas did something that hadn't been done in the MBL for two years—they beat our team 35-30. Only the score didn't tell the whole story. Throughout the season there were three holes in our varsity lineup (157, 167, and 198), therefore, at dual meets, other teams were scoring 18 points for free.

Wrestling is every mental sport in which you try to out-think, instead of out-muscle, your opponent. The idea is to save your strength and use the other guys muscle against him. All season long the coach never let his wrestlers forget the relationship of wrestling to the rest of their lives, he let the guys choose their own realistic goals, and work up to them.

The Catz placed forth at the MBL's and a surprising seventh at Regions qualifying the leader of this years band of survivors to Sections, 129-pounder Gus Paz, we took second to Gilroy's Zeke Robles. (Gus had previously beaten him 8-2 in a dual match.) Qualifying, despite a severe case of the flu, was Jason Sloan who settled for a forth place. Dennis Leon, Robert Gutierrez and Phillip Sotomayor also took fourth place positions.

It was a near miss for Gus Paz at Sections to earn a trip to State when he was beaten 3-1 in the first round of consolation. The CCS has traditionally been one of the strongest sections in the state. Making it there from Regions is a big step. There were five wrestlers from our team that made it, four of them juniors—who will be coming back for more! Watch out for them next year!

1986 BAKERSFIELD CLASSIC: (1) Gus Paz led Robert Gutierrez 4th best Classic. Robert Gutierrez 5th, Gus Paz 6th, Alonso Barragon Sloan and Robert Gutierrez 7th, Dennis Leon Paz 8th, Phillip Sotomayor 9th, Westmore Jason Sloan and Dennis Leon 2nd, Gus Paz 1st, Abby Moreno 6th, Gonzalez Phillip Sotomayor 1st, Jason Sloan, Dennis Leon and George Crandon 4th, Gus Paz and Robert Gutierrez 4th, Abby

# Jay-Vee's On The Rebound

This year's JV team was often quite good. Their record was six wins and eleven losses. The top scorers were: Eric Hazelhofer scoring 332, Ben Akiyama scoring 241, Steve Dobler scoring 158, and David Greco scoring 157.

All together the team scored about 1,151 points. Their main rebounder was Steve Dobler scoring 56pts while playing offense and 113pts. while playing defense. With all the great efforts shown this year, they are likely to contribute their best to the Varsity Team next year.

1) David Greco plays man to man against Harbor. 2) A happy team after a glorious victory. 3) JV Team. L-R Peter Martinez, David Greco, Ben Akiyama, Steve Dobler, Tommy Coprivisa, Eric Hazelhofer, and Joe Hildago. 4) Ben Akiyama- hero for a night. 5) Peter Martinez ready to make a free throw

# Varsity Builds For The Future

Seniors Robert Bol, and Mark Saucedo led the Wildcatz in rebounding and scoring respectively. David Battistich, Jeff Hermosillo, Dickie Sanchez, and Manual Mancha also contributed greatly to the success of the Catz.

Injuries to Greg Melton and John Sotomayor hurt their progress, but they should be a big help to us next year.

Jose Ruiz and Steve Bugayong, both seniors, proved to be valuable assets to the Catz, and they will be missed next year.

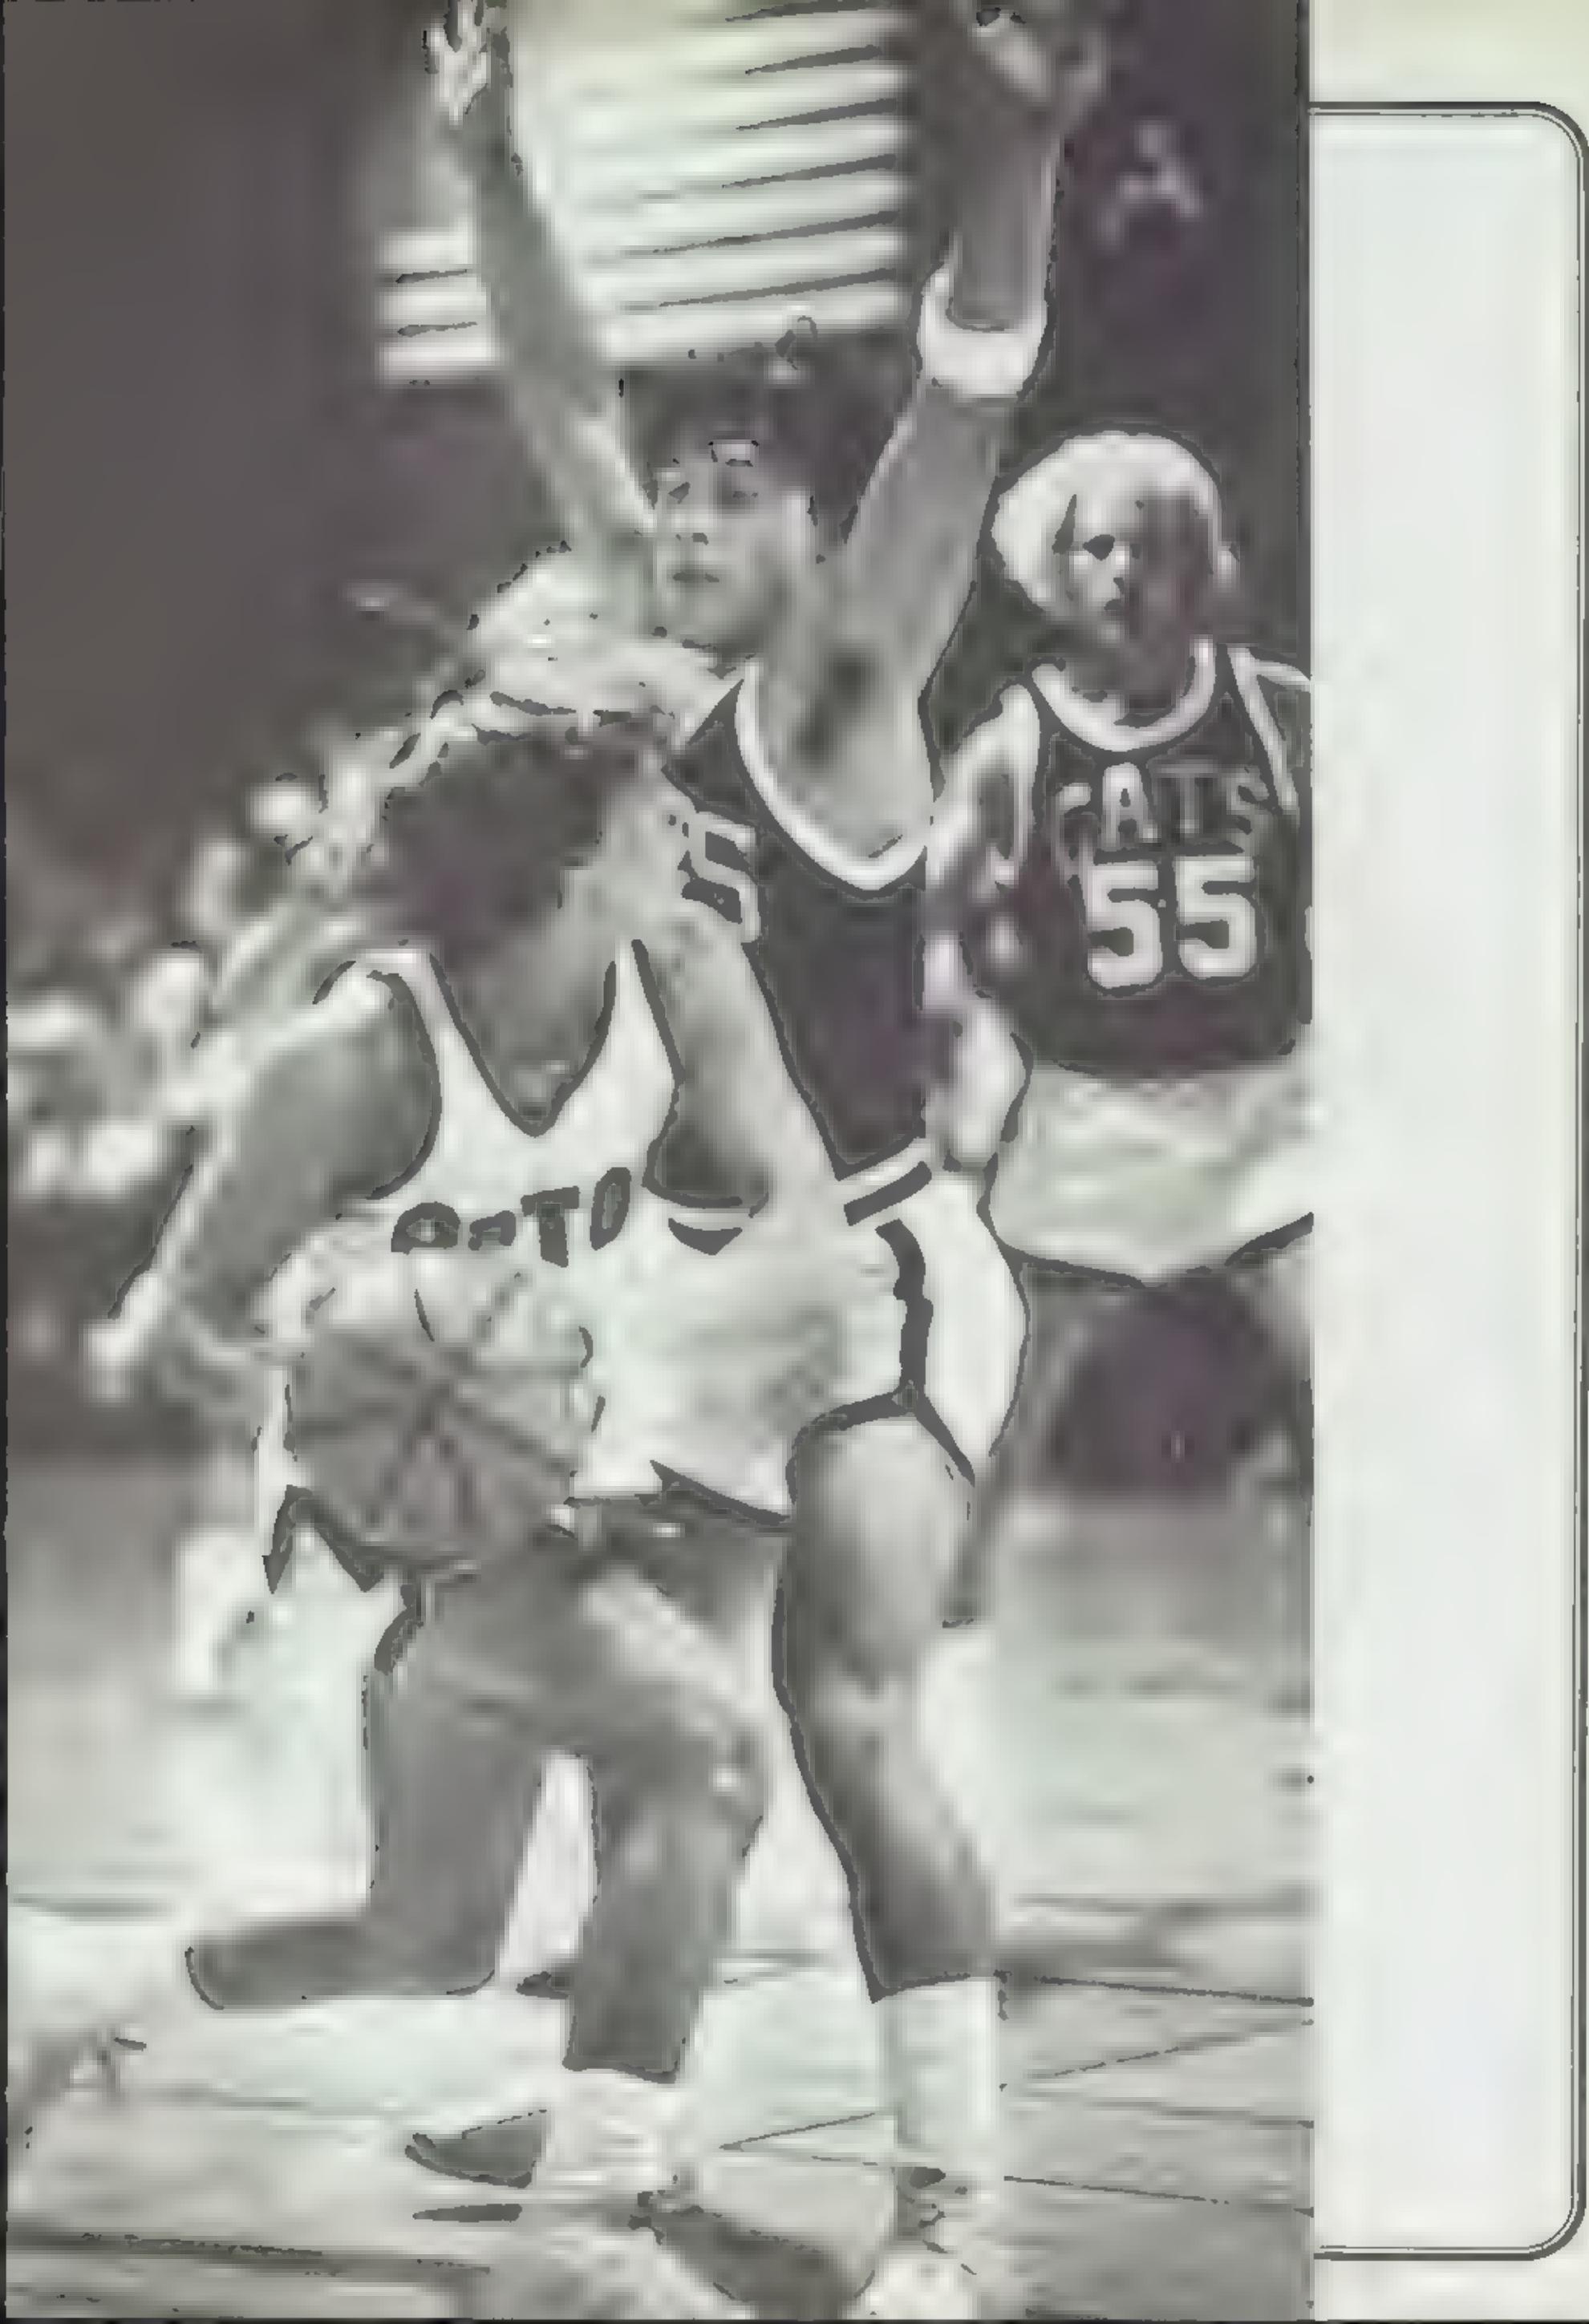

Two young players, Kevin Hermosillo, and Eric Tomlinson, gained valuable experience and will be able to help the Catz next season.

With eighth returners, the Catz look to have a strong season in 1981-82.

**H**ere's a look at the returning starters for the 1981-82 basketball season. (1) Mark Murray, (2) Steve Bugayong, (3) Greg Melton, (4) Jose Ruiz, (5) Eric Tomlinson, (6) Robert Bol, (7) Kevin Hermosillo, (8) David Battistich, (9) John Sotomayor, (10) Mark Saucedo, (11) Dickie Sanchez (12) Manuel Mancha on the move. # Depressing Season For Frosh.-Soph. Team

If not for Serge Olivarez, this year's team wouldn't have won one game. In the last few seconds of the Alisal game, Serge made a basket and won it for us. It was one game to remember. The season record wasn't very good, but those guys, gave it their best and got a year's experience and a reason to come back winning next year.

# Catz Tee Off At PV Golf Course

Mr. Kosinski has coached the golf team for the past two years.

Their season has just started with a few practice games and they lost the first two against Harbor and San Lorenzo Valley.

This season Mr. Kosinski was quoted, "At the moment, they are all working very hard, and there are about five different players working towards being the number one player."

PHOTO CREDITS Tom Uher (1, 2, 3, 4, 5, 6)

# Wildcatz Shoot For The Hoop!

About twelve sophomores and a few freshmen made up the Jay-Vee team. Most outstanding player was Diane Rivera; followed by many others.

The team finished the season with a 16-9 overall record and an 8-6 league mark. I'm sure they all contributed their best towards the team and knowing this means we should have a fine season next year.

**1** (1) Coach McGushin plots strategy. **2** Run for the rebound. **3** Girls wait for two points. **4** Team Picture: Joann Williams, Kathleen Kane, Jennifer Eichorn, Dunn Esch, Alicia Martin, Marta Buliach, Cindy Clough, Jill Miller, Diane Rivera, Amie Nielson, and Coach McGushin

(7-8) Manny Travers

As a local newspaper put it, "Watsonville High's girl's basketball team doesn't visit a gymnasium, it invades one." This proved to be true as the Catz won game after game making their way to be one of the two top teams in the region. They also earned a spot in the CCS playoffs. This was an excellent experience for them, being that they have three returners next year who are: Lisa Martin 6'3" and all leaguers Barbara Castro and Annette Yamashita.

Barbara Castro made MBL All-League Girls Basketball First Team. Annette Yamashita was named to the 2nd team. And Kay Holly was given Honorable Mention.

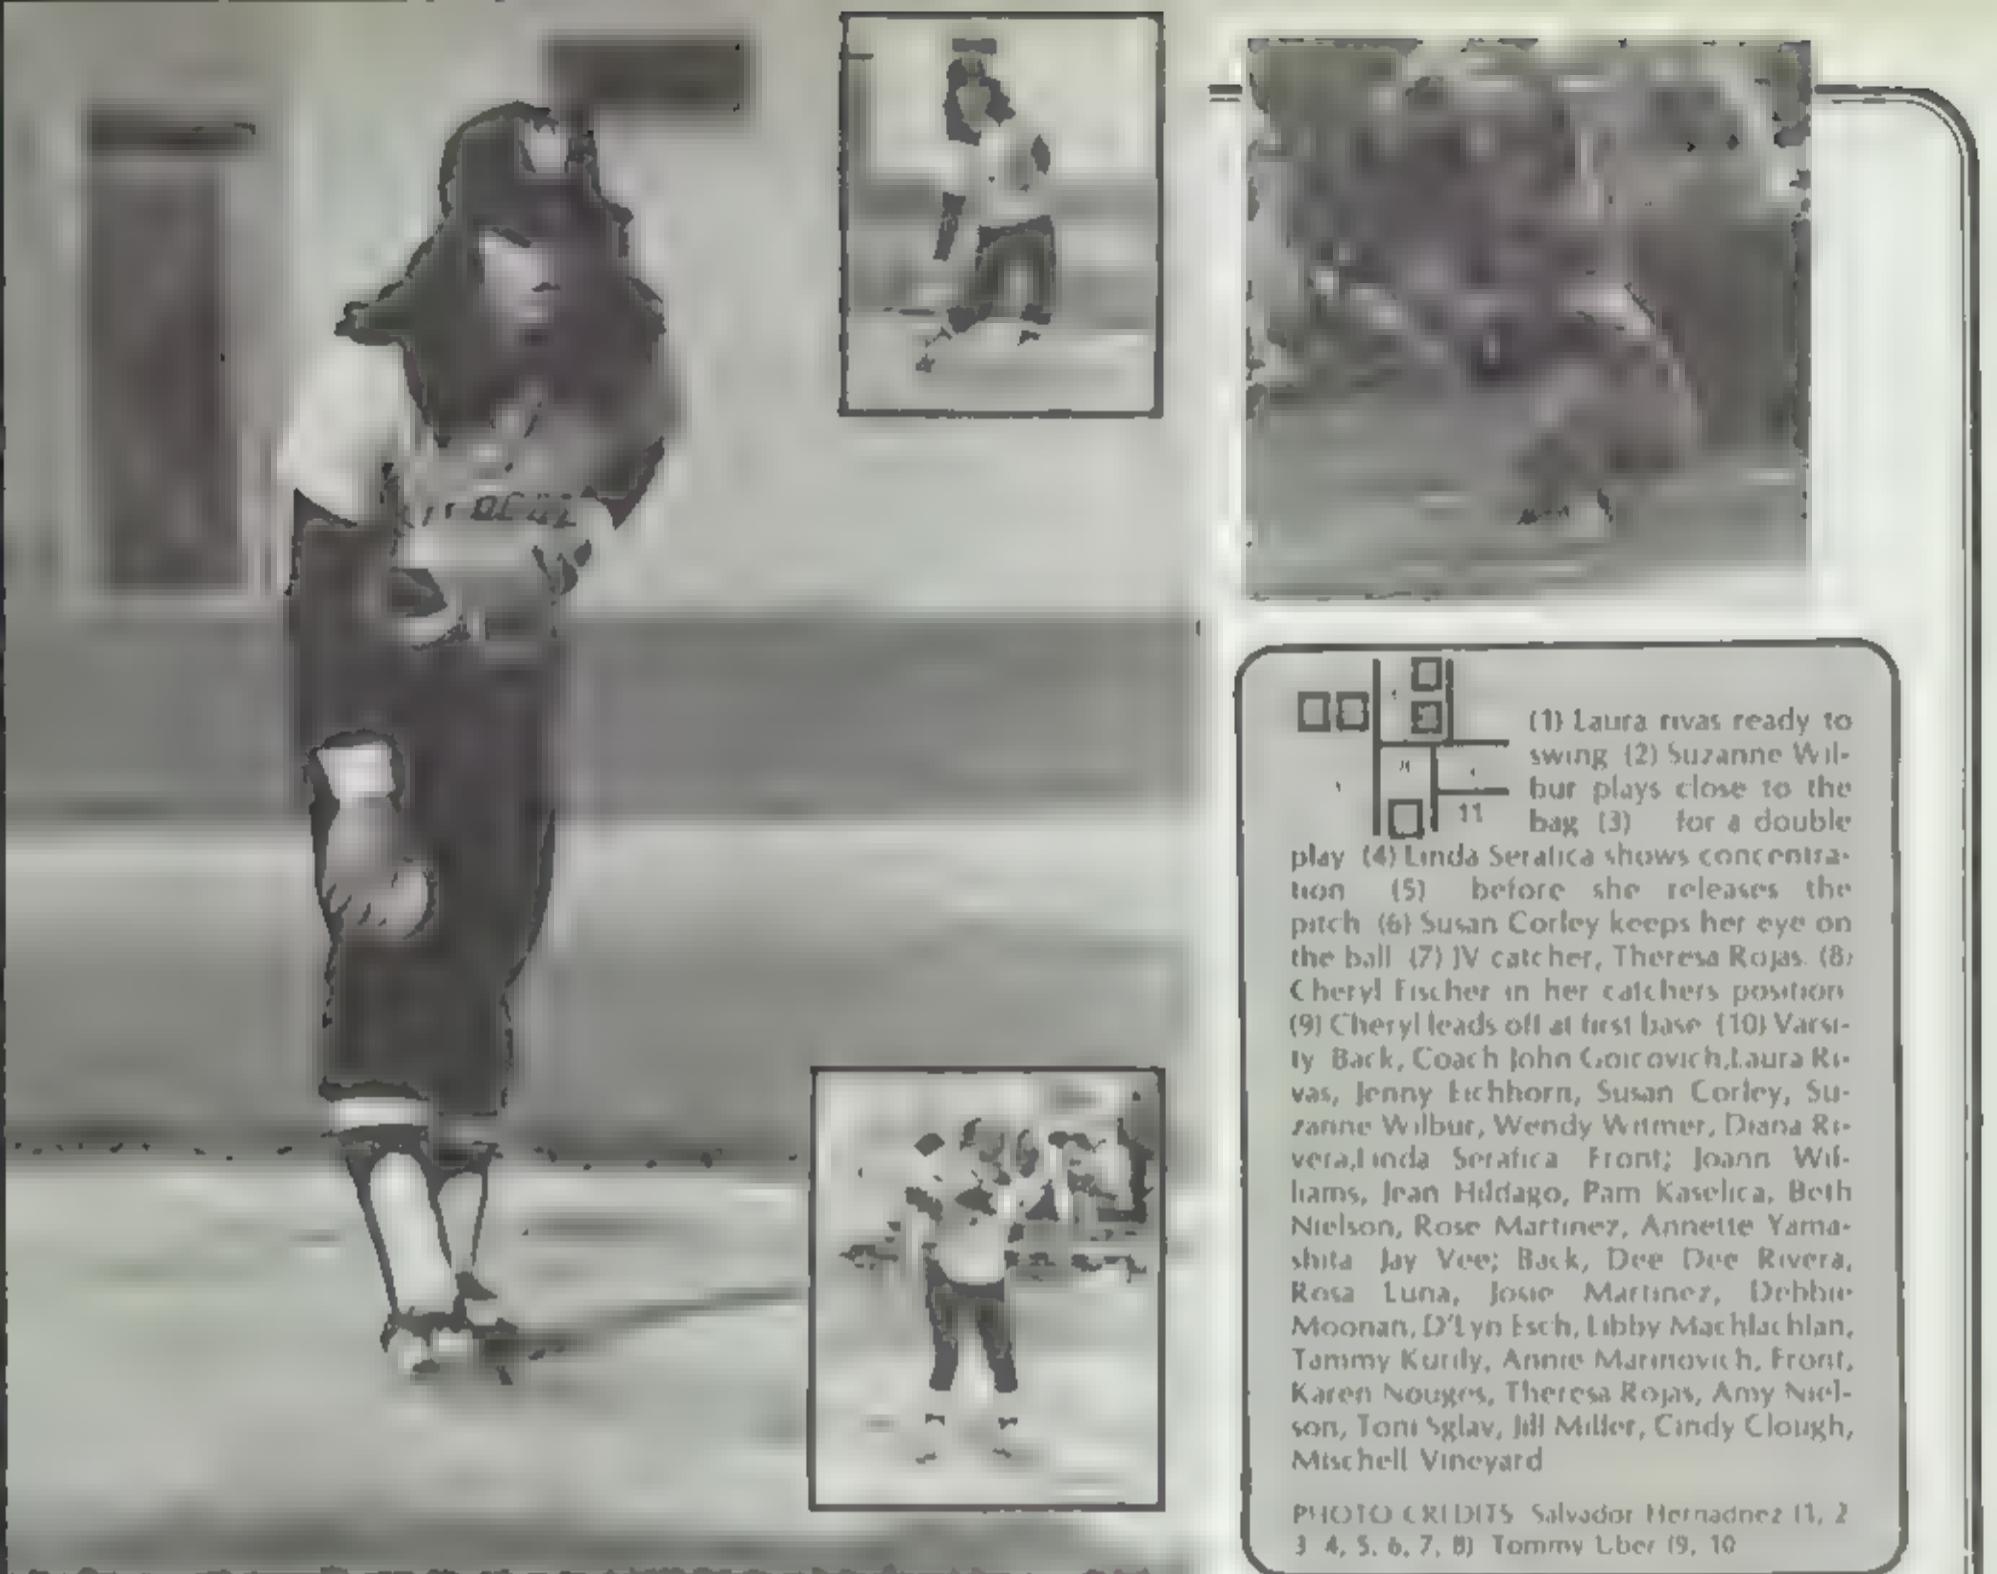

**1** (1) Kay Holly works the ball to Leanne Miller. **2** Wendy Witmer #32 jumps for the rebound. **3** Barbara Castro tries to pass to Luan. **4** Team Picture: L-R Rose Martinez, Barbara Castro, Beth Nielson, Kay Holly, Jamie Cicoraut, Luan Wilfong, Lisa Martin, Leanne Miller, Beth Ash, Wendy Witmer, Lucy Lettunich, Annette Yamashita, and Linda Serafica

# Cream Of The Crop

Soccer is a highly skilled sport...and Watsonville players take it seriously. Most kids around here enter youth leagues in soccer and by the time they get to high school their skills are already developed.

JV Coach Ronald Hedgpeth has been the area co-ordinator for the youth soccer leageus in our community for the past eight years. What Watsonville has been experiencing is wave after wave of the cream of the youth-league crop.

# League Champs Back To Defend Title

Before our baseball teams ever had a game-or even their uniforms-Manzanita had deadlines to meet. What can be said about our varsity team is that there are eight returners; Aaron Montalbo, Robert Martinelli, Jose Ruiz, Steve Bugayong, Robbie

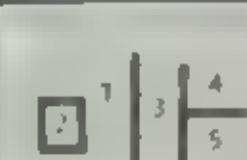

Rigsby, Peter Navarro, Paul Siefke, and of course-our three sport star Mark Saucedo who last year was the only junior from Watsonville's MBL Champ team to make the all-league honor squad. Mark displayed excellent range and a strong arm from his

shortstop position

Because of the teams experience at having a taste of the CCS Playoffs last year-it is more than likely that we will be seeing great things coming their way this season.

To begin with, track season had not even had it's first meet when our deadlines came up. I had to make a quick decision as to which pages to turn in on time and which to turn in late. Given two weeks to do the last six pages in my section, I chose the ones that required the most time to work on. Fortunately, Salvador Hernandez, who is a superb photographer and a swell guy, saved my neck by printing up some of last year's Varsity Baseball and Track pictures. This is what you see; and I apologize if any of these people were not out for the teams. I really tried my best.

# Cat Netters Have Strong Team And Season . . .

Eight out of ten varsity tennis players were seniors; so you know this team must have been a tough one to "match" up against with all their years of experience combined. Danny Hernandez was the steady number one singles player. Ron Benavente, Bill Anderson, Kevin Roth, and John Idemoto were constantly challenging each other for the rest of the top spots. Once again, the best doubles partners were Ronnie Benavente and John Idemoto.

It was a new scene on the tennis courts this year; Owen Han replaced last year's veteran coach, Barbara Hedlund-and George Gugale finally got to play Varsity Tennis.

(1) Danny Hernandez after slamming one back over the net. (2) Cosmic Kev Roth concentrates on his return. (3) Doug Mori volleys at the net.

(4) Varsity: Front, John Idemoto, Ronnie Benavente, Bill Anderson. Back; Jimmy Arao, David Hunkel, George Gugale, Kevin Roth, Danny Hernandez, Peter Matcovitch. JV: (1) 104 (2) 105 (3) Brent West, Alan Loh, Doug Tietz. Back (4) Kev Noguchi.

## **Seniors Were Athletic Supporters**

Throughout the year at Linda Lou's exciting rallies, Seraf kept trying to brainwash us into being ATHLETIC SUPPORTERS. The seniors were brainwashed.

# Every Star Has A Special Place To Shine

*In our universe there are constellations of stars which stand in the heavens together. The many clubs at WHS are galaxies which served as gathering places for students to discover new interests and ideals.*

*Whether you excelled at one thing or another-there was always a place for you to belong.*

(1) Our award winning band as it represented us at the Annual Apple Harvest Parade. (2) Our Football Pom Pon girls do another routine for us at a rally. (3) The soccer cheerleaders were always a great support to our team.

# Planning School Future

Have you ever wondered who is in charge of planning school activities and keeping the public informed about Watsonville High School? Well here they are, the ASB officers and commissioners. They plan the rallies, help out with dances, and just keep the school going. The summer before school started, they all got together and planned the activities calendar. Linda Lou and Dawsie K always made sure that their rallies brightened our days. Just think about all they do for us without them our school would be verrrrr dead. So let's hear it for all those dedicated and unselfish people who help to make our school what it is today.

# CAT SCRATCH FEVER . . .

WHS had a great new experience this year. Thanks to advisors, Mrs Fischer and Miss Bilstad the creative writers got off to a flying start. One can say that this organization was among the most active and highly educational on campus. The club sponsored a Halloween and Valentine's Day writing contest. Winners were: Halloween; Ronnie Crawford-first, Gail Rieffel-second, Marilyn Martinez-third. Valentine; Shirley Yamashita-first, Mary Florendo-second, Silvia Lipsanen, and Augustine Lara-tied for third

Major goals were to promote writing and to encourage students to develop their creative writing skills. Most importantly, club members were taught that learning could be fun

Next year, besides sponsoring more contests, the club would like to bring back the "Pippin" which in the past was a periodical put together by students that included stories, poems, and other writings.

Officers were; Sarah Frost-President, Katie Tashiro-Vice, Jean Hidalgo-Treasurer, Mary Florendo- Recording Secretary, Maria Elena Curiel-Corresponding Secretary

(1) Cindy Perlich and Anita Reyes, Suzanne Neves lets those creative juices flow. (3) Jean Hidalgo and Virginia Banuelos. (4) Maria Elena Curiel, Sylvia Lipsanen, Kim Saavedra and Michelle Ancira, at another fun meeting. (5) Anita, Laura Correa, Maria Elena, Mary Florendo, Jean, and Shirley Yamashita check something out. (7) President Sarah Frost (8) Our worthy advisors

# Wildcat Band Has Shining Season

Watsonville High School Band is moving up in the world. Under the direction of Mr. James Zuniga, the marching band and color guard improved considerably in the 1980-81 season. The band placed well in the three major competitions; Cupertino, Newman, and Merced. It also received first prize in the AA competition at Newman Band Review.

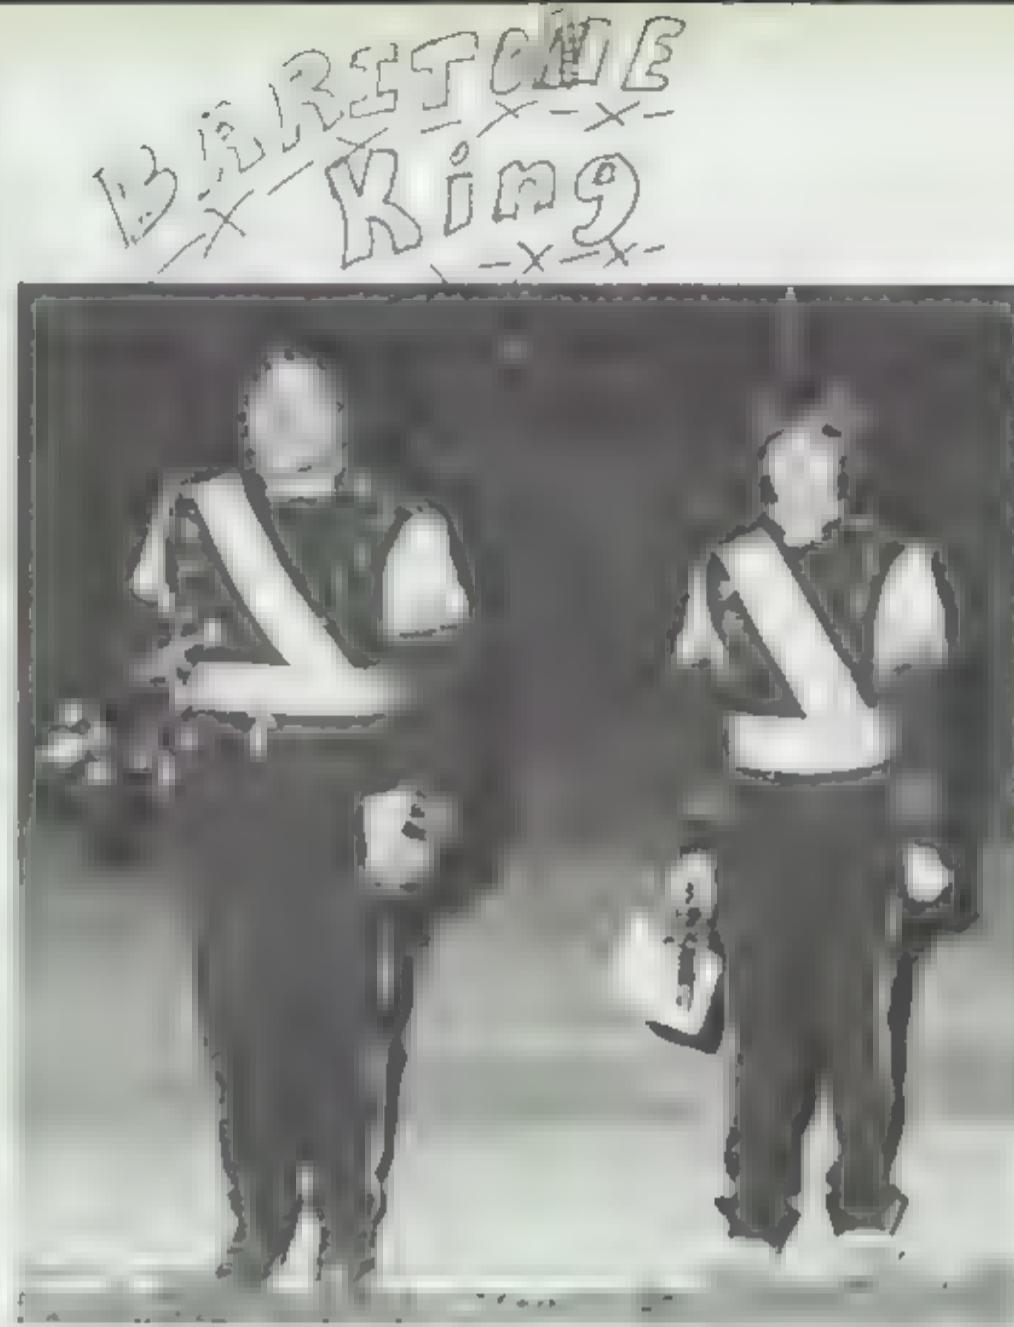

Their success was not achieved overnight, it involved hours of practice. During the competition season the band met two days a week after school-in addition to first and second periods. That's an average of eleven hours a week of tuning, marking time, and getting tired of the "Crosley March" being played over and over again. Still, most band members will agree that it can all be taken with a grain of salt. To them it is not "work"- there is ample time for sport. In between practices and on long bus trips, band members are known to be rather spirited.

1) Kara Goldman warming up before a competition. 2) Marc Ancheta waiting for a trophy. 3) Dennis Reeves and John Sego smiling their best. 4) The Color-guard looking outstanding. (5) The band marching to their hearts' content. (6) Band members doing what they enjoy most. (7) Flute Player

## ABROAD, AND VISITING.

*Although many of you may not have realized it, our AFS program is a vital part of our high school learning experience. Either traveling abroad or having someone here to visit- you can gain a world of knowledge on the customs, habits, and everyday lives of other peoples*

*One of our AFS members, Trina Coffman came home from Finland recently to graduate with her class. Next year a junior, David Crawford, will be going abroad. You probably know who Birgetta (Biggie) is, our exchange student from Germany who stayed with the Ashes this year and if not, you might want to ask her something about living in Germany-she's a great girl!*

Model United Nations is a group of students that represent Watsonville High at conferences held all over California. These students act as delegates for each nation, and debate on current issues. This club helps its members to become acquainted with political debates, public speaking, and preparing and research for the conferences.

# *Delegates Debate*

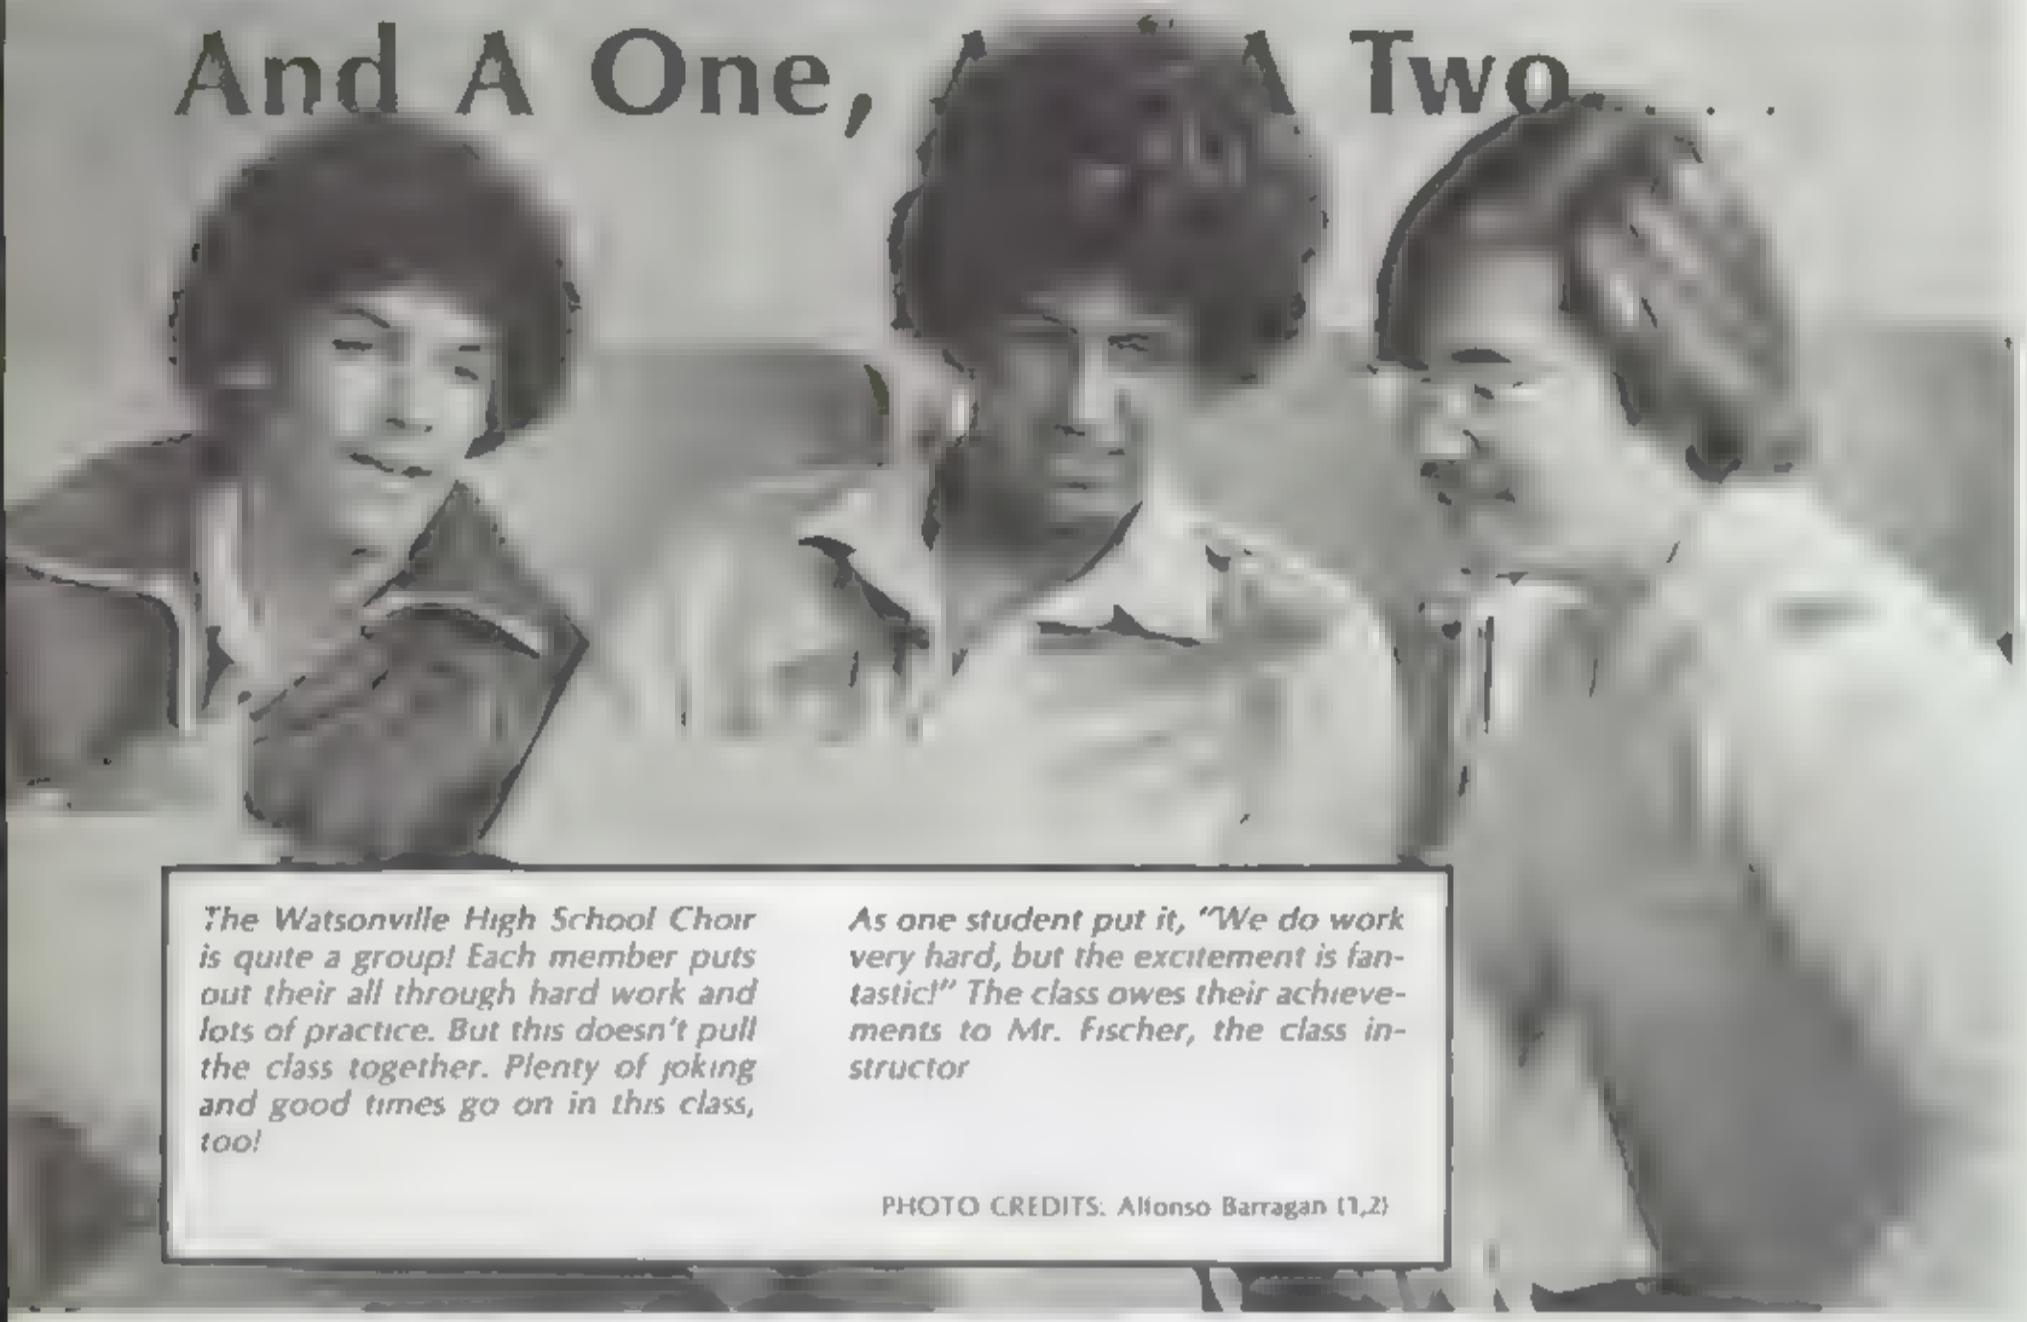

*Chuck Jones is the advisor of the Art Club this year, as he has been for several years now. Mr. Jones, an artist as well as an art teacher, has the class meet twice a month to discuss projects which the club is undertaking. This year the club is planning its yearly trip to San Francisco to visit museums and popular parks throughout the city.*

Group shot from left to right: Otto Gonzales, Liz Reyes, Matt Adams, Kevin Mathis, Lisa Webb, Dann Rios, Chuck Jones, Kim Hardwick, Mark Webb, Ken Mathis, John Rybicki.

# And A One, And A Two...

The Watsonville High School Choir is quite a group! Each member puts out their all through hard work and lots of practice. But this doesn't pull the class together. Plenty of joking and good times go on in this class, too!

As one student put it, "We do work very hard, but the excitement is fantastic!" The class owes their achievements to Mr. Fischer, the class instructor.

# Heritage Restored

*Put together two years ago by Mr Lopez, the Mata club helps Mexican-Americans be known. These club members put out a paper that lets people know what they are planning, and holds its meetings on Wednesdays. The club sometimes plans field trips, and sponsors various activities throughout the year. They even entered their own float in the homecoming parade. Out of many clubs, Mata seems to have one of the most successful futures in store for it.*

*Members of Mata are as follows: Tom*

*Archibeque, Lupe Ortiz, Doreen Lane, Maxine Sepulveda, Joe Ortiz, Theresa Pinedo, Cynthia Flores, Michael Ruiz, Gloria Morales, George Ruiz, Berta Moreno, Patricia Flores, Delta Basaldiva, Patty Labato, Rachael Corrado, Socorro Morales, Martha Morales, Juan Flores, Nieves Jauregui, Louie Guzman, Marilyn Martinez, Maria Bardmess, Jesse Yngessee, Juan Flores, Avery Batad, Maryellen Limon, Teresa Moreno, Jesse Torres, Mario Bardmess, Concha Lameli, Gina Ruiz, Theresa Valdez, Miguel Flores, Arturo Jauregui, and advisor Gerardo Loyola*

# Another Camel?

*Woops! I meant CAML - but we'll get to that later. If you ever wondered about what all of those intelligent looking people were doing running in and out of room 402 (usually on Wednesdays) -you can bet your pants they were having a Math Club Meeting! or a CAML test!*

*In case you're wondering what in the world a CAML test is -I'll tell ya! It's a math test that usually has no more than ten problems on it -but if you can answer half of them, or even any of them, I think you're doing pretty good*

CAML, stands for California Advanced Mathematics League (unless I'm wrong), and they're always sponsoring some kind of math contest. Usually Watsonville is in first place - as of the end of February, we were in second place. For the first time ever!

Our league covers Monterey, Santa Cruz, Fresno, and San Francisco Counties. In November we were very well represented at a contest in Santa Clara. There was a National Mathematics Contest in March (the one you might've paid 75¢ for), and in April we sent around 37 people to Cal Poly where the tough competition hangs out. Awards are given there until third place. We usually place fourth out of one-hundred.

Math club officers this year are; Fernando Marines-President, Nancy Pasion-Vice President, and Jennifer Bokariza-Secretary, and Mr. Thorne is the Advisor.

If you're not a senior -and you dig on math- join them next year; it will be a worthwhile learning experience

(1) Jim Bob Arao works a problem out for the gang. (2) George, you made it in the group picture after all. (3) Group; Angel Vasquez, Mark Webb, David Hunkel, Dave Lint, Banor Man of Steel, excuse me, Nabor Nunes, Jimmy Arao, Ophelia Alba, Jennifer Bokariza, Rosario Marines, Diana Battin, Benito Marquez, Matt Adams, Eric Patton, Carolyn Tada, Fortunato Pascua, Lori Yoshida Ken Rector, Nancy Pasion, Fernando Marines, Patrick Leong, and Mr. Thorne. (4) David Lint plays teach. (5) Mr. Thorne is always willing to help out when it comes to math

# Bright Lights

*The Watsonville High School Drama club ranks high in the world of acting. Students at WHS saw how productive their young actors and actresses were when they put on Ring Around The Moon, a play that hundreds of people came to see. This play was so good that the cast was invited to Manteca to perform in the festival. Although awards were not given, Jon Orozco won an honor for choreography and costumes*

# SECRET PAL PARANOIA

The Watsonville High School Pep Club is an organization that helps build up enthusiasm and spirit throughout the student body. Activities included various fund raisers and secret pals for the basketball players.

As the club chairwoman, Vicky Rivera helped the other club members paint posters for rallies and organize activities. Other club members included Barbie Cardon, Liz Duncan, Janine Kortem, Toni Meidl, Angelica Metz, Susan Mullin, Lizabeth Munoz, Shannon Murray, Cindy Nakayana, Debbi Newell, Patti Salinas, Kelly Valentine, Vicky Vestal, and Roxanne Williams.

(1) Liz Duncan and Vicky Vestal give Shannon Murray a facial flower arrangement. (2) The Pep Club members ham it up for the camera. (3) Pep Club Members left to right are Kelly Valentine, Roxanne Williams, Toni Meidl, Angelica Metz, Liz Duncan, Shannon Murray, and Vicky Vestal

FOOTBALL SPIRIT LEADERS

# Spirit Bounces Into New Year

The basketball cheerleaders roared their way through this year's basketball season. Their rare type of enthusiasm helped to excite the crowds, which, in turn, fired up Watsonville High School. This year the cheerleaders had secret pals to whom they gave gifts of candy, cookies, notes, or whatever their creative spirits cooked up.

1) JV Cheerleaders: Annie Marinovich, Lisa Haas, Mimi Serafica, Terri Vasquez, and Autumn Arreg  
2) Completing a cheer is Marty Pierini. 3) Full of spirit are April Macedo and Doris Vasquez. 4) Mascots. Marty Pierini and Joannie Davis. 5) Pom-Pom: Lisa Stevenson, Dawn Buttner, Tina Arao, Sally Schultz, Jennifer Brown, and Janine Kortuem. 6) Theresa Batin claps her way through a basketball game. 7) Varsity Cheerleaders: April Macedo, Doris Vasquez, Jeanette Harris, Diana Battin, and Theresa Batin

# We Do It All For You

Well here it is, the 1981 Manzanita, and a lot of you are probably saying, "Why aren't the Senior pictures bigger?" "Is it true the staff members bribe the teacher to get their pictures in the book?" And "Why don't you guys put out better yearbooks?" Well if you ask this and one of the staff members strangles you, you will now know why.

**SEPTEMBER:** Our new advisor, Joan Dohrmann, who had never taught a yearbook class before was already on the verge of a nervous breakdown. With the exception of our flaboyant editor, Kellie Castillo, and nine other staff members with previous yearbook experience, the class had to be taught the ABC's of yearbooking, which might sound easy but is actually like trying to scratch your nose with your elbow.

**OCTOBER:** The so called established photography staff, which consisted of seven members who weren't quite sure what the word camera meant, were in the twilight zone and needed some sobering shots of reality. So Shannon Murray and Kelly Valentine were given the job of assigning camera work to photographers who liked the idea as much as they liked a visit to the dentist's office.

**NOVEMBER:** In November we lost our friend and business consultant, Dave Setnicker, because he quit his job and moved on to bigger and better things. Then we had a difficult decision to make... should we stick with Taylor Publishing or move to another company and start from scratch? After several heated discussions, we finally chose Josten's and a representative named J.R. Meyers,

who had a hundred dollar smile and one helluva sales pitch. Mary Florendo paced the floor like an expectant father waiting for photographers to take the pictures for her Swiss Cheese rendition of the sports section. Miss Dohrmann shook her head and Keelie Castillo roared her immortal words "People we have deadlines to meet", in a manner which resembled General Patton.

**DECEMBER:** We missed our first deadline on December 15 and our morality was slipping like a speeding tennis shoe on a banana peel. Miss Dohrmann shook her head and said, "We need to work harder people." Which was a small understatement; what we needed was a miracle. At this point we were supposed to have 90 pages in and we had only 20 to turn in. Clearly something was amiss.

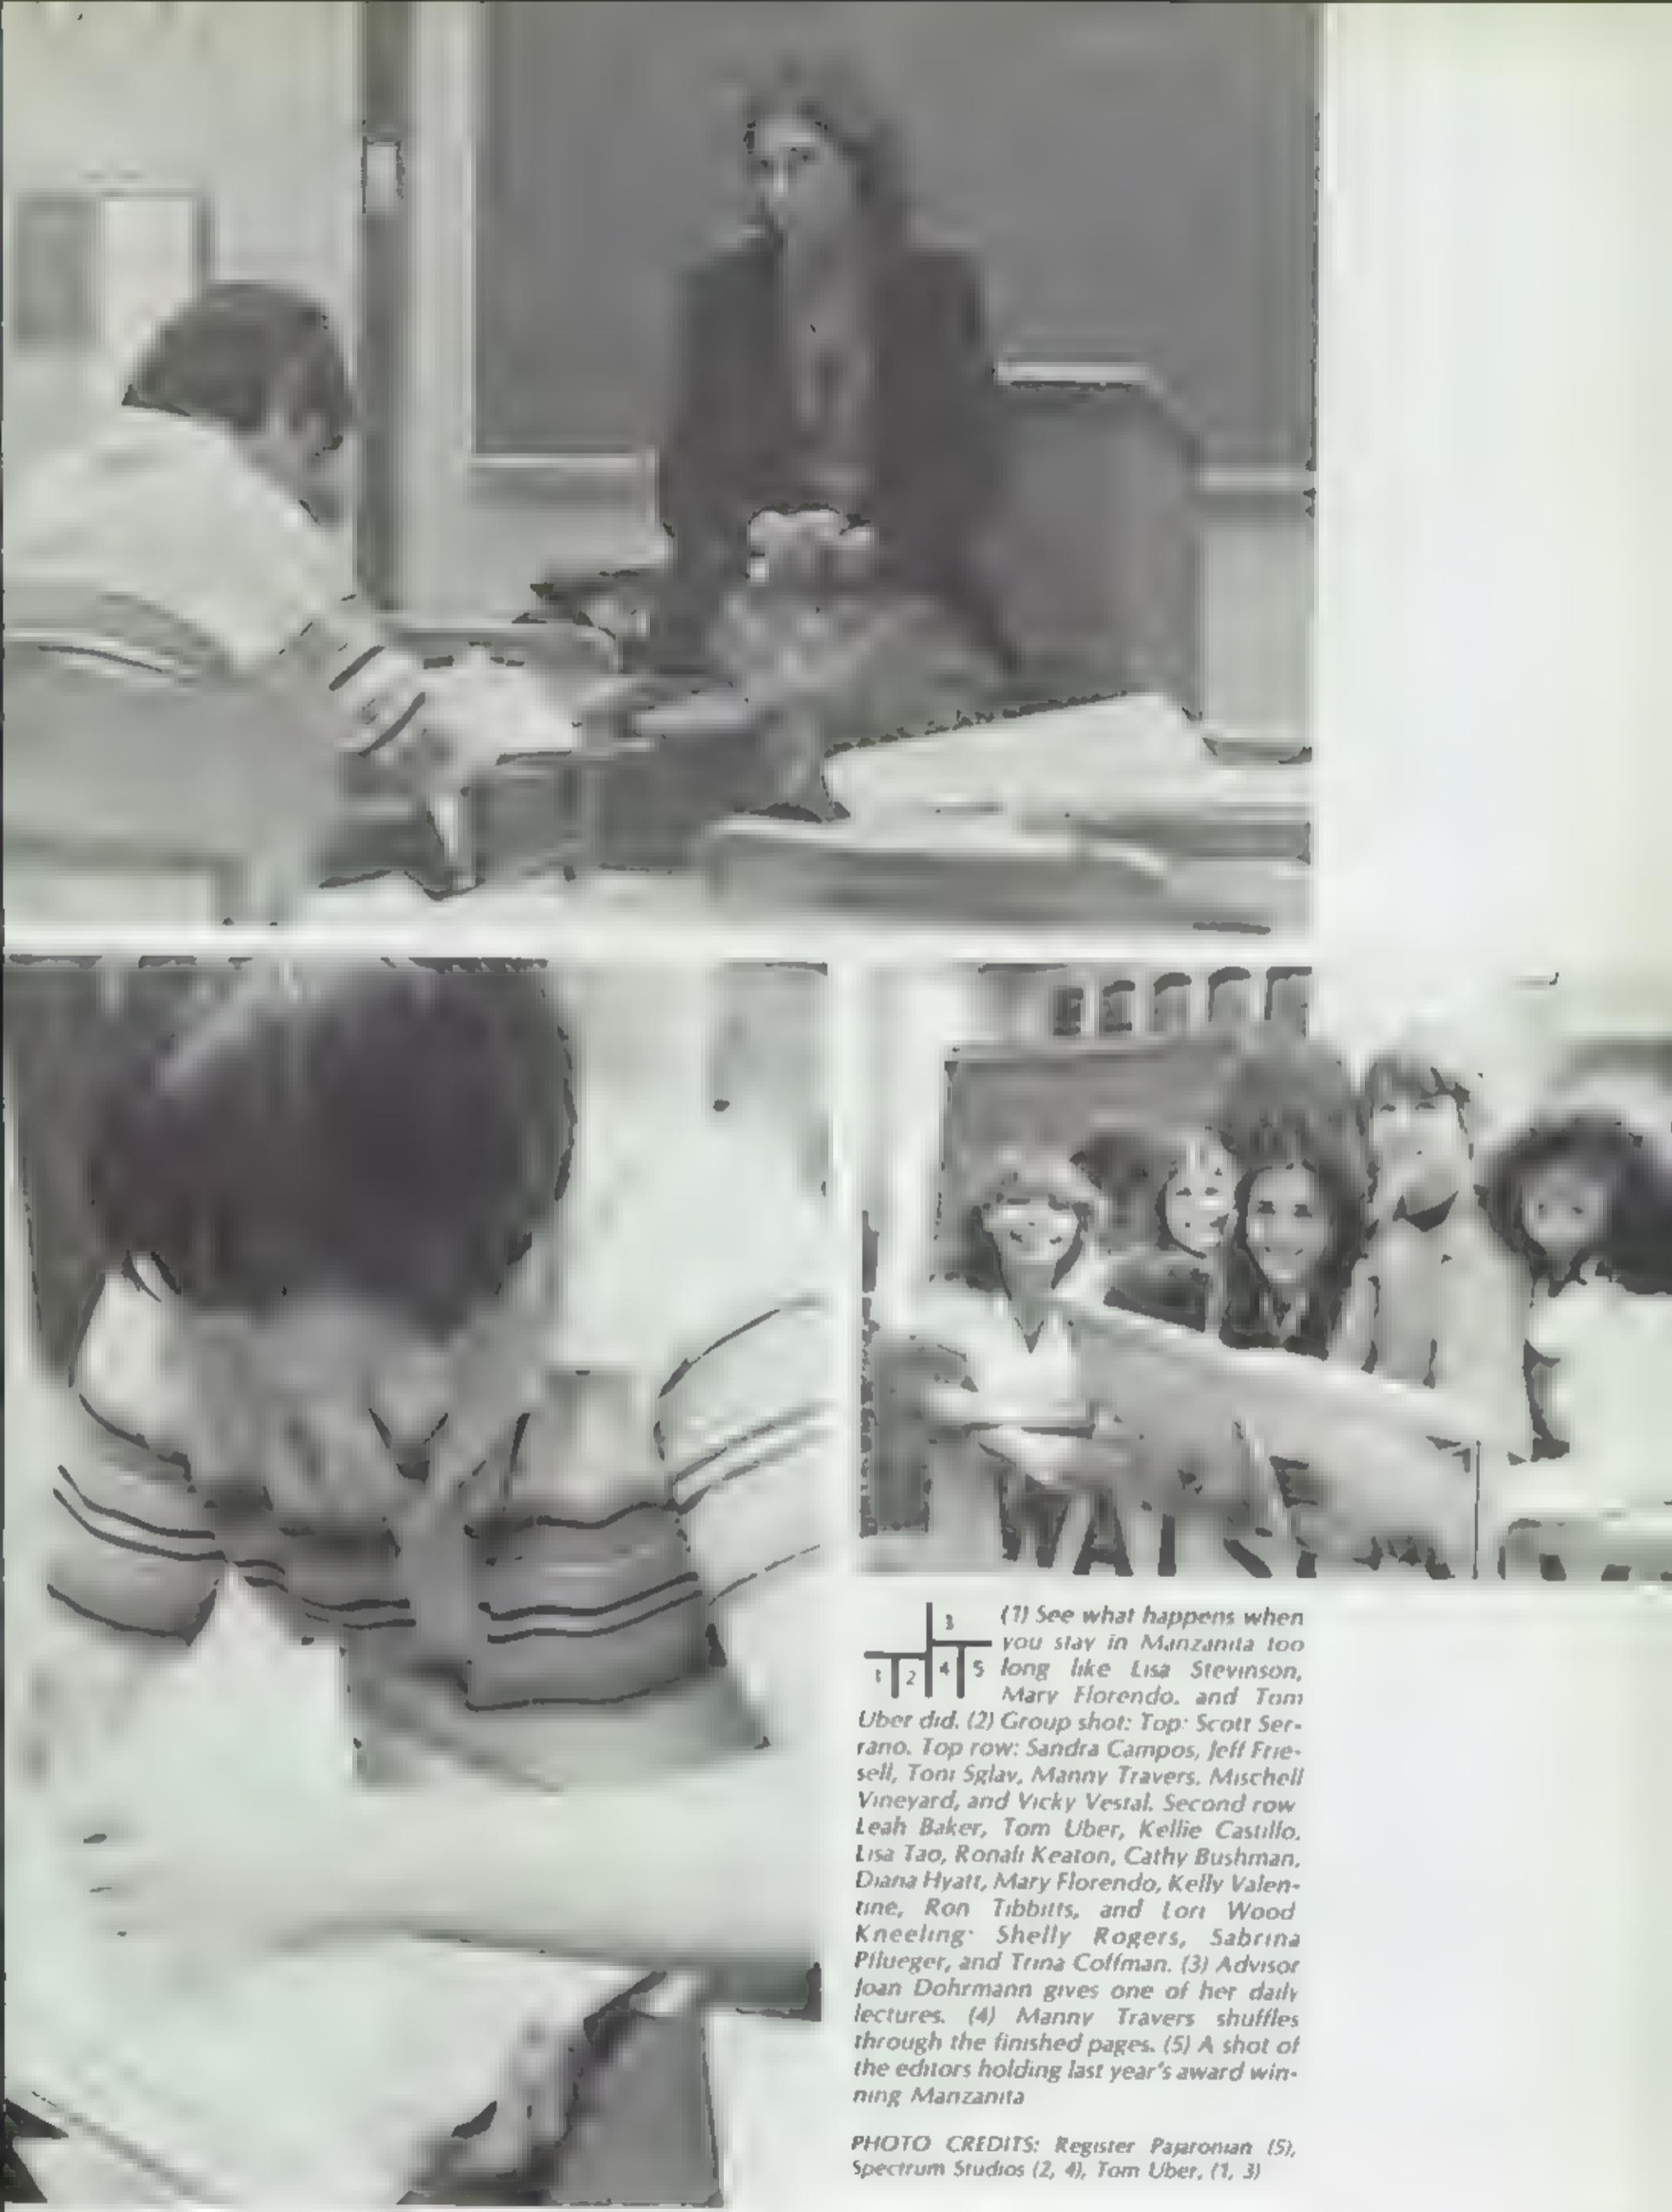

**JANUARY:** God smiled on us and sent us Manny Travers. Four months of photographic disasters were dropped on his dubious shoulders. But with his combination of spunk and pure frustration, he managed to pull together a photography department which Kaopectate and Chicken soup couldn't have cured. Approximately twenty rolls of film had been lost, eight people had dropped the class, two deadlines had been

missed, and the class attitude couldn't have been better if we had been in the midst of a tidal wave. Now more than ever Miss Dohrmann was seriously considering her nervous breakdown.

**FEBRUARY:** Lori Wood was giggling, Shelly Rogers was screaming, Kellie Castillo was giving her usual inspiring pep talks, and Tom Uber's warm affectionate arguments with Mary Florendo gave us an enlightened feeling of being one big happy family. We were on our final lap and were expected to crank out 12 (later 18) pages a day, which delighted us tremendously considering we were averaging 12 pages a month. So we resolved ourselves to 2-3 (sometimes even more) hours of extra work after school and on week-ends to make that final deadline.

Our class was filled with staff members running frantically about trying to finish the pages. The amount of pages needed daily rose to 30 a day and many hours after school were spent hustling in layouts and finishing pages. The deadline was met by a miracle which has not yet been defined. It was the combination of Miss Dohrmann's yelling, Kellie's screaming, and the hard work of many little hands that made it possible.

1 See what happens when  
you stay in Manzanita too

# OUR UNIVERSE

# In And Out Of School She Shines

Watsonville had a number of excellent athletes, but it wasn't very often that one competed internationally. Sophomore Lisa Gussenoven had the opportunity in December, when she competed in the sport of vaulting in Paris.

Vaulting is a team sport "in which gymnastic-like poses are struck while riding on the jumping, jerking back of a thoroughbred quarter horse." Lisa reported, "Every team member must compete in six compulsory exercises and then with the extra time left over out of fifteen minutes, the team must finish with a free choice routine."

During her time in Paris, Lisa stayed with a very nice French family who spoke no English. At that particular competition were teams from Germany, Austria, France, as well as the United States. Her team, the Sundance vaulting team from Woodside, earned the "A" division world championship, or the highest level possible.

Lisa likes riding horses, diving, and gymnastics. She enjoys most of her classes, especially her keyboard class taught by Mr. Fischer. She plans on continuing her interest in vaulting and would like to qualify for the upcoming competition in Germany.

(6) Photographs were an appealing attraction to the spectators. (7) Hats of all seasons were displayed and sold. (8) Expo Hall drew a variety of people

Well . . . there it goes again. Whizzing by faster than you realize. Each year in early September everyone planning out days and nights to the fullest for the exciting, unpredictable weekend of the Santa Cruz County fair. Some of the popular happenings this year were the concerts of many kinds. People from all over came to listen and dance to the rock n' roll sounds of the Greg Kihn band and the nifty fifty tunes of Daddy-O. They kept people tapping their feet with songs from the past, and a few new ones of their own. Walking through the Crossetti building, or the 4-H building or looking at other displays, the community was reminded what their young population is capable of. When Sunday afternoon rolled around, people left with tired but satisfied looks on their faces, carrying home their prizes, pictures and another weekend of fun-filled memories.

# Y.M.C.A. Going Strong

The Y.M.C.A. is a place where you can do a lot of things for your body. They have many different kinds of exercise plans. You can swim, lift weights, play basketball, play raquetball, or try gymnastics. The Y.M.C.A. has also just added a new women's sauna and more classes for women such as exercise classes. It's low cost and it's a lot of fun.

# Lunchtime Lairs

For a change from our convenient crowded cafeteria, we students go to many other places to satisfy our hungry appetites. When the lunch hour begins, it's time to get together with our friends and decide where we're going. Our main nominees are McDonalds with their quick, popular service, Dairy Queen with their crowded waiting room, and 7-11 with their inflationary prices. Most of the places we decide on are within walking distance from the school. There are also those places to eat on Freedom Blvd., yet they are too far a walk to fit in our allotted time. So Where are you going for lunch tomorrow? That's tonight's homework.

(1) Elena Alcantara rings up an order at Winchells. (2) Taco Bell is also frequently visited during lunch hours. (3) Typical mid-day at Catz Pause. PHOT CREDITS: Alfonso Barragan (1, 2, 3, 4)

This year the Watsonville Sno-Catz got a late start on their seasonal hobby. The snow came just in time for the January trip but not in time for the previously planned weekends. Utah was once again cancelled this year due to lack of sign ups but we're planning to get geared up for it next year so we can try out some new runs. This year the club was run by Michael Copriviza as President, Craig Yappert as vice president, Janine Chicourrat as secretary, and Bill Fukutome as treasurer and of course our one and only Miss Pogue

# Snowfall Delayed

# Mary Telles . . . 2,500 Kids Call He

# Mom.

Mary Telles was born and raised in Lemoore, California, where she lived the first 20 years of her life. She was then married and moved to Watsonville.

Mary explained the way schools have changed since her days in high school in a recent interview. "The rules then were very strict. Discipline was very prominent also." Her school was very small, only 360 students.

Mrs. Telles has been working in the Pajaro Valley School district for the past 21 years. At first she was a playground director, working off and on. Then, in 1964, she helped organize the recreation program at the Vet's Hall, where her daughter presently is employed.

Finally, she settled down with her present job here at Watsonville High.

Mary went on to describe her children: "Jeanette (Varni) is 32. She works at the Vet's Hall, where I used to work. Cynthia (Telles) is 25. She is a substitute teacher in Hollister, and my son, David, 30, is a medical researcher in Tucson, Arizona. I'm so *very proud* of my children!" Mary proudly added that she has three grandchildren too. Kelly, age 11, Lindsay, age 7; and David Michael, age 2.

Upon being asked what she likes best about the students here at W.H.S., she enthusiastically responded, with a grin on her face, "They're great! Each student is special in their own way. I love each of them *sooo* much."

# Business Becomes Pleasure At W.H.S.

The third year of Career Day was as successful as anticipated. People from the career areas of sports, advertising, fashion design, and cosmetology, to name only a few, came to share information with the students. Depending on our choices, some students headed "across the street" to hear about a career such as police and law enforcement, then headed back again to learn about interior decorating, aviation, or auto mechanics. Even though many students feel a serious career decision is too unrealistic right now, Career Day gives us an opportunity to learn specific details about occupations which we can use in thinking about our future. As the day began, we quickly realized we had better pay attention—it's not as far away as we thought!

Manzanilla*

*Teen Age Mothers New Addition To Campus;*

## T.A.M. Takes Part

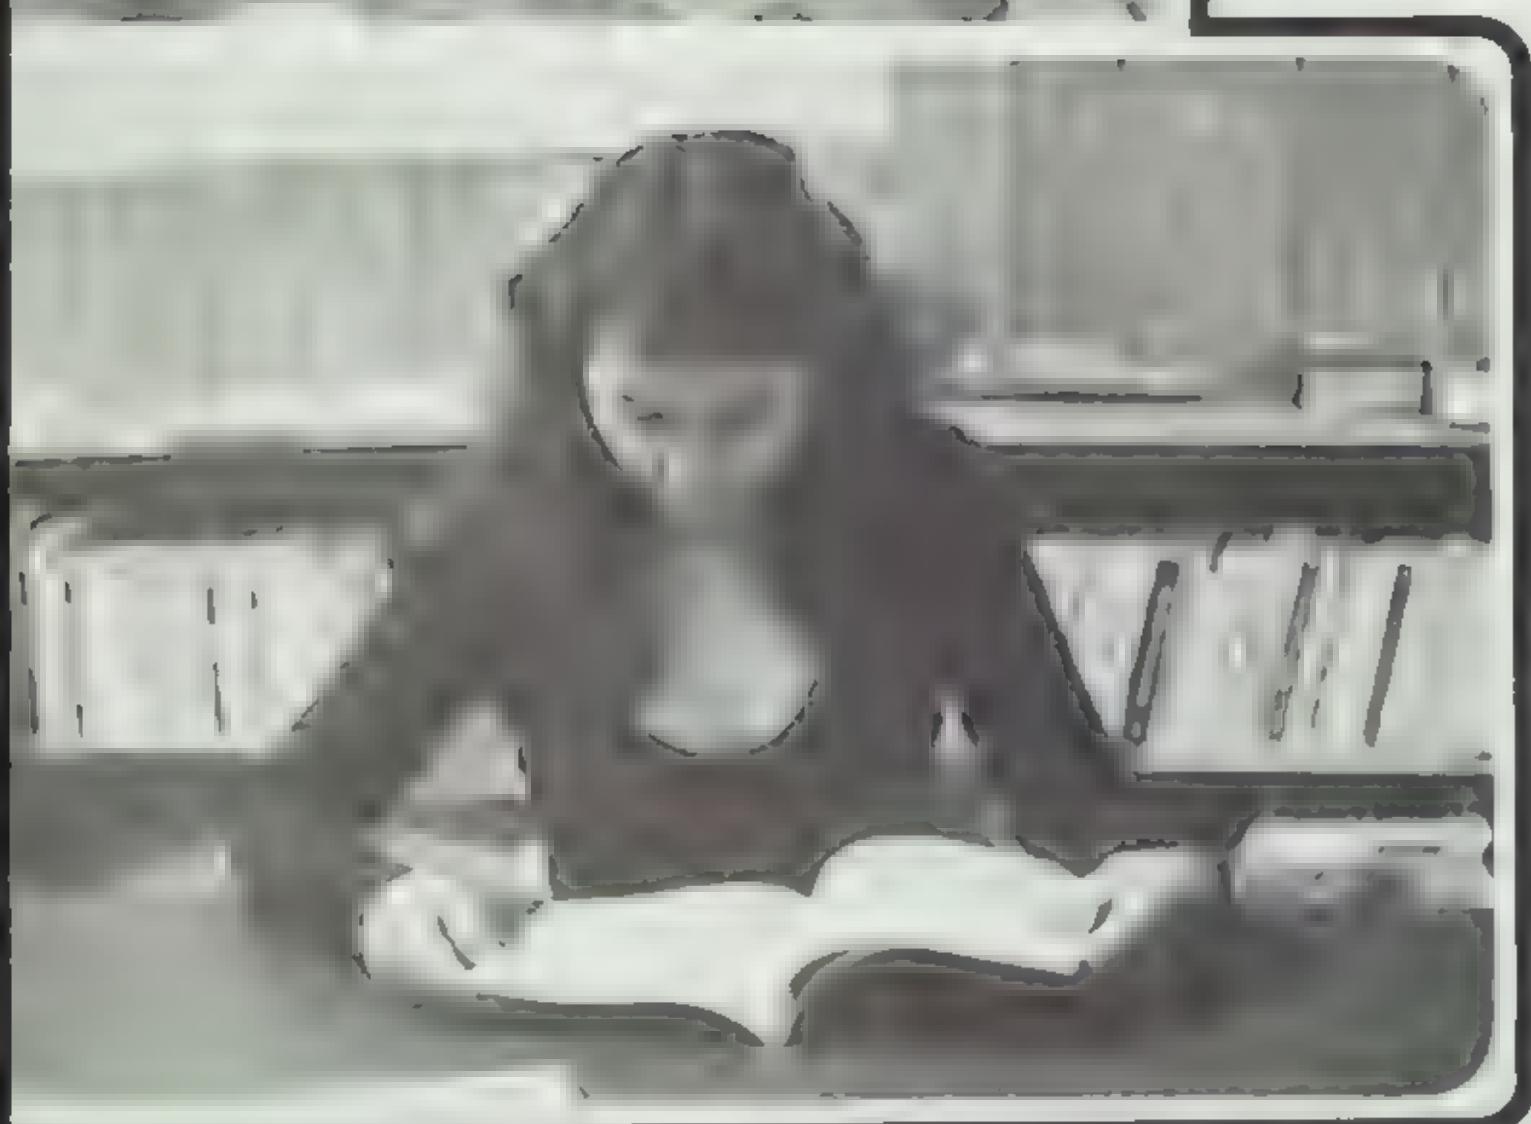

T.A.M. (Teen Age Mothers) is a full time program offered by the Pajaro Valley Unified School District to pregnant teenagers or teenage mothers who have recently had a baby. The program has been with the school district 10 years. T.A.M. students take classes not only towards high school graduation, but also in pre-natal care, birth, and post-natal care. The students schedules are flexible. They take some classes in T.A.M.'s self contained classes or at any high school in the Pajaro Valley Unified School District. Beverly Wong, coordinator of T.A.M. comments, "Being on campus has opened up many opportunities for T.A.M. students to get more involved with the High School activities. We feel we are more a part of the High School campus."

(1) T.A.M. student starts homework early (2) Mrs Wong, coordinator, works on students' papers. (3) Julie Borges reads a school book before class.

*S.A.P. It To Them*

# School Age Parents Learn

S.A.P. (School Age Parents) is somewhat like T. A.M., except S.A.P. is a program open to any students, male or female. The program welcomes parents (12-21 years of age) who wish to complete their High School education. They may complete it through any high school in the Pajaro Valley Unified School District. S.A.P. provides an infant/toddler center. Its classes are infant care, health, and nutrition. The center is also used as a lab for classes for non-parenting students in infant care. Also, economic programs are individually designed to meet student's needs. These include work study, and also mainstreaming in the High Schools of the Pajaro Valley Unified School District.

# Bev Hudson, In The News

Bev Hudson was a Watsonville High School graduate in 1973. She, like many other students there, didn't know quite what career field she wanted to enter. In high school, Bev took college preparatory classes. Her few electives were choir and speech (at that time there were no special classes such as Manzirita or journalism)

Not only was Bev a 3.94 student, but a C.S.F. life member, a cheerleader in her Junior and Senior year, and a princess for both football and basketball homecomings. Bev's spirit was always shown at all the Wildcat games. Two years prior to her cheerleading participation, she was a colorguard.

Speech and English classes opened her heart to speaking before people. That was what Bev enjoyed most. Speaking led her into wanting a career that had a closer communication with people.

She wasn't quite sure what field she wanted to enter, so she entered Cabrillo for two years. There she found a mass communication course being offered. She took that course and most all her required courses needed to get a double major in speech communication, and was two classes short for a major in journalism.

Bev first started her journalism career in Eureka, a small town of 30,000. Her work was for a part time job at KUIQ-TV, in June of '77. She recommends starting in a small area and getting experience in the field.

At the beginning for Bev, she began with five minute inserts while at-

tending Humboldt State. Before the end of the summer, she was a full time student and co-anchorperson.

Bev married Sonny Stupek in '78 and they then moved back to their home community of Watsonville where they've lived for over two years.

Bev is currently working for Channel 8 news, KSBW-TV, as a co-anchorperson.

Her work takes about nine to ten hours a day. Twice a week she is video taping and the rest of the time she spends writing and preparing her assignments for her next viewing.

Bev does all of her own editing, which she enjoys every minute of. Her favorite news lines are health insights and close up interviews with people, in depth, after an incident has occurred. She doesn't like on the spot incidents of accidents which involve the deceased.

Bev Hudson does give advice for anyone who is interested in the broadcasting field. Start in a small area and get experience and work your way up the ladder to advancement. This will strengthen your career in broadcasting in larger areas.

Bev was hired by Channel 8 because she had references, experience and the knowledge of TV. She also had the ambition to become a broadcaster.

Bev Hudson is the only member on the Channel 8 newscast who is from the Bay Area.

news

# Migrant Students In Action

This year WHS has 400 migrant students. This figure is the largest in the past four years at WHS. They include students in grades nine through twelve and make up about one-fifth of the school population. Many of these students are limited or non-English speaking who are placed in a bilingual academic program. They come from families who depend on agriculture related jobs. Those include local canneries, strawberries, lettuce, apples, artichokes, and nurseries for the fishing industry. The migrant families move two to four times a year following the crops and growing seasons. This constant mobility makes the sense of permanence almost impossible.

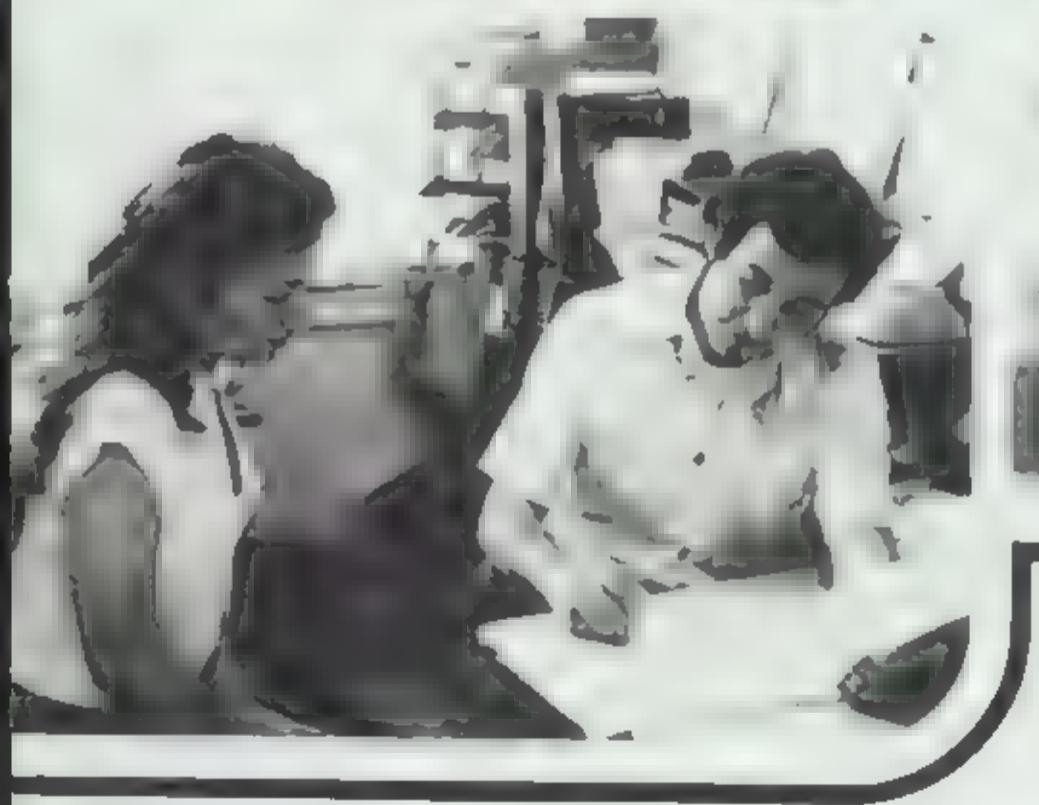

Migrant students come from a variety of different states primarily California, Texas, New Mexico, and Oregon. Various countries from which they come are Cambodia, Vietnam, Philippines, and Mexico. Migrant families are of many different nationalities, but they are mostly of Spanish origin in Pajaro Valley.

The constant mobility of migrants has hindered their educational growth in basic skills, language and their sense of belonging to any school or community. The Federal Government has funded the migrant program as a supplemental support

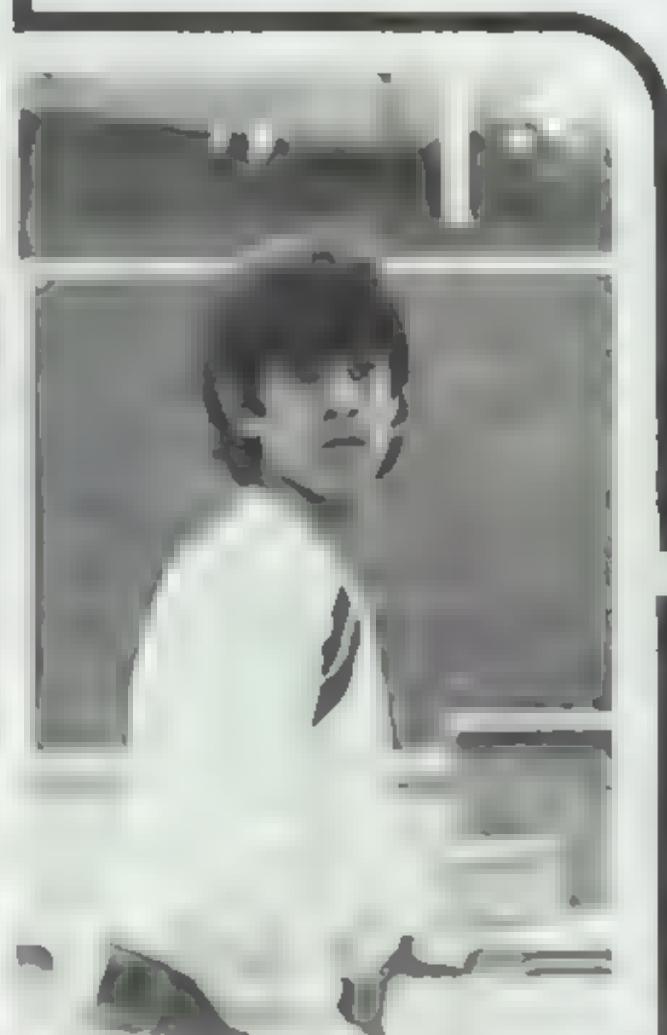

program for school districts having a large percentage of migrant students by assisting migrants to develop their educational background and vocational skills. The migrant program at WHS is supplemental to regular staff and materials. The migrant staff are bilinguals who work closely with the regular staff in meeting migrant students' special needs. The migrant staff is committed to giving the migrant population at WHS academic and vocational assistance towards meeting school requirements.

The migrant supplemental support staff includes migrant aides, teachers, counselors, nurse, and liaison

# A Peek Inside

Watsonville High School has many different courses that are offered to its students, one of which is Child Development. Students work with young children from the community in pre-school classroom. This year 23 children were enrolled, with many waiting. The classroom is designed for the children, with dramatic play-toys, pets, and child-sized furniture. A playground for the children is part of their recreational activity, but not all of their time is spent playing with toys. More than 160 students participate in the center's activities each day and get the satisfaction of preparing meals, using effective disciplinary measures, and teaching developmental skills. Youngsters are taught the self-pronouncing alphabet and learn one letter each week using oral exercise. The students also get to help the children adapt to a new environment, because for the most part, it is the children's first time away from home.

# Catz Get Drained For A Good Cause

September 29, 1980, the Red Cross bloodmobile came to Watsonville High School. Teachers and students participated in this worthy event. The blood toll was not as high as last fall, but this spring is expected to be better. This year's blood drive coordinator was Cindy Allison. She would like to thank all the students for their time and effort in helping her with the drive. Also, she is hoping that more teachers and students will donate blood and raise the toll during spring 81's drive.

(1) A loyal donor, Mrs. Set can always be counted on to help. (2) Jerry Loyola prepares to be "skewered" by a vicious nurse. (3) An exhausted April Macedo gets some shut eye on the job. (4) Blood Drive Coordinator Cindy Allison at the end of a hard day. (5) Foxy little Carlyle Gomez "hunts and pecks" up a storm.

# **MAIN STREET,**

## **Twenty Years Ago Today . . .**

Watsonville's downtown area has experienced and endured a wide array of changes over the years. In addition, to the obvious automotive changes, an observant viewer will also notice that the traffic lights, store signs, and street lights have been altered dramatically in the past twenty years. This photograph was taken by a Manzanita staff photographer in 1961, who was standing in front of J.C. Penneys looking up Main Street toward the Fox Theater. (See the sign?)

Photo Credit: A Special Thanks To The 1961 Manzanita For This Fine Photograph.

*Fresh as Tomorrow*

**BUD**  
OF CALIFORNIA

## A promise that's never gone stale.

Seems like only yesterday that we began to describe our produce as "fresh as tomorrow."

Matter of fact, it's been over ten years. And though techniques have improved since then, our commitment has never changed at all.

We've always been determined to

bring you the finest possible produce. We pick at the peak of perfection and pack immediately, right in the field.

Lettuce, cauliflower, cabbage, celery. If they come from Bud,<sup>®</sup> they're always "fresh as tomorrow."

Because the spirit behind the promise is equally as fresh.

# Stargazers

# = Reaching For The Highest Star =

A senior looked to the stars for a view of his or her world to come. Today's world is constantly changing; therefore, the need to grow with the times is forever increasing. As if reaching for a star-our seniors held steadfast to the goals that each of them set for themselves in life.

(1) This was the casual scene in Mr. Davies' History of Russia Class for Mary Florendo, Robert Martinelli, Laurel Lehmann, and Michael Copriviza. (2) Tom Uber works on Mrs. Fischer's term paper.

## Senior Shots

# Faces We'll Remember

Somewhere on the planet earth in the year 1963, there came forth four bright and outstanding people. Someone in the stars told them that they would become leaders of a spirited and wonderful Senior class at Watsonville High School. These four represented the class of 1981, Mike Zenker, President (for the second year in a row), Luan Wilfong, Vice President, Carol Sakoda, Secretary, and Randy Green, Treasurer. Each of these Seniors have contributed their hard work and ingenuity to the class. Their names shall always be remembered.

Lunch Munchies

# Seniors Get Hungry

Blowing bubbles from a chewed-up piece of gum, sipping Pepsi from a tall, cool cup, eating hamburgers, fries, donuts and all those junk foods, and reclining on a bench just enjoying the hour of feeding our faces. -Lunch time for Seniors seems to drift by on those sunny afternoons. A time to eat, talk to friends, study for a test next period, talk, do homework, talk, or just plain eat. At this time we relax and enjoy an hour of no school work, until that final bell rings and we are back in class. It was great while it lasted!

(1) Having fun feeding their faces are Sabrina Pfleger and Leah Baker. (2) Jose Ruiz and Peter Navarro spending a typical lunch period. (3) Jesse Munoz and his friend spend their lunch hour talking. (4) Joanne Roach, Dana Greco, Terry Pohorski, and Lori George enjoy exchanging gossip during lunch.

# Changing Seasons Along With Changing Faces

Senior faces grow and change as they go through the seasons. And life, like seasons, is never predictable. So each new day makes each new face look at life in a different way. The only thing that is certain, is time which each of us will go through in our own special way.

*Homecoming Lifts Off*

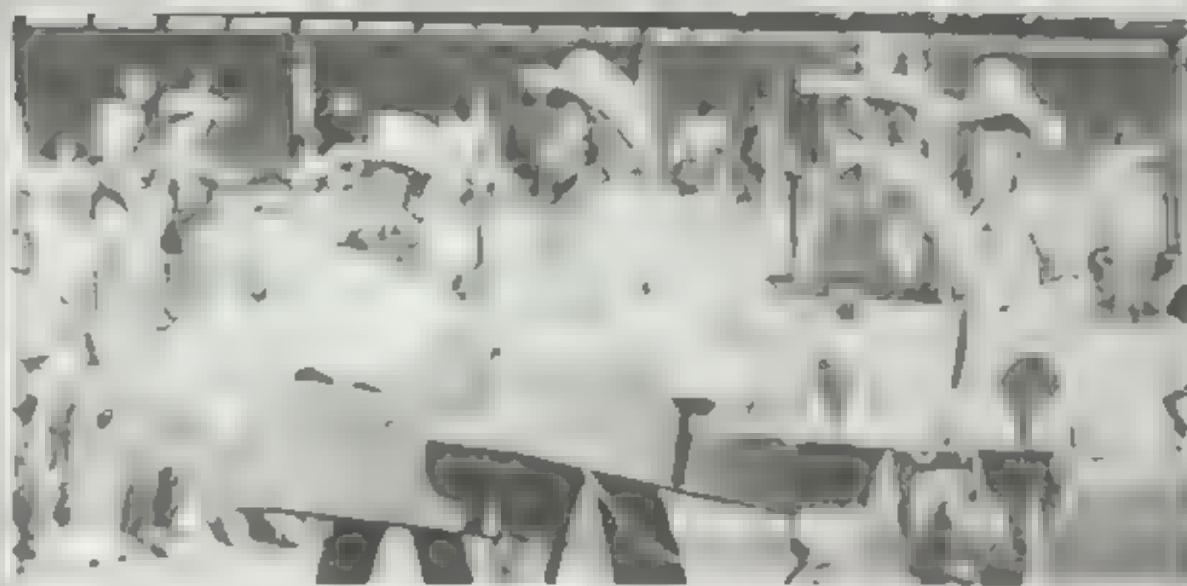

# Seniors Rock-It To Victory

While the last second was ticking away before Homecoming Chairman Tom Uber announced the first place Homecoming float, the Seniors were already on their feet and cheering with excitement, for the class of 1981 had won the first place trophy. The past three years the class floats were like horses on a merry-go-round, going up and down: placing fourth, second and going down to a disappointing third. But with a lot of hard work and dedication in a very short time, the Seniors made it through and won with flying colors. Black and Gold. Congratulations to them all!

# Rooting Rallies Senior Spirit Shines

Walking down the hallway heading for the gym, you can hear people yelling and the band playing the wildcat fight song in the distance. As you approach nearer, the sounds become louder. You rush through the door and set your self down. A good Watsonville High School rally is beginning. Spirit fills the air from the Senior section. They love to go and cheer on their class, in class competitions, in the excitement of a rally. Just look at their faces, we all have fun, and rallies make our day.

*Gearing Into The Future*

# Shifting Back Into Time

Like looking through a rear view mirror, we can all look back to the many fun and wonderful things we have experienced at Watsonville High School. As Seniors, we have gone through difficult and easy times during the past four years. Life here has been like a steering wheel, going around and around. But we've made it this far and we will be looking through the front windshield to where the future will suddenly, unexpectedly, pounce upon us and we will be steering our way toward adulthood. Besides looking ahead, we will often look to the past, where the memories of W H S. will be remembered.

# Not The Seniors

It's rare to see a Senior not in a picture. Wherever you look they're the center of attention. There are those crazies, those show offs, and those who love the life of fun and action that make our day. These are the students who are mature and set good examples for the underclassmen, but still have that childish spunk that keeps them alive. And somehow they're always caught in action having fun times before they graduate. We applaud them.

*Waiting For That Day*

# Many Obstacles Slowed Everything Down

The Senior class began the year with the usual apprehension and dismay. It seems every year is a little longer and a little harder with unforeseen rugs that are pulled out from under our feet along the way. But all these factors make the final day - graduation - much more important and worth waiting for.

2      (1) Lockers were used daily, this one was occupied by Octavio Campos. (2) Lisa Tao is caught studying. (3) The tables were often occupied by groups of Seniors.

*Key Role Of Life*

# Seniors Play Their Tune

(1) Lynn Kimoto plays the piano

PHOTO BY DEAN HARGRAVE

Seniors have the key roles in high school life. We are like musicians warming up for a concert. The turning point of our life is just around the corner. We will be directed to go up and accept our diploma which will mark the end of life at Watsonville High School and the beginning of our future.

*Exiting From The Past*

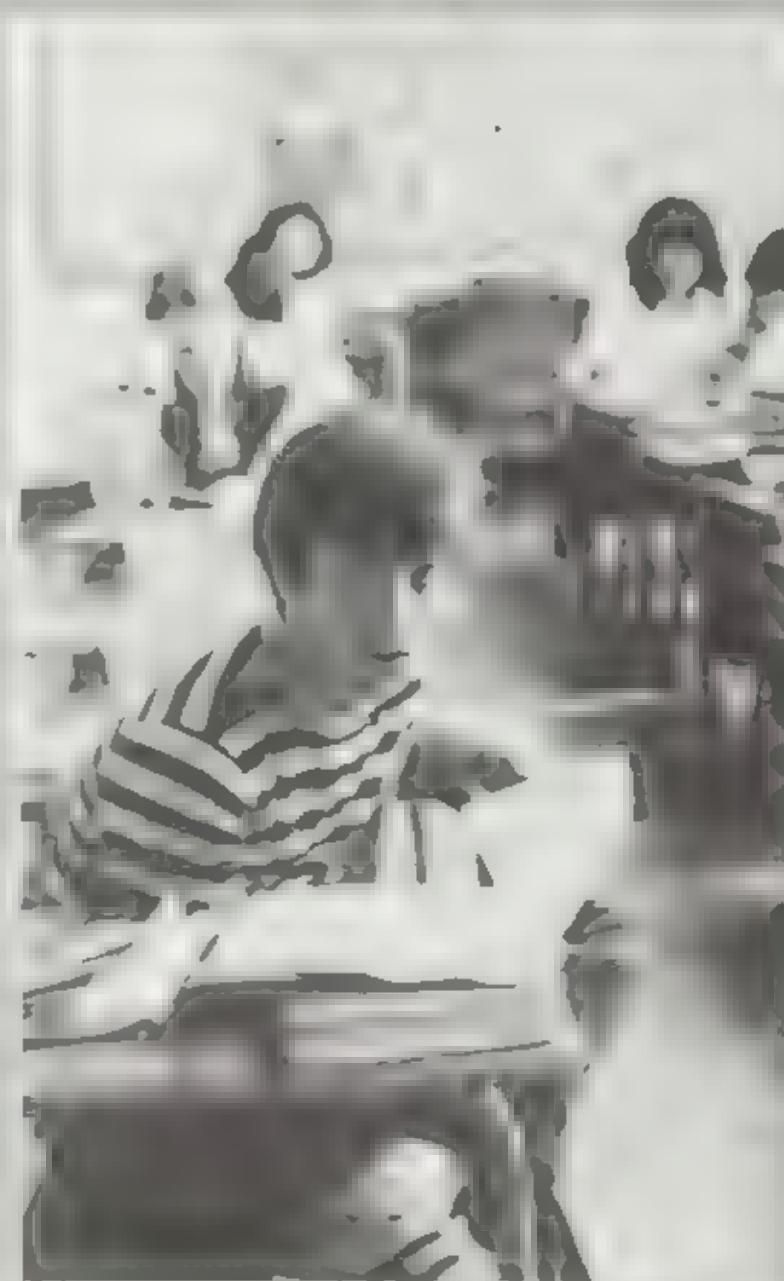

# Entering Into The Future

Remember when we were freshmen? We were really out of it then. Sophomore year was a little bit better, but nothing in comparison to our Junior year. That was really something—5th period lunch and all. Nothing was better than being a Senior. Nothing. Except of course Graduation. And the circle completes itself... Freshman again, in the school of life.

Saying Good-Bye

# Memories Of W.H.S. Forever

Toward the end of our Senior year, life slows down and every moment becomes one which will be treasured for a life time. Every Senior is special in his or her own way, for these are a few of the faces and friends we may never see after we graduate, but we will keep the memories of them and Watsonville High School in our hearts forever.

(1) Seniors will be Seniors!

~~Senior year means different things to different people. We're all individuals.~~

~~Some meanings of senior year stay the same~~

~~You have an idea where you're headed, but don't know exactly when you'll get there~~

~~It's a time when you gain a certain maturity~~

~~You realize that it's a time to be more realistic about what the future holds~~

~~But not a time to throw away all of your dreams, be they ~~utopian~~~~

~~Ordering your cap, gown, and announcements~~

~~Waiting and hoping to be accepted by one of the Universities you sent all those forms to~~

~~It's a time to look back at your years at SHS and remember all the times you had be they good, bad, happy or sad.~~

~~Senior year, your last year of the "four year plan" is many things all rolled into one,~~

~~that one thing is the path towards that special day,~~

~~Graduation~~

~~That day is special for each one of us who is graduating~~

~~It's the day we can be proud of, it's the day we can walk up,~~

~~get our diplomas, and say-~~

~~Look out world I'm movin' up!!~~

— Jeanette Harris

# Searching The Heavens

Junior class spirit bound itself together-link by link. Each links purpose was to form a ladder that, day by day, would climb firmly to the sky. Every junior in his or her own way contributed to this ladder which searched throughout the heavens for a pathway of their life to come.

## Study Center Supporters

Those Juniors sure had to try to survive their classes this year! They were a good class to prove that it wasn't difficult to arrive on time. In fact, a few had some trouble leaving, and stayed after for a minute or two to receive extra help. (Still, others felt it was their duty to participate in the new study hall program.)

This year's class of Juniors seems to be more academically inclined than in their past years at Watsonville

# **Junior Officers**

The junior class officers were very involved throughout the school year and took part in the running of Junior activities such as the Junior class dance. The members included, Jeff Hermisillo- President, Phillip Sodomyer- Treasurer, Anna Petrusis- Secretary, Jeff Little- Vice President

These members helped to run the affairs of this year. With a successful ending, insuring a good start for next years junior class.

## Supreme Shogun Floats High

Shogun was the popular series of the season and the popular float of the Junior class. Even though they were awarded 2nd. place, they felt their float stood out above all.

I'm sure that next year when they elevate their position to almighty Seniors, that they'll accomplish what they've been striving for all these years at Watsonville High. 1st. place, the place of honor they just can't miss.

1 (1) The Supreme Shogun float attained second place.

## Junior Spirit Sparkles

The class of '81 has been looking forward to June of '81 when they will be able to finally do what they have dreamed of for so many years. No more worries about homework, except of course, for those who are continuing on to college.

But everyone will finally feel the freedom and responsibility of adults.

Some seniors will be very joyful to leave school and all of the agony of homework, but others will be sad because they don't want to leave their fellow classmates and all the fun they have had their four years at Watsonville High.

## Third Year Memories

Everyone enjoys the Class of 82! Why? They all have cheerful faces and whenever you look at them it seems to make one of those gloomy days brighter. The reason for such happy faces is that they only have one more year to go. Their Senior year will be here before they know it. Sophomore and Freshman years seemed to have passed by so quickly and all of a sudden, their Junior year is here and gone. Then all that is left are the memories.

The next time you see a member of the Class of 82, be sure to smile at them and they'll smile back at you.

## Life Goes On

Entering this year with hopes of finishing it fast, is this year's Junior class. Looking back, some years stand out more than others. Certainly, for some, this year will hold memories that will last the rest of their lives.

A Junior always looks forward to his Senior year. The thought of being the top tallest is always enjoyable. But, the one problem is that he doesn't like studying, writing, math, english, social studies or science.

However day after day, the world spins round. Life must go on, but sometimes, with all the confusion of a busy day, life seems to stand still and drag on endlessly. For Juniors, taking tests, doing homework, and restless hours of schoolwork seem to pile up. But, the hard work will pay off when the year finishes and you know you've only got one more year to go.

# Existing Enthusiasm

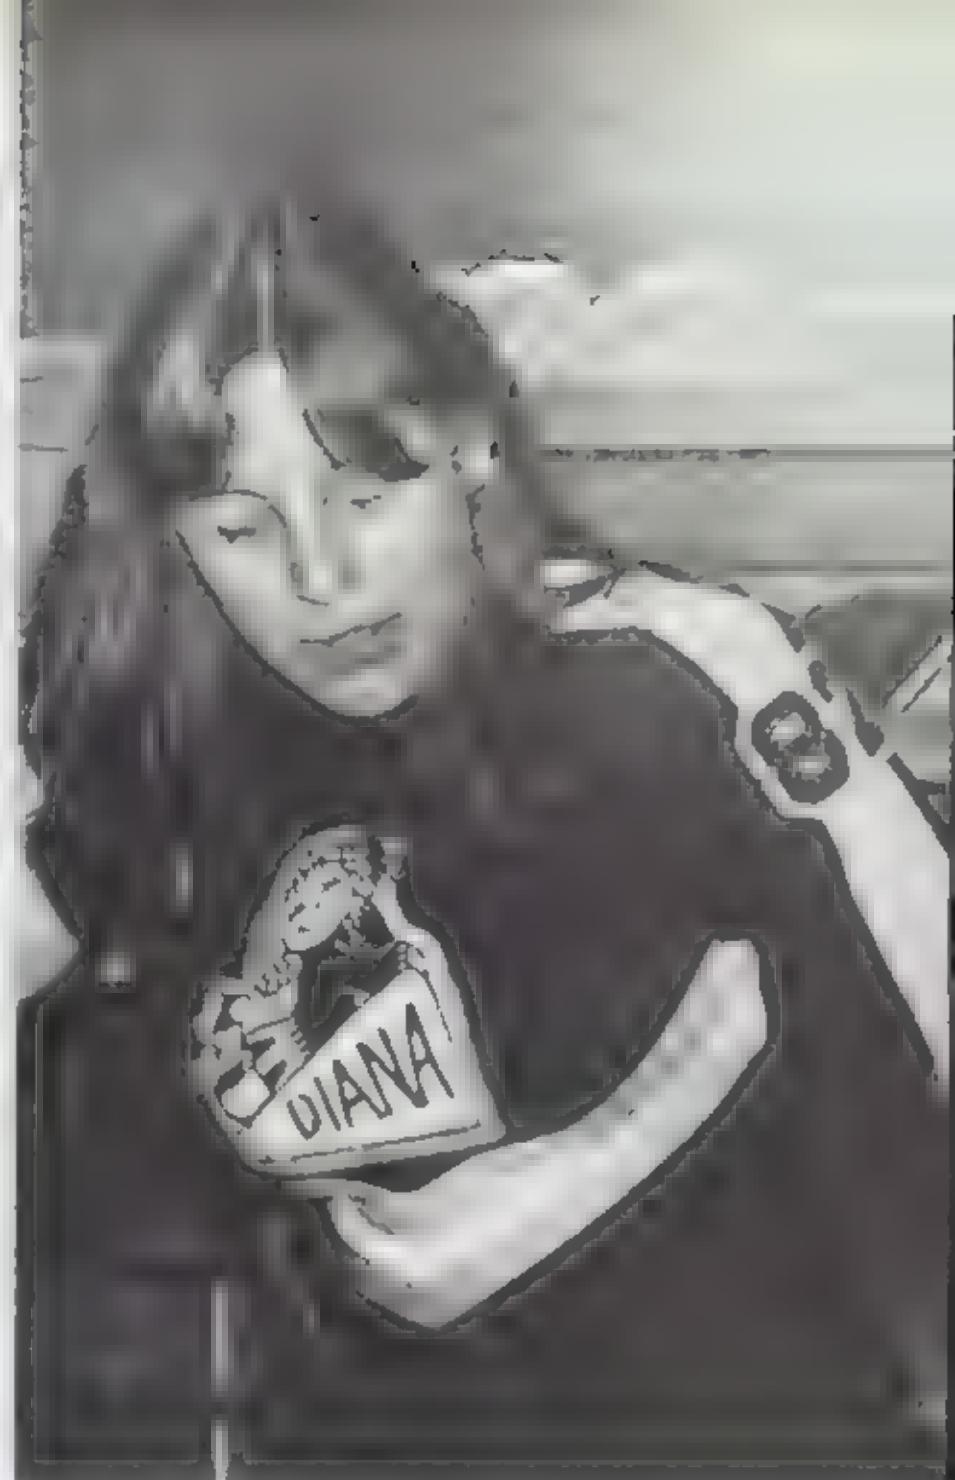

The junior class spirit has been extended to all forms of school life. They were enthusiastic participants in sports and were well represented in the intellectual aspect of our campus life. They enhanced the various social activities of the school and lent color and support to its functions.

Their own class activities were both numerous and successful in striving to glean the most from their High School life. The Juniors have advanced their cause show great promise for the future.

(1) Diana Batin represented the junior class enthusiasm. (2) Taking time to study is Scott Yeager. (3) Christy Clough participated on this years swim team. (4) Sally Schultz takes a stroll. (5) Sneaking in a few words to his friend is Danny Florez.

PHOTO CREDITS Spectrum Studios (2), Chris Hunkel (3, 4, 5), Shannon Murray (1)

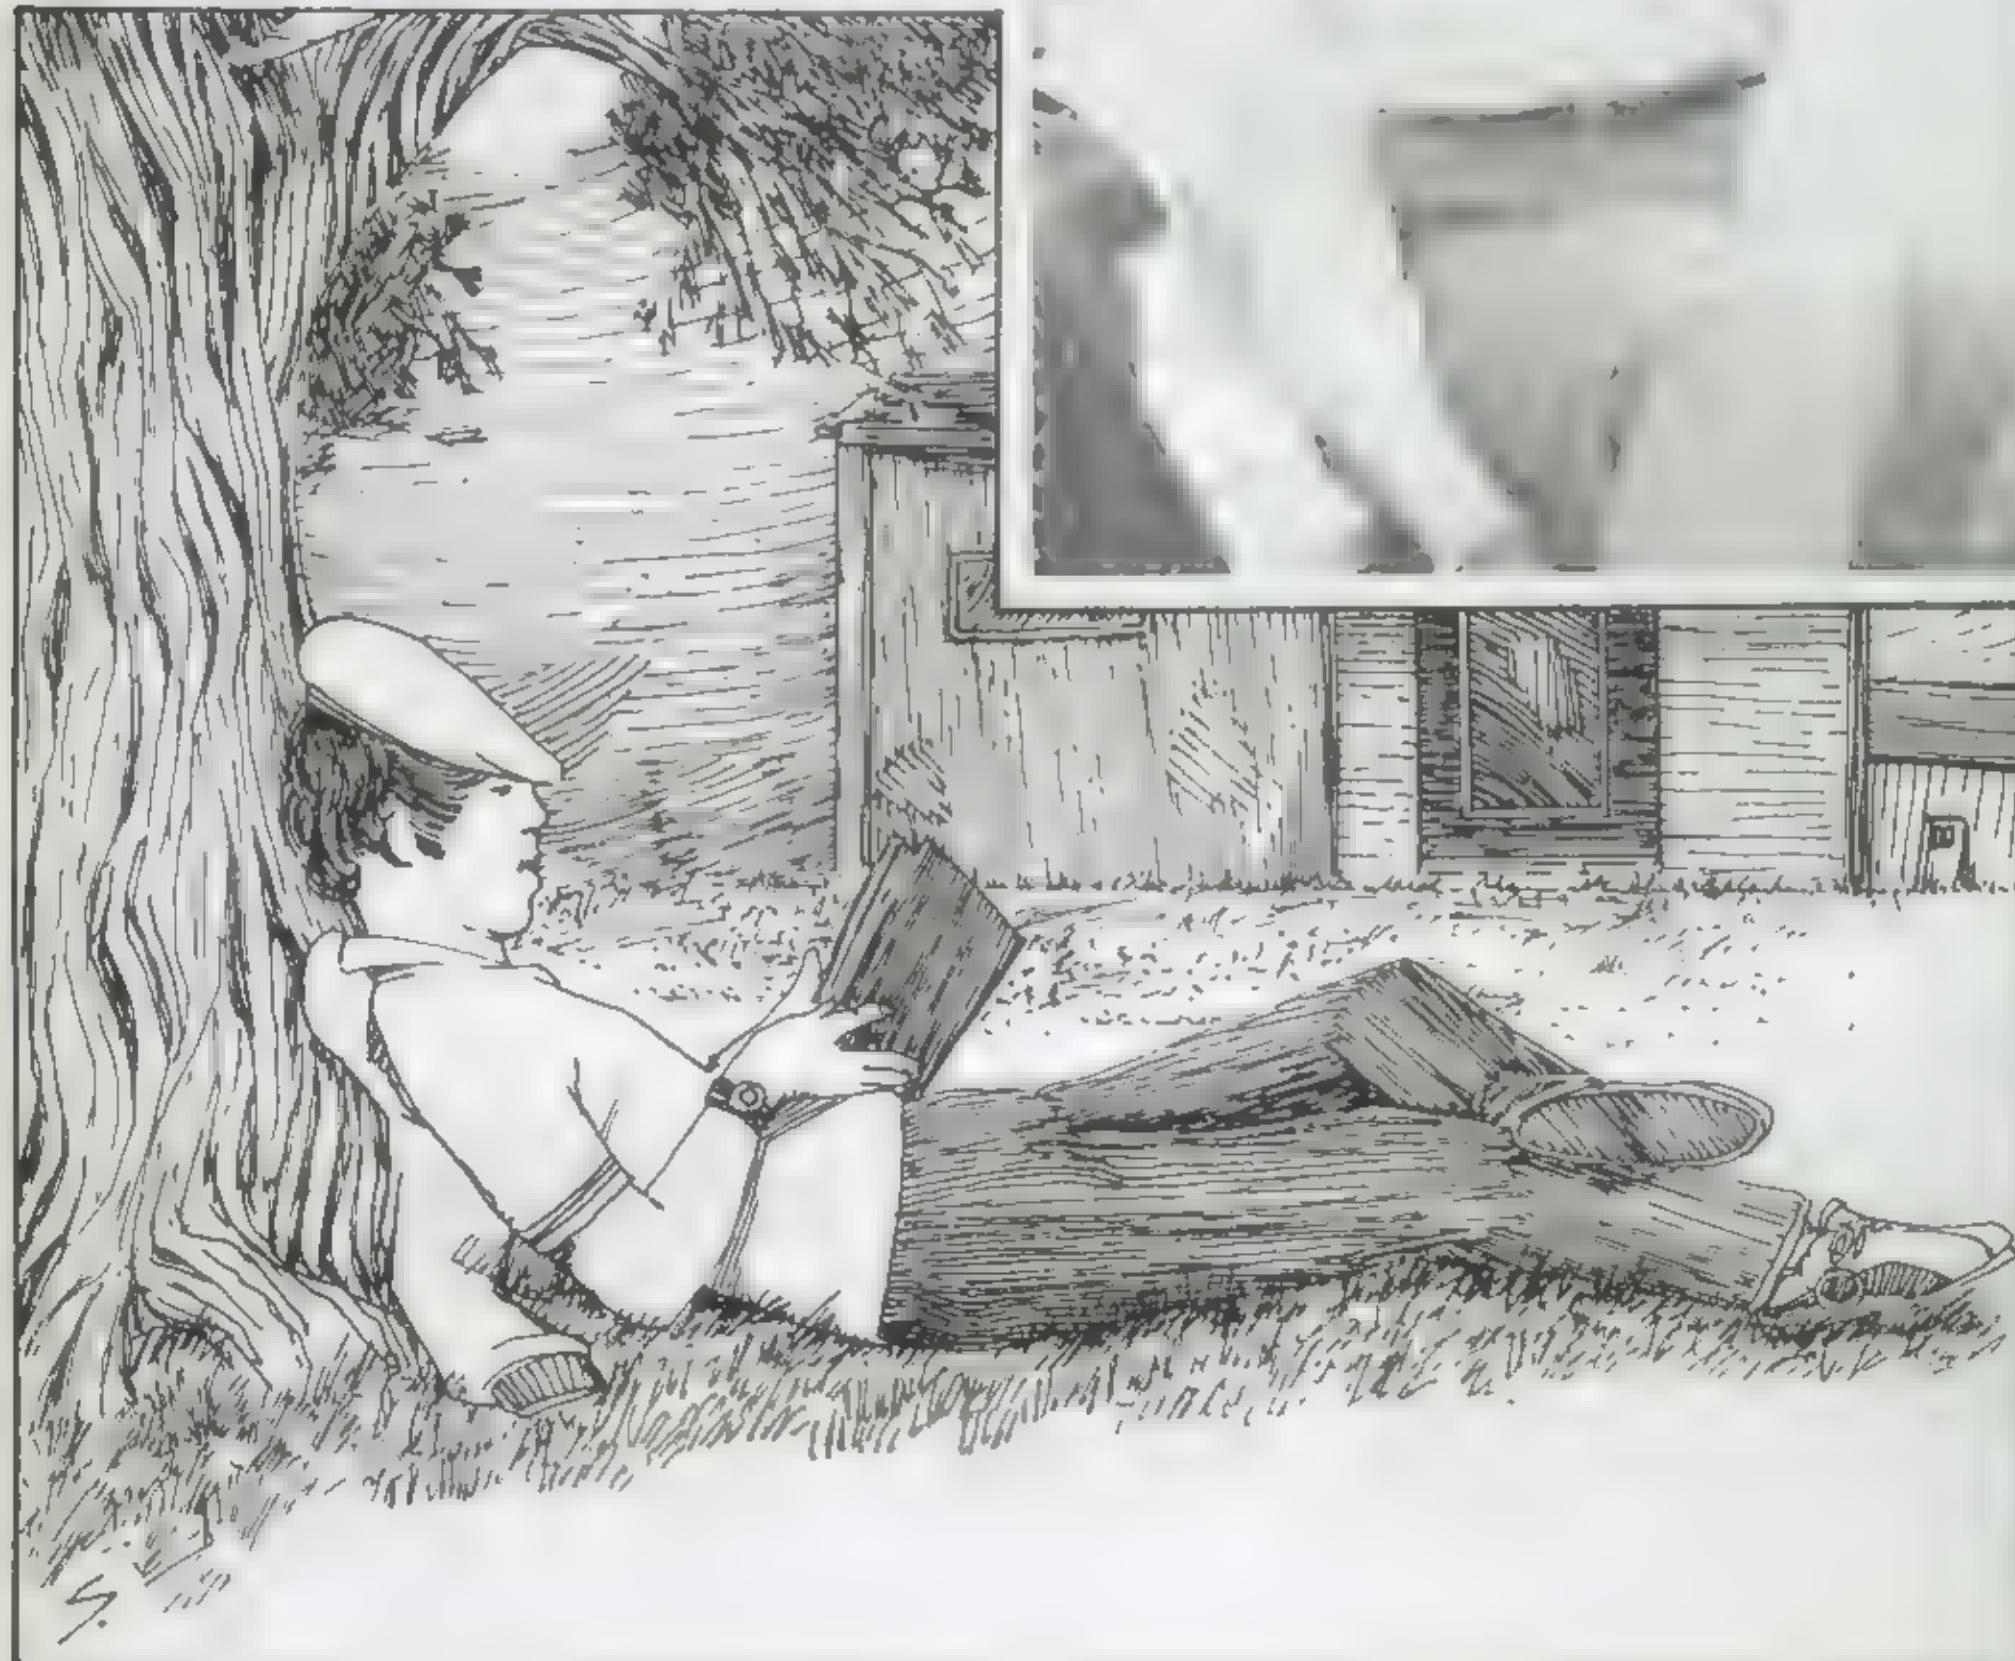

# The Competition

Spirit seemed to be in second place in the Juniors' lives this year. While the Freshmen competed with their "elders" in almost everything, the Juniors looked on with amusement. Yet, here and there, you could find a few exception to the rule.

Once in a great while, these upperclassmen had a particularly bad day, and took all their aggressions out on the young Freshmen, who, much to everyone's surprise, usually fought back. Well, maybe next year, when these students enter their Senior Year, they'll have more time for spirit and enthusiasm.

# Glimmering Brighter

*In a dark galaxy the sophomore class glowed. Their great sparkling magnitude shined throughout the high school universe. Each class was special-but the stars of our school were the brightest stars of all-and the sophomores glimmered brighter than they ever had before.*

(1) Tammy Kurnly listens to Norma Rae Navarro's secrets as Henry Legoretta listens in on them. (2) Fermin Razo out by the cafeteria. (3) Mr. Wong's first period class made a float for basketball, homecoming and Viki Vestal and Mitchell Vineyard got to pull it around the gym at the rally.

PHOTO CREDITS Tom Uber (1, 2, 3)

# Sophomores Stand Out

There is nothing like the shine on a startled girl's face when she turns around and is confronted with the stark lens of a camera. The range of emotions run anywhere from cherry-red to a 100 pound ham, and the types of people the camera photographs varies like the emotions. You'll find everything from shy freshmen to flamboyant seniors. A smile here, a smirk there, and the surprised-faces show off their colors again. This year's sophomore class is one of the most enthusiastic group of kids Watsonville High has seen in a long time.

(1) Eleazer Gomez and John Cameron stare into space (2) Joan Nelson smiles radiantly. (3) Taking a break, is Linda Flath. (4) Studying is a sophomore trait. (5) Jardiel Pinto leans out of the band room door (6) Mary Stepoovich, Ruth McCabe and Linda Allison wait in line at Catz Pause (7) Belinda Davalos is caught by the camera

# Registering: A New Way Around

On August 28, 1980 the new sophomore class came to WHS to register for their classes.

Since last year, when the computer didn't live up to our expectations, the old mill system was chosen. One week before registration everyone received an information packet concerning the details of this procedure. This was a new way around for the class of '83.

We had a better chance of getting the classes, teachers, and periods we wanted. In the end, everyone had nothing to complain about.

(1) Julie Martinez talks over her new classes with Jill Miller. (2) Tom Hewett makes a duplicate of his proposed program. (3) Lisa Gussenhoven asks Mr. Wong some questions about enrolling in his English class.

# Sophomores Whip It At Homecoming

This year's Football Homecoming Rally and Parade proved to be an almost new and definitely exciting event for the Sophomore class. Rules were changed: each class and club could choose their own theme. The class of '83 chose 'Whip It' as theirs, and portrayed it well, with Willy Wildcat whipping a Trojan Horse.

With one year of experience in float building behind them, the sophomores took a giant step forward on the float front; from fourth to Best Moving Part. Alice Nakatani, Doug Mori, and Libby McLachlan played a big part in the success of this float. They were diligent workers and could easily be found helping others. They helped spur sagging sophomore spirits to the goal of completion.

# Be A Star, Go To Class

Due to the new tardy system, many of the sophomores were forced to go to class on time. People who didn't think it was important to be on time their freshman year changed their minds this year. If you were late or missed class ten times there was even the possibility of suspension. This new policy upset the students at W.H.S. but they soon realized there was nothing they could do about it. Class was sometimes boring, often fun, usually busy, and maybe, occasionally interesting for this year's sophomores.

(1) Francis Nitao makes use of her time by using library facilities. (2) Taking notes during English class are Cindy Green and Angela Gomez. (3) Cathy Bushman finds time to daydream during Manzanita Class.

# Class Leaders Ignite Spirit

Thanks to our class officers and many others, our Sophomore year will be one to remember. Our Sophomore float was a great improvement over our Freshman float. Many Sophomores spent endless hours trying to finish it. One very devoted officer was our vice-president, Alice Nakatani. Alice tried to get everyone involved and interested. Debbie Franusich and Janine Chicourrat also involved themselves in school activities such as sports, and without previous experience Larry Florio handled his job as treasurer very well.

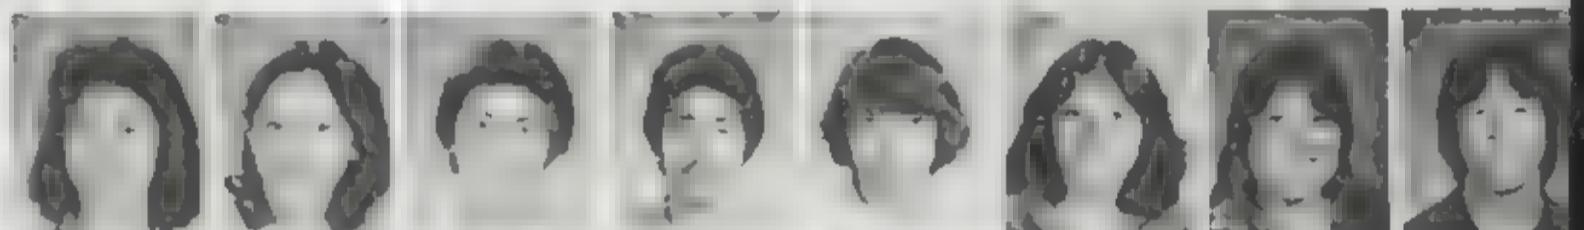

(1a) Janine Chicourrat, secretary. (2a) Larry Florio, treasurer. (3a) Debbie Franusich, president. (4a) Alice Nakatani, vice-president.

# *Look Into The Future*

Our sophomore year was one to remember. It will always bring back pleasant memories that we will want to hold onto for the rest of our lives. We end our year with great thoughts of the summer that lies ahead, and we look forward to our junior year. Once in awhile it's fine to look back, but don't forget to look into the future, for it holds many things

# A New Way To Cheer

From the Sophomore balcony, the entire W.H.S. gym can be seen. In the middle of the gym floor is our mascot, Willy the Wildcat. This is where our rallies take place. During each rally the Sophomore class spirit can be heard from one end of the gym to the other. One of our greatest goals is to get the entire class of 83 involved in the rallies and other extra-curricular activities.

(1) Sitting with the band is Craig Preston. (2) Enrique Martinez tries not to look at the camera, while Tom Carson does just the opposite. (3) Julie Barger and Henry Legorreta look on during the rallye. (4) Sophomores watch the Rallies with intense excitement. (5) The Sophomores aren't the only ones who get involved. (6) Diane Chavarria after the rallye. (7) Instead of going to the rallye, Shelly Rodgers spends her time working on the Manzanita.

# Star Gazers

As our Sophomore year came to a close, the thought of becoming Juniors was terrifying. But knowing that summer vacation was just around the corner seemed to ease our minds. Many changes would occur in the months to come. For most, an age change from 15 to 16 was great excitement. We would no longer be considered children but young adults. Getting a drivers license was the high point of what we looked forward to. In getting a license, there were many things that were layed on us. Responsibility was the biggest lesson that was to be learned.

# = Twinkle Twinkle Little Stars =

Freshmen entered this world in amazement-and they got lost in the busy run of school life. They fought their way through the year trying to keep up their grades and stand tall in crowds. So small in such a vast universe of big stars, the little stars twinkled through the busy night

**N** (1) Brian had no trouble becoming a star in this vast universe of big stars  
(2) Kevin McGuire - Vals bro- didn't let himself get lost in the busy run of school life by keeping up with his studies

# Leading Us Into The Future

In the Fall of 1980, the Freshmen class elected class officers for the year. Chosen to lead the class of "1984" were Kathy Campos: President; Teresa Moreno: Vice-President; Latural Dunn: Secretary; and Susan Prnjak: Treasurer. Aiding the new officers in their decisions was their class advisor, Mrs. Moutafian. One of the very successful projects headed by the class officers was the building of their award-winning float.

# Freshmen Faces

Watching the facial expressions of the students made it easy for us to catch the feelings and thoughts running through their minds. Sparkling eyes, bright smiles and evil grins left little doubt in the minds of those watching as to what was going on.

# Take It Step By Step

One of the most difficult things for freshmen this year is the change of their study habits. They went from easy junior high school classes into much more difficult high school classes. They were no longer in junior high and they soon started to realize that the pressure of school was greater than before. After one year at W.H.S., the class of "84" will be glad that they will be sophomores next year. But until then, they will keep working hard.

# Future Thinking

Seems like the Freshmen are thinking far into the future - what is it going to be like when next year comes along? Or maybe they are looking beyond that to their Junior year when they can finally drive. Or even perhaps they're thinking about being an almighty Senior when life really begins. But maybe they're just thinking about this coming weekend.

# A Change Of Life

For the Class of "84", the year of 1981 brought them their first taste of High School life. It was a tremendous step forward, as well as a great challenge. Along with High School comes many temptations which may pull someone in the wrong direction, but one of the most important parts of High School is going to class and learning. High School can bring out great changes in the students. And within the next four years, the freshmen will witness the becoming of adults and the leaving behind of their childhood.

*Lunch Time*

# A World Of Things To Do

There's always something to do during lunch, like talking to friends. Or maybe going to town and browsing around in stores. But whatever it is, lunch time is all worth the while. Being in class most of the day and studying can really tire a person out but when lunch time comes around everyone is ready to relax and have a good time.

## Three Cheers For Us

Rallies brought the most infrequently seen and least heard of classes: the freshmen with style and roaring spirit. Their contributions to the rallies are invaluable to the excitement of class competition. Their spirit and determination helped promote enthusiasm and made the rallies a little more exciting for all of us who attended them.

 (1) Freshmen class members look on passively. (2) Class officers ready to participate in events. (3) After rally, Patty Moonan awaits friends.

This year's Manzanita staff was no ordinary class. The pressures and responsibilities placed on them brought out the best in each of them. I certainly was no exception, since they continually referred to me as "Hitler" (which was not an easy name to live up to). Being editor has been a very pleasant and rewarding job; unfortunately, not an easy one. Nevertheless, we were able to overcome all the obstacles and present you with a solid, well designed yearbook. We are very proud of the 1961 Manzanita.

I am very proud to have been a member of the Manzanita staff for the past four years; two of them as your editor. It has also been a privilege working side by side with Miss Dorhmann and all the dedicated staff members. I would personally like to express my gratitude to Salvador Hernandez, who unselfishly donated so much of his time.

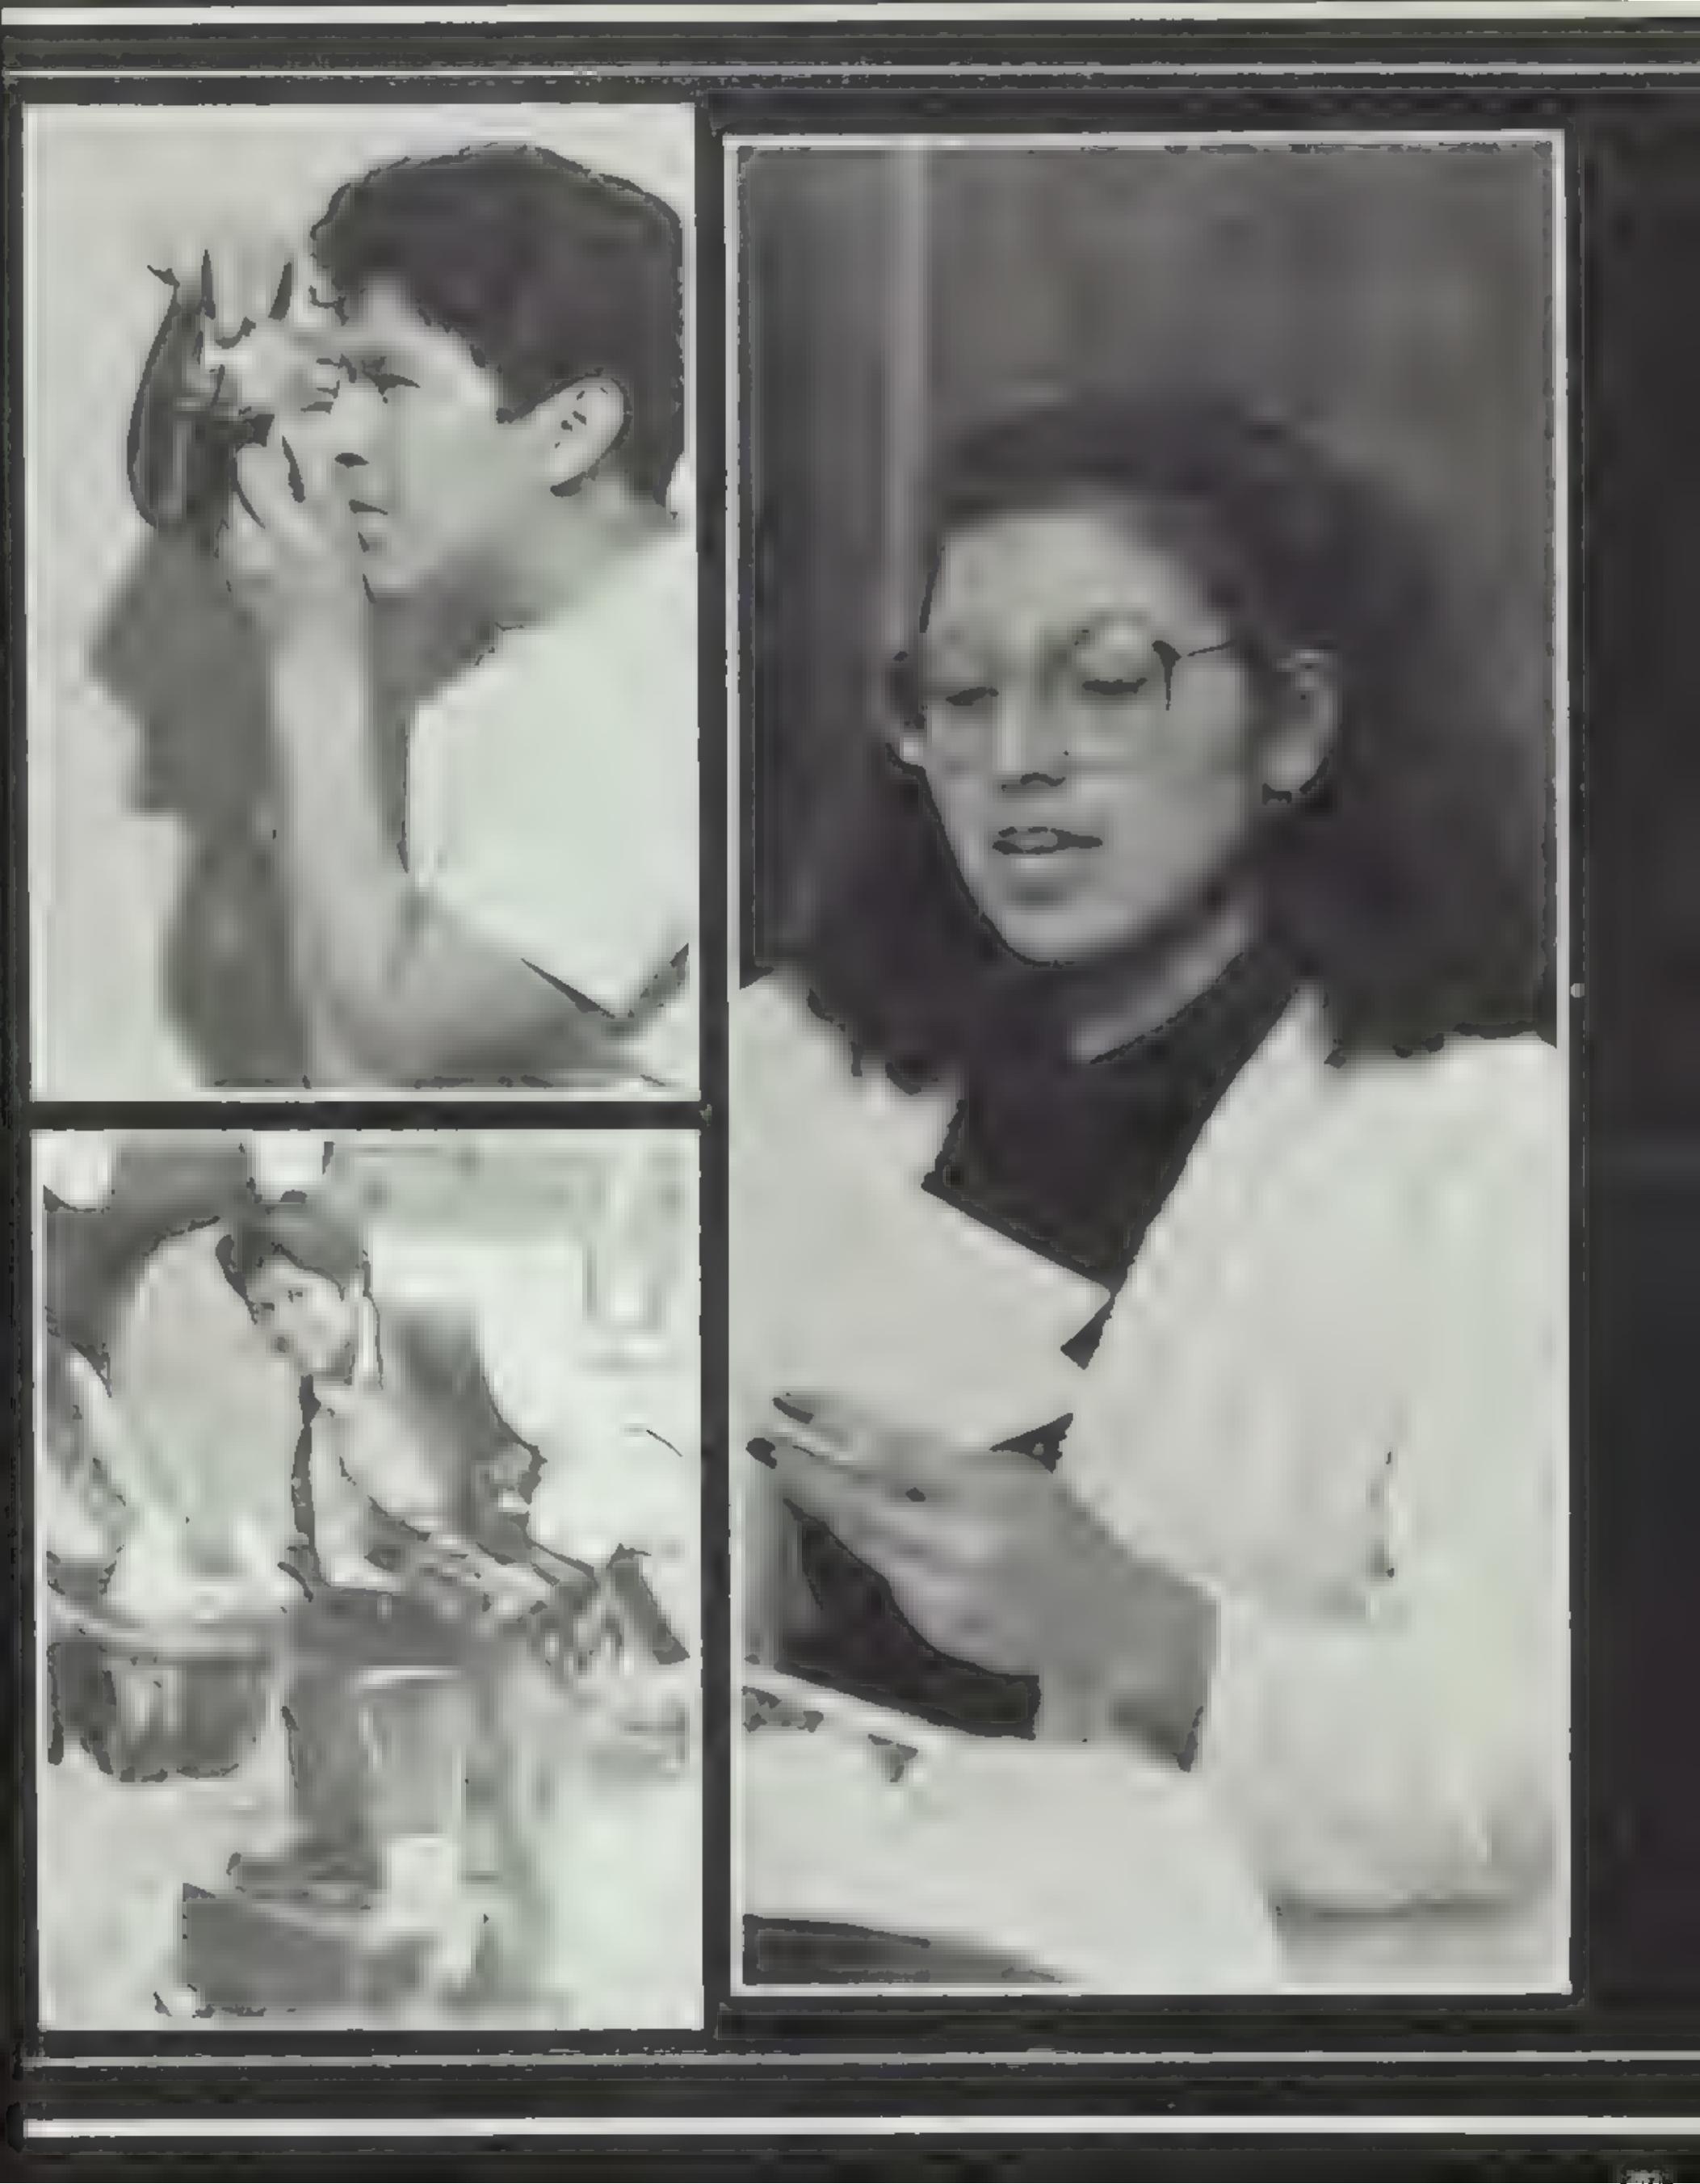

As my years at Watsonville High School come to an end, I bid you

farewell, but the memories will always remain -IN THE STARS!

Sincerely,  
Kellie Castillo  
1961 Manzanita Editor

(1) Manzanita Editor, Kellie Castillo, works very hard as usual; (2) Photographer, Sal Hernandez, is the greatest. (3) Telling as usual. (4) Sal is always looking for something new!

TO  
TOM:  
PRACTICE YOUR  
BIR-TONK USING  
ONE HUNKER INSTEAD  
OF TWO AND SO PRACTICE  
USING YOUR EXTRAP HIGH  
REGISTER KK-PSH LAC VK  
KK WITH HANGING AROUND OADDI  
GOOD LUCK!!  
YOUR FRIEND  
~~Pedro~~

TOM,  
Your  
type  
is the one unusual  
for the police now  
Say your future you  
Dennis V D Rees (M.E.)  
Your friend  
Matt Lewis

Tom (Spd),  
your a nice little spot n the  
bars. Watch out for  
riment position. And play  
that baritone for all that  
you with. Kk Caw and  
Jig Dance

Very  
funny  
met in  
hope to  
next year.

Barbara Smith
